### Minutes of August 22, 2012 Meeting

On Wednesday, August 22, 2012 the Palm Beach County Land Development Regulation Advisory Board (LDRAB), met in the Kenneth S. Rogers Hearing Room, (VC-1W-47), at 2300 North Jog Road, West Palm Beach, Florida.

### A. Call to Order/Convene as LDRAB

### 1. Roll Call

Chair Wes Blackman called the meeting to order at 2:07 p.m. Zona Case, Code Revision Zoning Technician, called the roll.

### **Members Present: 11**

Joanne Davis (District 1) Lori Vinikoor (District 5) Michael Zimmerman (District 6)

Martin Klein (District 7)
Raymond Puzzitiello (Gold Coast Builders Assoc.)
Terrence Bailey (Florida Engineering Society)

Jerome Baumoehl (AIA)

Frank Gulisano (PBC Board of Realtors)
Gary Rayman (Fl. Surveying & Mapping Society)
Maurice Jacobson (Condominium Association) \*

Wesley Blackman (PBC Planning Congress)

### Vacancies: 2

Vacant (Assoc. General Contractors of America) Vacant (Member At Large, Alternate)

### **Members Absent: 6**

David Carpenter (District 2)
Barbara Katz (District 3)
Jim Knight (District 4)
Joni Brinkman (League of Cities)
Rosa Durando (Environmental Organization)
Leo Plevy (Member at Large, Alternate)

### **County Staff Present:**

Leonard Berger, Assistant County Attorney
Joanne Koerner, Land Development Director
William Cross, Principal Site Planner, Zoning
Kenny Wilson, Health, Environment Specialist III
Monica Cantor, Senior Site Planner, Zoning
John Rupertus, Senior Planner, Planning
David Nearing, Site Planner I, Zoning
Zona Case, Zoning Technician, Zoning

### 2. Additions, Substitutions, and Deletions

Mr. Blackman noted the presentation of an add/delete item which deleted Exhibit G, Article 13, Impact Fees, from the Agenda.

### 3. Motion to Adopt Agenda

Motion to adopt agenda and add/delete by Ms. Vinikoor, seconded by Mr. Puzzitiello. The motion passed  $(10 - 0^*)$ .

### 4. Adoption of June 13, 2012 Minutes (Exhibit A)

Motion to adopt by Mr. Klein, seconded by Ms. Vinikoor. The motion passed (10 - 0\*).

### **B. WORK PLAN**

### 1. LDRAB Meetings

Ms. Cantor noted the LDRAB meeting dates for the remainder of 2012.

### 2. Summary of Amendments

Ms. Cantor addressed the Memorandum dated July 6, 2012 from the Zoning Director to the BCC, which listed amendment topics proposed for Round 2012-02. She made particular reference to the Use Regulations Project which was being adjusted to allow for enhanced coordination with the Planning Division.

Additionally Mr. Cross commented briefly on the status key topics as follows:

- Internet Cafe Moratorium per BCC direction, Zoning will be meeting with the Intergovernmental Plan Amendment Review Committee (IPARC) to ascertain if other municipalities might want to collaborate with the County in developing regulations.
- The Pot Bellied Pigs Workshop at the BCC which was scheduled for August 21, 2012 was postponed.
- Recycling Drop-off Bins Per Board direction a workshop will be held on September 25, 2012 to address the issue. Amendments may come before this Board in October.
- In response to an inquiry from the Board related to the Livestock Keeping amendments discussed at the July LDRAB meeting, Mr. Cross advised that PZ&B staff had discussed the issue in additional public meetings. The proposed amendments, with minor revisions will go before the BCC for adoption on August 23, 2012.

### 3. Subcommittees

A subcommittee meeting will be held in the near future for the Use Regulations Project. There are no other sub-committees active at this time.

\* Mr. Jacobson arrives at 2:15 p.m.

### **EXHIBIT A**

# PALM BEACH COUNTY LAND DEVELOPMENT REGULATION ADVISORY BOARD (LDRAB)

### Minutes of August 22, 2012 Meeting

### **C. ULDC AMENDMENTS**

### 1. Exhibit D AGR PUD Perimeter Buffer Width Reductions

Mr. Cross explained that after thorough discussions with industry on this topic, it was determined that a perimeter buffer width of 50 feet is not necessary between the development area of an AGR PUD and a 100 feet Rural Parkway. He noted that several Variances had been granted for this very situation to allow for a 15 foot buffer.

Motion to adopt by Mr. Puzzitiello, seconded by Mr. Klein. The motion passed (10 - 1). Mr. Baumoehl voted nay.

### 2. Exhibit E, Article 6, Parking

Ms. Cantor clarified this provision exists applicable to Planned Unit Development (PUD) and the amendment includes other similar subdivisions with Home Owner Association (HOA) or similar. She explained that this amendment allows a maximum of 25 percent of the required recreational parking spaces to accommodate golf cart parking and to reduce such spaces to the minimum dimensions consistent with Low Speed Electric Vehicles (LSEV).

Mr. Bailey inquired whether an analysis of the 25 percent reduction was done, opining that there might be parking conflicts.

Ms. Cantor clarified the percentage is a maximum allowed and it is up to the developer or HOA to determine the needs of community. Mr. Cross clarified that if there is any conflict related to the standard vehicle parking and the reduced parking spaces, the DRO will address it at time of site plan review.

Motion to adopt by Mr. Puzzitiello, seconded by Mr. Klein. The motion passed (10 - 1). Mr. Baumoehl voted nay.

### 3. Exhibit F - Article 11, Subdivision, Platting, and Required Improvements

Ms. Koerner explained that the changes to text in this Exhibit were mainly for clarification of existing code language related to Plats, update use of diameter and material of storm sewerage pipes, utility easements locations, and preservation area access in AGR PUD.

Motion to adopt by Mr. Klein, seconded by Mr. Jacobson. The motion passed (11 - 0).

### 4. Exhibit G - Article 13, Impact Fees

The Exhibit was withdrawn per the add/delete presented.

### 5. Exhibit H - Article 15, Health Regulations

Mr. Wilson explained that the proposed changes are mainly for compliance with State Statutes related to onsite sewage system flows, appeals and fire hydrant maintenance and fire flow testing to be reported to the local fire department or local water utility instead of the Health Department.

Motion to adopt by Ms. Vinikoor, seconded by Mr. Klein. The motion passed (11 - 0).

