I. EXECUTIVE BRIEF

Motion and Title: Staff recommends a motion to Adopt: AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF PALM BEACH COUNTY, FLORIDA, AMENDING THE UNIFIED LAND DEVELOPMENT CODE, ORDINANCE 03-067, AS AMENDED, AS RELATES TO AN INCLUSIONARY WORKFORCE HOUSING PROGRAM, AS FOLLOWS: **ARTICLE 1** - GENERAL PROVISIONS; CHAPTER I - DEFINITIONS AND ACRONYMS; **ARTICLE 2** - DEVELOPMENT REVIEW PROCESS; CHAPTER F – CONCURRENCY (ADEQUATE PUBLIC FACILITY STANDARD); **ARTICLE 3** - OVERLAYS & ZONING DISTRICTS; CHAPTER E - PLANNED DEVELOPMENT DISTRICTS (PDDS); **ARTICLE 5** - SUPPLEMENTARY STANDARDS; CHAPTER G - DENSITY BONUS PROGRAMS; **ARTICLE 7** - LANDSCAPING; CHAPTER F - PERIMETER BUFFER LANDSCAPE REQUIREMENTS; **ARTICLE 12** - TRAFFIC PERFORMANCE STANDARDS; CHAPTER H - AFFORDABLE HOUSING; PROVIDING FOR: INTERPRETATION OF CAPTIONS; REPEAL OF LAWS IN CONFLICT; SEVERABILITY; A SAVINGS CLAUSE; INCLUSION IN THE UNIFIED LAND DEVELOPMENT CODE; AND AN EFFECTIVE DATE.

Summary: Palm Beach County Comprehensive Plan Text Amendment Round 2006-01 includes amendments that establish a Mandatory Workforce Housing Program (WHP). The BCC transmittal hearing was held on April 5, 2006, and an adoption hearing was held on August 21, 2006. While an Interim Policy is in effect, additional Unified Land Development Code (ULDC) amendments are needed to formally implement the program while incorporating additional design related changes needed to address density bonus incentive provisions. ULDC amendments will enable the implementation of the Mandatory Program to coincide with the effective date for the Plan amendments. Key meeting and public hearing dates for these amendments have been incorporated below under the title Meetings. (Unincorporated, LB)

Background and Policy Issues: In response to the increasing lack of affordable housing opportunities for working class households in Palm Beach County, a Voluntary WHP was adopted in 2004 to encourage private development of work force housing units. At the time of adoption, the BCC also directed Planning staff to evaluate other methods to increase the stock of affordable/attainable housing, including the feasibility of a mandatory WHP. Background and Policy Issues: To obtain input on this direction, an informal committee was created, comprised of County staff, representatives of housing related non-profits, the home building industry, real estate interests, the business community and several municipalities, among others. Additionally, meetings were held with the Gold Coast Builders Association, Community and Economic Council, several homebuilders as well as private planning agencies servicing the home building industry. Pursuant to these meetings and due a need to mitigate an ever-worsening affordable housing crisis, the BCC directed PZ&B staff to begin the process to implement a Mandatory WHP Program. Additionally, in March of 2006 the BCC also directed staff to implement and interim Mandatory Workforce Housing Program. The BCC transmittal hearing for necessary Plan amendments was held on April 5, 2006, and an adoption hearing was held on August 21, 2006. The regulatory requirements contained in the proposed ULDC amendments are based on the Plan amendments, as well as the framework of the Interim Policy. In addition, the Department of Housing and Community Development has also commissioned an update to the PBC Affordable Housing Study. This Study is anticipated to be presented to the BCC on October 17, 2006 and will provide updated affordable housing needs projects for PBC.

Industry Input: Given that one of the key incentives of the Mandatory WHP is the provision of a 30percent density bonus, among other factors, staff recognizes a need to incorporate minor changes to some property development regulations (PDRs), as well as other related requirements such as open space limitations that may conflict with increased densities. Staff is proposing to expand the use of existing Traditional Neighborhood Development PDRs and design standards, which generally allow for greatly reduced lot sizes and improved community development design standards, among other incentives. However, staff readily recognized the need to proof all potential design scenarios and have conducted four industry meetings to obtain input from key Industry representatives to address potential concerns, and more importantly take into consideration any ideas or solutions.

