

LANDSCAPE SERVICE SUB-COMMITTEE

Comprehensive Plan - "Agricultural Uses" Definition

Activities within land areas which are predominately used for the cultivation of crops and livestock including: cropland; pasture lands; orchards; vineyards; nurseries; ornamental horticulture areas; groves; confined feeding operations; specialty farms; and silviculture areas. (*Introduction and Administration Element*)

Current Unified Land Development Code (ULDC) - Landscape Service Use Definition

An establishment engaged in the provision of landscape maintenance or installation services, such as lawn mowing, tree, shrub or hedge trimming, leaf blowing, landscape design, and landscape installation. (*Art. 4.B.2.C.20.a*)

Mission Statement

- Continue to recognize the importance of nursery & landscape business in Palm Beach County.
- Continue to explore existing Comprehensive Plan and ULDC regulations to see if additional revisions can be recommended to the BCC

Objectives

1. Review existing Comp Plan/ ULDC provisions.
2. Ensuring "Plan & Codes do not allow what they do.
3. Come up with recommendations for plan or code changes.