### D. PUBLIC COMMENTS

There were no public comments.

### **E. STAFF COMMENTS**

There were no staff comments.

### F. ADJOURN

The Land Development Regulation Advisory Board meeting adjourned at 2:35 p.m.

Recorded tapes of all LDRAB meeting are kept on file in the Palm Beach County Zoning/Code Revision office and can be requested by contacting the Code Revision Section at (561) 233-5213.

ULDC Art. 1.F.3.D.4.b, Use Regulations [Related to the Repair, Reconstruction, Part 1. Restoration, or Alteration of a Structure within Airport Zone] (page 22 of 119), is hereby amended as follows:

Reason for amendments: [Zoning] Repair, reconstruction, restoration or alterations of nonconforming structures within airport zone are allowed to be improved by certain percentage of the value placed on the structure. This amendment replaced the term "assessed value" with "improvement value" which is the appropriate term to reflect the value of the building for consistency with the Palm Beach County Property Appraiser.

#### **CHAPTER F NONCONFORMITIES** 6

#### Section 3 **Nonconforming Structure**

- D. Uses and Structures within an Airport Zone
  - Repair, Reconstruction, Restoration, or Alteration of a Structure
    - **Use Regulations**

Any permits to substantially alter, repair, restore, reconstruct, or rebuild a structure supporting a non-conforming use shall comply with Art. 16.C.1.E, General Land Use Regulations Off-Airport Land Use Compatibility Schedule. In such cases, the entire building or structure shall be brought into conformance with these requirements. For the purposes of this Article, substantially alter shall mean: [Ord. 2010-005]

- 1) the structure is more than 80 percent torn down, destroyed, deteriorated, or decayed; or [Ord. 2010-005]
- 2) the cost of repair, reconstruction or restoration exceeds 80 percent of the assessed Improvement Value value of the existing building or structure; or [Ord. 2010-005]
- the non-structural alterations or repairs exceed 50 percent of the ass Improvement Value value of the existing building or structure. [Ord. 2010-005] If the structure does not meet these criteria, then only the new construction, alteration or

repair shall be subject to the requirements of Art. 16, Airport Regulations. [Ord. 2010-005]

Part 2. ULDC Art. 1.I.2, Definitions (page 66, 90, 104 and 111 of 119), is hereby amended as

Reason for amendments: [Zoning] 1) Clarify definition of Improvement Value by indicating that relates to the most recent value placed by the Property Appraiser on a structure; and 2) Delete reference to the definition of improvement which applies exclusively to Article 9, Archaeological and Historic Preservation from the Improvement Value definition.

### **CHAPTER I DEFINITIONS & ACRONYMS**

#### Section 2 **Definitions**

- Terms defined herein or referenced Article shall have the following meanings:
  - 5. **Improvement -** for the purposes of Art. 9, any building, structure, fence, gate, wall, walkway, parking facility, light fixture, bench, foundation, sign, work of art, earthworks, sidewalk, or other man-made objects constituting a physical change or betterment of real property, or any part thereof.
  - 7. Improvement Value For the purposes of Article 1 and Article 5, E and Article 1.F, Improvement Value means the most recent a value placed on a structure and shall be determined by the PBC Property Appraiser. Also s Improvement. [Ord. 2010-005]

### **EXHIBIT B**

### **IMPROVEMENT VALUE** SUMMARY OF AMENDMENTS

(Updated 10/9/12)

Reason for amendments: [Zoning] Different thresholds to the value placed on a building are used through the Code to determine what kind of improvement is going to take place on a structure.

This amendment replaced the term "assessed value" with "improvement value" in order to be consistent with the appropriate use of the term by the Palm Beach County Property Appraiser which applies directly to structures or buildings while assessed value relates mainly to the taxable value of a property which includes cost of structures and land.

2 3 4

R. Terms defined herein or referenced Article shall have the following meanings:

S. Terms defined herein or referenced Article shall have the following meanings:

6. Rebuild or Reconstruct - replacement or rehabilitation of a structure due to damage or proposed modification in excess of 30 percent of its' original assessed Improvement Value

14

127. Substantial Renovation - for the purposes of Art. 5, any expansion, alteration, renovation,

addition, redevelopment, or similar improvement to an existing building that exceeds 75 percent of the assessed Improvement Value value of the building, as indicated in the latest official PBC Property Appraiser's records.

Reason for amendments: [Zoning] 1) Deletes duplicated definition already used under Improvement Value definition.

46

47

48

49

50

V. Terms defined herein or referenced Article shall have the following meanings:

Value -

- a. For the purposes of Art. 1, the most recent PBC Property Appraiser's <u>improvement value of the structure.</u>
- For the purposes of Art. 13, in the case of land, the appraised value as determined by an appraiser from a list of approved appraisers of Palm Beach County. In the case of improvements to real property or chattel, it means the actual cost to the feepayer or developer of such improvements or chattel. In all cases, the values shall be established in or as if in an arm's length, bona fide transaction in a competitive market between a willing seller and a willing buyer, neither of whom are under any special circumstances, as approved by the Impact Fee Coordinator based upon the standards in Art. 13, Impact Fees. If the Impact Fee Coordinator rejects an appraised value, the Impact Fee Coordinator may obtain another appraisal using an appraiser from the approved list, in which case that appraisal shall prevail.

ULDC Art. 5.B.1.A.18.a.2)a), Exemptions [Related to Permanent Generators used in Part 3. Type II and II CLF, Club Houses and Nursing or Convalescent Facilities](page 25 of 92), is hereby amended as follows:

Reason for amendments: [Zoning] When the Code refers to improvement value of a structure it relates to the Palm Beach County Property Appraiser's value assigned to a building. For consistency with Article 1, General Provisions and thresholds applicable to improvements of existing structures, the term assessed valued is changed to improvement value to reflect consistency between definitions and used of the term through the Code.

#### CHAPTER B **ACCESSORY AND TEMPORARY USES**

#### Section 1 **Supplementary Regulations**

- A. Accessory Uses and Structures
  - 18. Permanent Generators
    - **Applicability**

2) Type II and III CLF, Club Houses and Nursing or Convalescent Facility A permanent emergency generator shall be required for all Type II and III CLFs, Nursing or Convalescent Facilities, and PDD or TDD clubhouses 20,000 square feet, or greater. [Ord. 2006-004] [Ord. 2007-013]

a) Exemptions

(1) Developments that have a BCC or DRO approved plan that graphically indicates a clubhouse(s) shall be exempt from the generator requirement except for projects that exceed 75 percent or more of the assessed Improvement Value value as stated below. [Ord. 2007-013]

### Notes:

Italicized indicates text to be relocated. Source is noted in bolded brackets [Relocated from: ].

