The Palm Beach County Administrative Variance Type 1-B Variance Public Meeting began at 9:05 am. Barbara Pinkston-Nau opened the meeting by giving a brief summary and introduction of the Type 1-B variances under the Administrative Variance Staff Public Meetings.

Barbara Pinkston-Nau explained the following: “For those of you who are not familiar with how staff conducts our business, the Agenda is divided in two parts, Consent and Regular Agenda. Items on the Consent Agenda are items that have been approved by staff, the applicant agrees with the conditions and there is no opposition from the public. If there is opposition from the public, or the applicant does not agree with the conditions, an item can be re-ordered to the Regular Agenda. If an item is on the Consent Agenda and remains on the Consent Agenda, the variance is approved and the applicant is free to leave, after receiving their result letter. The next part of the Agenda is the Regular Agenda, that consists of items that have been removed from Consent, or items that have opposition from the public, or the applicant does not agree with the conditions imposed by Staff. We begin with Staff’s presentation, Findings of Fact, and recommendation, followed by the owner’s presentation. We will then open the public portion of the meeting and hear from the public. If any information or documents presented to staff at the meeting from the public or the applicant provides additional
information that may affect the staff's decision, a 30-day postponement may be requested to allow staff time to review the new information”.