Industry Meetings:

- *Monday, June 12, 2006:* The meeting was held from 9:00 a.m. to 11:30 a.m., with Zoning staff providing a brief introduction to the WHP; outlining a two phase approach to amending the ULDC (Phase I incorporating mandatory WHP and minor design related amendments [October 2006], and Phase II which will involve a comprehensive review of the ULDC to possibly incorporate form based, smart growth and other flexible design regulations [2007]); clarifying intent to solicit industry input on ULDC amendments needed to address design limitations associated with the density bonus incentive; and, outlining Zoning staff concepts to address issue. A total of 62 combined Zoning and industry comments and suggestions were discussed.
- *Tuesday, June 27, 2006:* This meeting was held from 1:00 p.m. to 4:00 pm. and served as a follow up to the June 12, 2006 meeting. Staff reiterated that the purpose and intent was primarily intended to focus on design issues associated with density bonus incentives, as well as the need for written backup or documentation to justify any examples being suggested by industry. A summary table of both staff and industry comments was provided, that included a breakdown, or phasing, of when some amendments or suggestions could be incorporated: Phase I would coincide with the ULDC amendments to implement the Plan requirement for an Inclusionary WHP, while Phase II would be undertaken in conjunction with a Smart Growth Initiative proposed for 2007. Additional notations, or use of the term Pending, was included where Planning and Zoning staff did not have authority to address comments and additional Department involvement would be required.
- **Thursday, August 10, 2006:** This meeting was held from 2:00 p.m. to 4:00 p.m. (extended to 5:00 p.m.) as a continued follow up of the June 27, 2006 meeting, with additional Engineering staff in attendance to enable industry and staff to focus on Engineering related issues raised by industry. While there was tentative agreement on some issues, additional supporting documentation or examples are still required from industry, and pending the submittal of such, additional time for staff to review and ascertain the feasibility, and in many cases public welfare and safety issues, related to industry recommendations.
- *Friday, September 1, 2006:* Pursuant to August 23, 2006 BCC direction, staff met with industry to reconcile several remaining items, including agreed upon compromises for PDD performance standards.

Background and Policy Issues (continued from Page 3)

SEPTEMBER 13, 2006 LDRAB/LDRC: The proposed Code Amendments were submitted for review to the Land Development Regulation Advisory Board (LDRAB) and Land Development Regulation Commission (LDRC) on September 13, 2006. All proposed ULDC amendments were found to be consistent with the Plan.

SEPTEMBER 26, 2006 BCC ZONING HEARING: On September 26, 2006, the BCC approved (5-2) the request to approve the Workforce Housing Program Ordinance, as amended, on Preliminary Reading and to advertise for 1st Public Hearing, on Tuesday, October 17, 2006. Amendments included, the following:

- Revise the percentage of required WHP units to 6 % for Standard Density (originally 7%); 20 % for PDD Density (originally 25%); and, 40 % for the Density Bonus (originally 50%).
- Make the maximum buy out option cost no more than \$81,500 (originally \$90,000).

OCTOBER 17, 2006 BCC PUBLIC HEARING: On October 17, 2006, the BCC approved (7-0) motion to approve on first reading and advertise for adoption hearing on November 21, 2006.

NOVEMBER 21, 2006 BCC ADOPTION HEARING: A minor change is required to Exhibit A, Part 7, of the Ordinance, amending Art. 12.H.6, Workforce Housing [Related to Traffic Performance Standards] to address input received from the League of Cities, which has been attached herein by memo dated November 1, 2006.

5 WHEREAS, in order to increase the supply of affordable housing opportunities, and to 6 prevent further irrevocable harm of allowing residential development to continue without 7 mandatory regulations, the Board of County Commissioners hereby amends the Unified Land 8 Development Code to provide inclusionary zoning, which shall be known as the Workforce 9 Housing Program; and

WHEREAS, the County Commission finds that establishing the Workforce Housing Program
is a valid exercise of its police powers and serves a compelling public purpose; and

WHEREAS, the Workforce Housing Program is the product of participation by the public in
general and the regulated community in particular, as well as advice from the Palm Beach
County Land Development Regulation Advisory Board; and

WHEREAS, the Land Development Regulation Commission has found these amendments
to the ULDC to be consistent with the Palm Beach County Comprehensive Plan; and

WHEREAS, the BCC hereby elects to conduct its public hearings on this Ordinance at 10:30
a.m.; and

WHEREAS, the BCC has conducted this public hearing to consider these amendments to
the ULDC in a manner consistent with the requirements set forth in Section 125.66, Florida

Unless revoked by the BCC or the ZC reservation is valid for the life of a specific development order pursuant to Article 2.F, CONCURRENCY, or shall expire one year from the date of issuance of the reservation, whichever is applicable. If the Concurrency Reservation was based upon a converted WHP Traffic Concurrency Hall Pass, then the Reservation shall be valid for one year from the date of issuance of the Traffic Concurrency Hall Pass Certificate or for the life of the specific Development Order pursuant to Art 2.F. whichever is applicable.