### **EXHIBIT B**

## IMPROVEMENT VALUE SUMMARY OF AMENDMENTS

(Updated 10/9/12)

(2) Renovations or additions that do not exceed 75 percent or more of the Improvement Value may be exempt from these requirements. [Ord. 2007-013] [Ord. 2011-016]

....

Part 4. ULDC Art. 5.H.2.A, Modifications of Previous Approvals (page 87 of 92), is hereby amended as follows:

**Reason for amendments:** [Zoning/Palm Tran] Amend to reflect correct term applicable to the improvement of structures as it is defined and used by the PBC Property Appraiser.

### CHAPTER H MASS TRANSIT STANDARDS

### Section 2 Applicability and Standards

The standards of this Chapter shall apply to all residential and non-residential development or redevelopment in unincorporated PBC, as follows: **[Ord. 2008-003]** 

### A. Modifications to Previous Approvals

Modifications to previous approvals shall comply with this Chapter for un-built projects without an approved DRO plan, or to the greatest extent possible in the affected area without the loss of density, intensity or parking, for un-built projects with a DRO approved plan, built projects that have constructed less than eighty percent of approved density or intensity, structural renovations in excess of 75 percent or more of the current assessed Improvement Value value of the structure, and parking lot alternations or additions. [Ord. 2008-003]

# HISTORIC RESOURCES REVIEW BOARD (HRRB) TERMS SUMMARY OF AMENDMENTS

(Updated 9/17/12)

2 3 4

Part 1. ULDC Art.2.G.3.H.3.c, Terms of Office [Related to Historic Resources Review Board membership) (page 78 of 88), is hereby amended as follows:

**Reason for amendments:** [Planning] Due to the need for specialized expertise in the membership of the Historic Resources Review Board (HRRB) (i.e., archaeologists, historic architects, historians, architectural historians, etc.), the Planning Director is requesting to delete the restriction on reappointment to allow for members to serve multiple successive terms if warranted.

### 5 CHAPTER G DECISION MAKING BODIES

### Section 3 APPOINTED BODIES

- H. Historic Resources Review Board
  - 3. Board Membership
    - c. Terms of Office

Each appointment shall be made for a term of three years. Any member may be reappointed for one successive term upon approval of the BCC as provided for herein.

# FUNERAL HOMES AND CREMATORIES SUMMARY OF AMENDMENTS

(Updated 10/17/12)

2 3 4

# Part 1. ULDC Art. 1.I.2, Definitions & Acronyms (pages 46, 51 and 61 of 119), is hereby amended as follows:

**Reason for amendments:** [Zoning] To revise the definitions for: 1) Cemetery, to clarify that there are other means of laying a deceased to rest other than burial, including being interred in a mausoleum or cremated and placed in a columbarium, and to omit crematories as a use automatically associated as accessory with a cemetery; 2) to create a definition for Crematory; and, 3) to clarify that funeral homes are to prepare animal or human remains for interment, as all are not buried.

### CHAPTER I DEFINITIONS & ACRONYMS

### Section 2 Definitions

7 8 9

10

11

5

6

C. Terms defined herein or referenced Article shall have the following meanings:

21. **Cemetery** - land used or intended to be used for human or animal <u>burial\_interment</u>. A cemetery may include an office, chapel, mausoleum, *or* columbarium <u>or crematory</u>. **[Ord. 2013-...]** 

113.Crematory – a facility used for the incineration of human or animal remains, excluding activities related to funeral homes. [Ord. 2013-...]

[Renumber accordingly.]

20

21

22

27

F. Terms defined herein or referenced Article shall have the following meanings:

...

63. **Funeral Home** - an establishment which arranges and manages funerals and prepares the human or animal remains deceased for burial interment, excluding cremation.

[Ord. 2013-...]

...

### Part 2. ULDC Table 3.B.16.E., PRA Use Matrix (page 87 of 229), is hereby amended as follows:

Reason for amendments: [Zoning] 1) Clarify that crematories are to be the subject of a separate approval process as a Class A Conditional Use in the UC and UI sub-zones, whether they are collocated with another use, such as a funeral home, or as a separate use. This amendment will ensure that adjacent property owners shall be informed of any proposal for a use with potential for real or perceived physiological or psychological impacts; and, 2) current language states that funeral homes without a crematory may be permitted through review by the DRO without a Class A Conditional Use. Since crematories can no longer be an accessory use to a funeral home, and will now require a separate approval as a Conditional Use, the table is being revised to reflect that funeral homes can now be approved by the DRO.

28

### **EXHIBIT E**

## FUNERAL HOMES AND CREMATORIES SUMMARY OF AMENDMENTS

(Updated 10/17/12)

### Part 3. ULDC Table 3.E.1.B, PDD Use Matrix (page 141 of 229), is hereby amended as follows:

**Reason for amendments:** [Zoning] 1) To clarify that crematories are a separate use subject to review as a Class A Conditional Use whether they are collocated with another use, such as a funeral home, or approved separately. This amendment will ensure that adjacent property owners shall be informed of any proposal for a use with potential for real or perceived physiological or psychological impacts; and, 2) To expand the locations where crematories may be permitted as a Requested Use to include the Industrial Pods of MUPD's, due to the compatibility of cremation with other uses taking place in these areas.

### Part 4. ULDC Table 4.A.3.A - Use Matrix (page 13 of 171), is hereby amended as follows:

Reason for amendments: [Zoning] To clarify that: 1) Crematories are a separate use from cemeteries and funeral homes, requiring a separate Class A Conditional Use approval; 2) Should collocation with a cemetery or funeral home be desired, this amendment will ensure that adjacent property owners shall be informed of any proposal for a use with potential for real or perceived physiological or psychological impacts; and, 3) Permits crematories as a Class A Conditional Use in the IG and PO zones, as the use is compatible with other uses currently permitted in these districts, with limitations in Industrial districts.

## Part 5. ULDC Art.4.B.1.A.59, Funeral Home (page 40 of 171), is hereby amended as follows:

Reason for amendments: [Zoning] 1) To clarify that there are other means of laying a deceased to rest than through burial; 2) To establish supplemental regulations for the development of a crematory as a principal use, which is to be approved as a Conditional Use by the Board of County Commissioners; 3) stipulates that cemeteries in the RM district can have a funeral home or crematory approved through the Conditional Use process, provided the use of these facilities is limited to those to be interred within the cemetery; and, 4) Permits pet cemeteries as a Class A Conditional Use in the IPF district, to accommodate an existing pet cemetery located at the Tri-County Humane Society currently.

### CHAPTER B SUPPLEMENTARY USE STANDARDS

### Section 1 Uses

### A. Definitions and Supplementary Standards for Specific Uses

### 27. Cemetery

Land used or intended to be used for human or animal <u>burial\_interment</u>. A cemetery may include an office, chapel, mausoleum, *or* columbarium <u>or crematory</u>.

### a. Frontage

In all residential districts, a cemetery shall have frontage on and access from an arterial or a collector street.

### b. Lot Size

In accordance with F.S. §497.027, a cemetery for human burial interment shall be located on a site with a minimum contiguous area of 15 acres.

#### Part 6. ULDC Art.4.B.1.A.59, Funeral Home (page 56 of 171), is hereby amended as follows:

Reason for amendments: [Zoning] 1) Establish separate standards for crematory. See prior Parts for permitted locations and approval processes; and, 2) Clarify that a crematory facility shall not include activities classified under funeral home, unless located in a district where a funeral home may be approved (this shall not be misconstrued to imply that a funeral home will be permitted in a district where the use is not permitted within the Use Matrices)

#### SUPPLEMENTARY USE STANDARDS 13 **CHAPTER B**

#### 14 Section 1 Uses

#### 59.**1**. **Funeral Home**

An establishment which arranges and manages funerals and prepares the human or animal remains deceased for burial interment, excluding cremation.

### CG, IL and MUPD Districts

A funeral home may include a crematorium located within the principal building.

### ab. IL or IG District

A funeral home shall be limited to the preparation for interment an embalming service. No public observances, sermons or funerals shall be permitted.

### **UC and UI Districts DRO Approval**

A funeral home without a crematory may be approved by the DRO. [Ord. 2011-016] [Ord. 2013-...]

### **Crematory**

A facility used for the incineration of human or animal remains, excluding activities related to funeral homes

### a. Equipment Location

Crematory equipment shall be located within a fully enclosed building.

### **Services Prohibited**

Services such as public observances, sermons or other similar activities shall be prohibited, unless collocated with an approved funeral home. [Ord. 2013-...]

39

40

41 42

43 44

45

46

47 48

49

50

**Reason for amendments:** [Zoning] 1) Clarify that standards for Recreation Facility apply to Neighborhood, meaning that they are intended to serve limited population; and, 2) Relocate PDRs for outdoor recreation uses and consolidate with standards for pools, spas and tennis courts in existing Section renamed "Outdoor Recreation Amenities."

### CHAPTER B ACCESSORY AND TEMPORARY USES

### Section 1 Supplementary Regulations

### A. Accessory Uses and Structures

9. Neighborhood Recreation Facility

A non-profit facility designed and intended for <u>recreational</u> use by occupants of a residential development or subdivision owned and operated by a POA or equivalent. Recreation facilities shall be subject to the following standards: **[Ord. 2011-001]** 

a. Property Development Regulations (PDRs)

- 1) PDRs shall be in accordance with the standards for a recreation pod in Table 3.E.2.D, PUD Property Development Regulations. **[Ord. 2011-001]**
- 2) PDRs for outdoor recreation amenities shall be in accordance with Art. 5.B.1.A.10, Outdoor Recreation Amenities.

  Outdoor recreational facilities, including but not limited to: basketball courts, tennis courts, playgrounds and tot lots shall be setback a minimum of 50 feet from any residential property line, unless stated otherwise herein. [Relocated to next Section, renamed Art. 5.B.1.A.10, Outdoor Recreation Amenities]
- 3) Swimming pools and spas shall be setback in accordance with Table 5.B.1.A, Pool/Spa Setbacks.

...

Part 5 ULDC Art. 4.B.1.A.10, Swimming Pools, Spas, and Tennis Courts (pages 16-18 of 92), is hereby amended as follows:

Reason for amendments: [Zoning] 1) Introduce outdoor recreation amenities to encompass all open-air amenities or facilities developed for the practice of a sport or recreational activity. It also clarifies that certain uses such as Outdoor Entertainment are subject to the specific regulations that apply to the use; 2) Consolidate setbacks applicable to any outdoor recreational facilities other than swimming pools and spas; 3) Clarify that the play area of a golf course green is not subject to the setbacks contained in the outdoor recreation amenities; and, 4) Relocate and expand existing setback provisions for tennis courts under general setbacks applicable to all outdoor recreations amenities.

### CHAPTER B ACCESSORY AND TEMPORARY USES

### Section 1 Supplementary Regulations

### A. Accessory Uses and Structures

10. <u>Outdoor Recreation Amenities</u> <u>Swimming Pools, Spas, and Tennis Courts</u> <u>An open-air amenity designed and intended to support recreation activities including but not limited to: basketball courts, tennis courts, playgrounds and tot lots, excluding those uses</u>

regulated elsewhere such as Outdoor Entertainment.

a. Principal and Accessory Use

1) Principal Use

Any <u>outdoor recreation amenities</u> <u>swimming pool, spa or tennis courts</u> owned and operated as a commercial enterprise or in combination with other commercial recreation uses on the same property shall be considered a principal use subject to the PDRs of the applicable district. **[Ord. 2011-001]** 

2) Accessory Use

Any <u>outdoor recreation amenities</u> <u>swimming pool, spa or tennis court</u> operated by a non-profit assembly, social, civic organization, Property Owners Association (POA), or resident of a dwelling unit shall be considered an accessory use. The accessory use shall be located on the same lot as the principal use except if operated by a residential POA. If operated by a POA, the accessory use shall be located within the boundaries of the development, or a <u>Neighborhood Recreation Facility</u> <u>recreational facility</u>. [Ord. 2011-001]

b. Setbacks - General

Outdoor recreation amenities shall be setback a minimum of 50 feet from any residential property line, unless stated otherwise herein. The following setbacks shall apply to

outdoor recreation amenities, excluding swimming pools and spas, and shall be measured to the edge of the court surface or fence: [Ord. 2006-004] [Ord. 2011-001] [Relocated from Art. 5.B.1.A.9.2 and Art. 5.B.1.A.10.c, Standards for Tennis Courts]

### Table 5.B.1.A - Setbacks - General

Zoning		Setbacks	6						
Zonnig	Front	Side	Side Street	Rear					
Residential Lot	25 feet	7.5 feet	15 feet	7.5 feet					
Other (1)(2)		50 foot setback or sep nearest residentia							
Note:									
	Tennis courts with a valid Development Order approved prior to the adoption of setbacks for tennis courts permitted on other than residential lots shall be considered legally-conforming. [Ord. 2011-001]								
<ol><li>Golf course greens</li></ol>	s, excluding driving ranges,	shall be exempt from the	se setbacks.						

### [Relocated from Table 5.B.1.A, Tennis Court Setbacks]

### cb. Standards for Swimming Pools and Spas

- 1) Setbacks for Pools or Spas
  - Setbacks

The following setbacks shall apply to pool and spas, and shall be measured to the water's edge:

Table 5.B.1.A - Pool/Spa Setbacks

Setbacks	Front	Side	Side Street	Rear				
Single Family	28 feet	10.5 feet	18 feet	10.5 feet				
ZLL	13 feet	ZLL: 3 feet Non-ZLL: 5 feet	13 feet	5 feet				
Townhouse	Parking Tract: 13 feet Street: 28 feet	3 feet	18 feet	5 feet				
Multi-Family	28 feet	18 feet	28 feet	15 feet				
Neighborhood Recreation		25 foot setback or sepa	aration to the					
Facility less than 1 acre		nearest residential lot line						
Neighborhood Recreation		50 foot setback or separation to the						
Facility 1 acre or more		nearest residentia	l lot line					

....

Reason for amendments: [Zoning] Note - Other ULDC references to Art. 3.D.1.D.4.a, Open Space include the additional clarification that Open Space must be dedicated. While the definition for Open Space includes requirements for "...land reserved or shown on an approved plan..." or "...well site dedicated to PBCWUD..." adding the term herein helps to provide additional guidance to users with the intent of pre-empting any misinterpretations of the use of Open Space to qualify for these reductions.

### b) Exceptions

(2) Single Family and ZLL Homes Adjacent to Open Space

Swimming pools or spas may be constructed with a three-foot rear or side interior setback if adjacent to dedicated open space 50 feet in width or

(3) Neighborhood Recreation Facility Facilities

Swimming pools or spas may be constructed with a ten-foot rear or side interior setback if adjacent to dedicated open space 50 feet in width or greater in accordance with Art. 3.D.1.D.4,a Open Space. [Ord. 2008-037]

### **Standards for Tennis Courts**

### **Setbacks**

The following setbacks shall apply to tennis courts, and shall be measured to the edge of the court surface or fence: [Ord. 2011-001]

# ZERO LOT LINE OVERHANG EASEMENT SUMMARY OF AMENDMENTS

(Updated 10/16/12)

Part 1. ULDC Art. 5.F.1.F.1.a.5), Easement (page 59 of 92), is hereby amended as follows:

**Reason for amendments:** [Zoning] Correct scrivener's error to address redundant and erroneous minimum dimension for the minimum two-foot roof overhang easement for Zero Lot Line (ZLL) homes. Art. 3.D.2.C.9.c, Maintenance and Roof Overhang Easement correctly specifies a minimum roof overhang easement requirement of two feet, while Art. 5.F.1.F.1.a.5)i) incorrectly requires a minimum of three feet, which is contrary to current practice dating back to 1992.

### 4 CHAPTER F LEGAL DOCUMENTS

### Section 1 Maintenance and Use Documents

- F. Content Requirement for Documents
  - 1. Property Owner's Association (POA) Documents
    - a. Declaration of Covenants and Restrictions
      - 5) Easements

The following easements shall be granted or confirmed if already established by recorded plat or grant of easement:

i) Zero-lot line (ZLL) easement, if applicable. A three-foot An easement with a minimum of two feet in width, and contiguous to the ZLL boundary shall be established for the purpose of incidental encroachment, access and maintenance; or

Part 1. ULDC Art. 1.1.2.W.21, Wellfield Zones 1, 2, 3 and 4 (page 109 of 119), is hereby amended as follows:

Reason for amendments: [ERM] This amendment is intended to clarify the definition of Wellfield Zones 1, 2, 3 and 4 to wellfield protection.

**CHAPTER I DEFINITION AND ACRONYMS** 

6 Section 2

W. Terms defined herein or referenced in this article shall have the following meanings:

21. Wellfield Zones 1, 2, 3 and 4 - for the purposes of Article 14, zones of influence delineated by iso-travel time contours around public water supply wellheads. Zone 1 is identified as the land area within a situated between the well(s) and the 30-day travel time, and Zone 2 is the land area within a situated between the 30-day travel time and the 210-day travel time, and Zone 3 is the land area situated between 210-day and the 500-day travel time contours. Zone 4 is determined by the area situated beyond the 500-day travel time contour and within the one foot drawdown contour. Zones of influence maps, including Zones 3 and 4 are developed pursuant to the Wellfield Protection Section and are on file and maintained by ERM-Department.

Part 3. ULDC Art. 14.B.5, Exemption (pages 14-17 of 52), is hereby amended as follows:

Reason for amendments: [ERM] This modification will clarify the exemptions available to nonresidential facilities that stores, handles, produces, or uses any Regulated Substances.

40 **CHAPTER B WELLFIELD PROTECTION** 

41 Section 5 Exemption

A. General Exemptions

A general exemption application and an operating permit issued pursuant to the provisions of Article 14.B.6.C.2, Zone 2, shall be filed with ERM for any nonresidential activity claiming a general exemption to these regulations under Article 14.B.5.A.4.a, Fire, Police, Emergency Medical Services and PBC Emergency, Article 14.B.5.A.4.b, Utilities in Zone 1, and Article 14.B.5.A.4.f, Retail/Wholesale Sales Activities. No new into Zone 1 after March 7, 1988 if the new nonresidential facility stores, handles, produces or uses any Regulated Substance No nonresidential facility that stores, handles, produces, or uses any Regulated Substances after March 7, 1988 shall be eligible for a general exemption in Zone 1 unless such facility was in existence prior to the establishment of a new Wellfied Zone 1 or a reconfigured Wellfield Zone 1 and is required to move or cease operations as a direct result of a change in the Wellfield Protection Maps.

### Notes:

<u>Underlined</u> indicates <u>new</u> text. If being relocated destination is noted in bolded brackets [Relocated to: ]. Stricken indicates text to be deleted.

### **EXHIBIT H**

## ARTICLE 14 – ENVIRONMENTAL STANDARDS SUMMARY OF AMENDMENTS

(Updated 10/11/12)

....

### **B.** Special Exemptions

An affected person in Zones 1 or 2 may petition the hearing officer pursuant to the appeal process in Article 14.C, Appeals, for a Special Exemption, from the prohibitions and monitoring requirements set out in Article 14.B.6.C.1, Zone 1, and Article 14.B.6.C.2, Zone 2. Special exemptions for Zone 1 are for existing nonresidential activities only. No new nonresidential activity shall be permitted in Zone 1 after March 7, 1988 if the new nonresidential activity stores, handles, produces or uses any Regulated Substance. No nonresidential facility that stores, handles, produces, or uses any Regulated Substances after March 7, 1988 shall be eligible for a special exemption in Zone 1 unless such facility was in existence prior to the establishment of a new Wellfied Zone 1 or a reconfigured Wellfield Zone 1 and is required to move or cease operations as a direct result of a change in the Wellfield Protection Maps.

....

### 2. Procedures

....

### f. Action on Application

Any special exemption granted by the Reference to Article 14.C, Appeals, shall be subject to the applicable conditions which apply to Zones 1 and 2 and any other reasonable and necessary special conditions imposed by the Reference to Article 14.C, Appeals. An operating permit shall be issued by ERM with the applicable conditions of Article 14.B.6.C.1, Zone 1, and Article 14.B.6.C.2, Zone 2, and any other reasonable and necessary special conditions imposed by the Environmental Ordinance Appeals Board. Hearing Officer. Such special exemptions shall be subject to revocation or revision by ERM for violation of any condition of said special exemption by first issuing a written notice of intent to revoke or revise (certified mail return receipt requested or hand delivery). Upon revocation or revision, the activity will immediately be subject to the enforcement provisions of this Article.

### Part 4. ULDC Art. 14.B.6.A, Maps (pages 17-18 of 52), is hereby amended as follows:

**Reason for amendments:** [ERM] This revision is to streamline the map adoption process and to update the citation of the parameters of the raw water analysis standards for each well. These tests will now require the use of the updated lists for organic and inorganic priority pollutants found in the F.A.C Table 62-625.880.

### CHAPTER B WELLFIELD PROTECTION

### Section 6 Zones of Influence

### A. Maps

### 1. Amendments

Any amendments, additions or deletions to said Maps shall be approved by the BCC following written notice to property owners within the area covered by the amendment, addition, or deletion, and after public hearing. Written notice as provided herein shall be given at least 30 days prior to the public hearing on the amendment, addition or deletion. Said Maps shall be provided to any agency requesting said Maps.

### 6. Reference Raw Water Analysis to be Completed for Each Well

A reference set of raw water analyses shall be completed for each Well for which a Zones of Influence map has been established. Said analyses shall be completed within 185 days after March 7, 1988, for existing wells. A copy of the analytical report shall be forwarded to ERM and the PBCHD within 14 days of completion. For any new well, this set of analyses shall be completed prior to the release of the well into service by the PBCHD within in and ERM. Said analyses shall address inorganic priority pollutants as listed in Appendix 4, Organic Priority Pollutants, and organic pollutants as listed in Chapter 62-550. F.A.C. and as shown in Appendix 4, Organic Priority Pollutants. The cost shall be borne by the utility. The analytical reports shall be prepared by a State of Florida certified laboratory, certified for the applicable analyses. Samples shall be taken by the State of Florida certified laboratory performing the analyses, or its authorized representative.

This space intentionally left blank.

### **B. Protection of Future Wellfields**

The prohibitions and restrictions set forth in this Chapter and in regulations promulgated pursuant hereto shall apply to any sites officially designated by the BCC as future wellfields. Such prohibitions and restrictions shall become effective upon approval by the BCC of the Zones of Influence Maps for the designated future wellfield. Prior to final action by the BCC in designating a future wellfield or approving the Zones of Influence Maps for those wellfields, all property owners and discernable operating activities within the area affected shall receive written notice at east 30 days prior to the proposed public hearing at which the action shall be considered.

### C. Prohibitions and Restrictions

2. Zone 2

## b. Permit Conditions

### 9) Alterations and Expansions

ERM shall be notified in writing prior to the expansion, alteration or modification of an activity holding an operating permit. Such expansion, alteration, or modification may result from increased square footage of production or storage capacity, or increased quantities of Regulated Substances, or changes in types of Regulated Substances beyond those square footages, quantities, and types upon which the permit was issued. Should a facility add new Regulated Substances which individually are below the non-aggregate limits identified in the definition of "Regulated Substance", it shall notify ERM on thean annual basis of the types and quantities of such substances added and the location of the use, handling, storage, and production of said substances.

### c. Permits for Existing Uses

All existing non-residential activities in Zone 2 which use, handle, store, or produce Regulated Substances shall file an application for an operating permit or closure permit within 90 days of the receipt of written notice from ERM.

### 3. Zone 3

### b. Permit Conditions

### 7) Permit Process

Operating permits required by this Chapter shall be applied for and processed in accordance with Article 14.B.6.C.2.c, Permits for Existing Uses, by filing an application for an operating permit or closure permits within 90 days of the receipt of written notice from ERM.

### 4. Zone 4

### b. Permit Conditions

### 4) Permit Process

Operating permits required by this Chapter shall be applied for and processed by filing an application for an operating permit or closure permit within 90 days of the receipt of written notice from ERM. Said permit application shall be prepared and signed by a Professional Engineer or Professional Geologist registered or licensed in the State of Florida. However, a nonresidential activity in Zone 4 is not required to retain an engineer or geologist to prepare the operating permit if the revocation for spill provisions of this Chapter do not apply. Within 30 days of receipt of said notice, the owner or operator shall file with ERM proof of retention of said engineer or geologist. If application is made for an operating permit, such a permit shall be issued or denied within 60 days of the filing of the completed application. If the application for an operating permit is denied, then the

### Notes:

### **EXHIBIT H**

## ARTICLE 14 – ENVIRONMENTAL STANDARDS SUMMARY OF AMENDMENTS

(Updated 10/11/12)

activity shall cease within 180 days of the denial and an application for a closure permit shall be filed with ERM within 120 days of the denial of the operating permit. All Regulated Substances and contaminated containers shall be disposed in a lawful and environmental sound manner in accordance with applicable state and federal laws, and the activity and environs shall be cleaned up so as to preclude leaching of residual Regulated Substances into the environment.

----

### E. Domestic Wastewater and Stormwater Treatment

### 1. Sanitary Sewer Mains

All new or replacement installations of sanitary sewer mains in Zone 1 or Zone 2 of a public drinking water wellfield shall be constructed to force main standards using pressure pipe. Standards for installation are shown in Appendix 54, Minimum Standards for Sewer Pipe Fittings, Coatings and Leakage Testing, and shall be enforced by PBCHD through the permit process. For new wells placed in areas of existing sanitary sewers, the sewers in Zones 1 and 2 must be pressure tested at each joint, grouted and sealed with proof of testing provided to the PBCHD prior to release of the well for service.

### **G.** Closure Activity

When an activity in any Zone ceases operation, all Regulated Substances and contaminated containers shall be disposed of in a lawful and environmentally sound manner in accordance with applicable state and federal laws, and the activity and environs shall be cleaned up so as to preclude leaching of residual Regulated substances into the environment. When an activity in Zone 1 ceases operation, a closure permit shall be obtained.

## Part 6. ULDC Art. 14.B.7.B.2, Closure Permit (page 25 - 26 of 52), is hereby amended as follows:

Reason for amendments: [ERM] This amendment specifies which zones require a closure permit.

### CHAPTER B WELLFIELD PROTECTION

### Section 7 Wellfield Protection (Operating and Closure Permits)

B. Applications

### 2. Closure Permit

Closure permit applications shall  $\underline{\text{be required in Zone 1 and}}$  contain the following information:

## Part 7. ULDC Art. 14.B.9, Petition for Compensation (pages 27-30 of 52), is hereby amended as follows:

**Reason for amendments:** [ERM] This Amendment is to address the potential for compensation should the establishment of a new Wellfield Zone 1 or a reconfigured Wellfield Zone 1 require a facility to move or cease operations as a direct result of a change in the Wellfield Protection Maps.

### CHAPTER B WELLFIELD PROTECTION

### 41 Section 9 Petition for Compensation

Parties affected by the requirements of this Chapter may petition PBC for a determination of the effect of said requirements on those activities and the issue of compensation. The purpose of this section is to provide a means of petitioning PBC for reasonable compensation in the event a person operating a facility in existence prior to the establishment of a new Wellfield Zone 1 or a reconfigured Wellfield Zone 1 is required to move or cease operations as a direct result of a change in the Wellfield Protection Maps. This section shall apply only in the event an application for a General or Special Exemption, as set forth in Article 14.B.5, and all subsequent appeals, are denied. ERM may impose a reasonable fee for each petition in order to defray the costs to PBC in administering this section.

A. Filing

A petition for compensation shall be filed with ERM no later than 90 days after an application for a General or Special Exemption, as set forth in Article 14.B.5, and all subsequent appeals, are denied. The petition shall be heard by a Hearing Officer as established in Article 2.G.3.G, Hearing Officers.

### **B.** Contents of Petition

A petition for compensation shall contain, as applicable, the following:

1. A copy of the closure permit required by this Chapter or the required operating permit showing the change in operation;

### Notes:

<u>Underlined</u> indicates <u>new</u> text. If being relocated destination is noted in bolded brackets [Relocated to: ]. <u>Stricken</u> indicates text to be <u>deleted</u>.

- 21. An analysis of the need to cease, move, or change cease operations including a summary of alternatives investigated and estimated costs of those alternatives;
- A list of all previously issued EPA notices of violation by ERM, Florida Department of Environmental Protection or the EPA regarding use of Regulated Substances including a description of any corrective action taken or pending;
- 43. Detailed specification of the amount for which compensation is being requested. Petitions shall include documentation to verify all costs for which compensation is sought.; and
- ERM shall review all petitions for compensation and make recommendations to the Hearing Officer regarding the reasonableness of any amounts requested by the petitioner, whether the requested compensation consists of amounts greater than the cost of any reasonable facility/operation modifications and whether the facility may potentially qualify for a special exemption. Based upon such recommendations, the Hearing Officer may deny such petition.

[Partially relocated below under new Art. 14.B.9.C]

### C. Administrative Review

ERM shall review all petitions for compensation for completeness within 30 working days of receipt of the petition. If ERM determines the petition is not complete, written notice shall be mailed to the Petitioner specifying the deficiencies. No further action shall be taken on the petition until the deficiencies are remedied. If the deficiencies are not remedied within 30 working days of receipt of written notice, the petition shall be deemed abandoned and any rights that may be conferred under this Section shall be waived. Upon a finding of sufficiency, ERM shall review the petition and make recommendations to the Hearing Officer regarding the reasonableness of any amounts requested by the Petitioner, whether the requested compensation consists of amounts greater than the cost of any reasonable facility/operation modifications. Based upon such recommendations, the Hearing Officer may deny such petition.

### [Partially relocated from above Art. 14.B.9.B.5]

### CD. Hearing on Petition

As soon as practicable after submission of a petition for compensation, but no later than 90 days, by an owner or operator of an activity, the Hearing Officer shall hold a hearing to determine the eligibility of the activity for compensation pursuant to this Chapter. The Hearing Officer may extend the 90 day period for good cause based on the request of the Petitioner, PBC, or on its Petitioner shall be given written notice by certified mail or hand delivery of such hearing at least 30 days prior to the hearing. At least ten days prior to the hearing, the Petitioner and PBC shall exchange names and addresses of witnesses and copies of all documentary evidence intended to be used at the hearing. Formal Rules of Evidence shall not apply to such hearing, but fundamental due process shall be observed and shall govern the proceedings. Petitioner and PBC shall have the right to:

- 1. Call and examine witnesses:
- Introduce exhibits; 2.
- 3. Cross examine witnesses on any relevant matter;
- 4. Rebut the evidence; and
- 5. Be represented by counsel.

### **DE**. Review and Evaluation Criteria

### 1. Cessation or Move

In determining whether the petitioner is eligible for compensation for cessation or moving, the Hearing Officer shall consider:

- Whether a reasonable, cost effective alternative to cessation or moving of operations exists for complying with this Chapter, including reconfiguring of the wellfield. Applicant Petitioner, with the cooperation of ERM and the affected public utility, shall address the issue of reconfiguration;
- Whether the requirements of this Chapter were the sole reason for cessation or moving of the operation;
- Past environmental record; and
- Efforts to mitigate financial impact of this Chapter and these corresponding regulations.

### **Change In Operations**

In deciding whether a petitioner is eligible for compensation for a change in operations, the Hearing Officer shall consider:

- Whether the proposed change is a reasonable, cost effective method for complying with this Chapter; and
- Whether the requirements of this Chapter were the sole reason for the change in the

### **EF.** Classes of Impact for Which Compensation May Be Granted

- **Actual Reasonable Relocation Expenses** 
  - **Examples of Reasonable or Reimbursable Relocation Costs**

The owner or operator of an affected activity may be paid the actual reasonable cost of relocation within PBC, such amount to include the cost of:

- 1) Dismantling operation;
- 2) Actual moving;

### Notes:

<u>Underlined</u> indicates <u>new</u> text. If being relocated destination is noted in bolded brackets [Relocated to: ]. Stricken indicates text to be deleted.

Italicized indicates text to be relocated. Source is noted in bolded brackets [Relocated from: ].

## ARTICLE 14 – ENVIRONMENTAL STANDARDS SUMMARY OF AMENDMENTS

(Updated 10/11/12)

- 3) Reassembling equipment;
- 4) Installation of equipment;
- Internal connection of utilities to equipment;
- 6) Minor modification of site to accommodate operation, specifically excluding structural changes to the building or paving and drainage requirements at the site;
- 7) The additional costs which would have to be incurred to move the activity due to changed circumstances or applicable laws, ordinances or regulations; and
- 87) Any losses caused by the necessity of terminating a lease, such compensation not to exceed three months rent. Landlord and tenant are required to make a bona fide effort to mitigate this loss. This compensation shall be paid to either the landlord or the tenant, to be decided by agreement between the landlord and tenant.

### b. Documentation of Costs

The eligible costs for actual reasonable relocation expenses shall be supported by two itemized and sealed bids and a detailed listing of the claimed items. The amount to be paid shall not exceed the lower of the two bids. In order to verify such information, ERM shall have the right to enter the activity's premises at reasonable times. Such bids and detailed listing of the cost shall be verified by ERM.

### c. Self-Moves

In the case of a self move the owner of a relocated activity may be paid the lower of two sealed and itemized bids from licensed moving companies based on a detailed listing of the cost

### 2. Actual Reasonable Modification of Operation Expenses

The owner or operator of an affected activity may be paid the actual reasonable expense to modify the operation of the activity in order to comply with this Chapter. Such amount to include cost of:

- a. Modification of machinery;
- b. Dismantling and moving unusable machinery;
- c. Unsalvageable inventory per Article 14.B.9.E.3, Actual Direct Losses of Tangible Personal Property; and
- d. Moving equipment out of a Zone 1 on the activity's property per Article 14.B.9.E.1, Actual Reasonable Relocation Expenses.

### 32. Actual Direct Losses of Tangible Personal Property

Actual direct losses of tangible personal property are allowed when a person closes or relocates an activity. Payment may only be made after a diligent effort is made by the owner to sell the item(s) involved.

- a. If the activity is to be re-established and an item of property to be used therewith is not moved but promptly replaced with a comparable item at the new site, reimbursement shall be either:
  - Replacement cost, taking into account depreciation, less the proceeds of the sale.
     Present value based on accepted standards in the related business community may be substituted for net proceeds of a sale where applicable; or
  - 2) Estimated cost of moving the item to the replacement site within the geographic boundaries of PBC.
- b. If a process at the activity is being discontinued or an existing item is not to be replaced in a re-established business, payment will be either:
  - 1) The difference between fair market value as evidenced by two written appraisals of the item for continued use at its prior location less its net proceeds at the sale; or
  - 2) The estimated cost of moving the item to the replacement site within the geographic boundaries of PBC.
- eb. If a sale is not affected because no offer is received and the item is abandoned, payment for the loss may be its fair market value for continued use at its existing location plus the costs of the attempted sale, less the equipment's salvage value.

### 7. Appea

PBC or the applicant Petitioner seeking compensation under this Section may appeal the final decision of the Hearing Officer by filing a Petition for Writ of Certiorari in the 15th Judicial Circuit Court in and for PBC.

This space intentionally left blank.

## ARTICLE 14 – ENVIRONMENTAL STANDARDS SUMMARY OF AMENDMENTS

(Updated 10/11/12)

Part 8. ULDC Appendix 4 Organic Priority Pollutants and Appendix 5 Minimum Standards for Sewer Pipe Fittings (pages 47 - 48 of 52), is hereby amended as follows:

**Reason for amendments:** [ERM] This revision is to update the location of the parameters of the raw water analysis standards for each well. These tests will now require the use of the updated lists for organic and inorganic priority pollutants found in the F.A.C Table 62-625.880. This revision also clarifies that the most current ANSI/AWWA standard is to be followed in all sewer installations in Zones 1 and 2.

### APPENDIX 54 MINIMUM STANDARDS FOR SEWER PIPE AND FITTINGS

8 9 10

11

### A. Ductile Iron Pipe and Fittings for Gravity Sewer and Force Main Application

 Ductile iron pipe shall conform to the requirements of ANSI/AWWA C151/A21.52-8651 unless otherwise noted on the plans. The pipe shall be Class 50 thickness350 for pipe six-sizes 4 inches through 24 inches and class 250 for sizes from 30 inches to 36 inches. or larger in

### Notes:

<u>Underlined</u> indicates <u>new</u> text. If being relocated destination is noted in bolded brackets [Relocated to: ]. <u>Stricken</u> indicates text to be <u>deleted</u>.

*Italicized* indicates text to be relocated. Source is noted in bolded brackets [Relocated from: ]. .... A series of four bolded ellipses indicates language omitted to save space.

18

19

20

21 22

23

24

38 39

- size and Class 51 for pipe smaller than six inches Glands for mechanical joints shall be of ductile iron or cast iron
- Fittings shall conform to the requirements of ANSI/AWWA C110/A21.10-87. Fittings 12 inches and smaller shall have a 250 psi minimum working pressure have mechanical joints or flanged ends unless an approved flexible joint restraint system is used. The fittings shall conform to the requirements of AWWA C-110 or AWWA C-153.
- Flanged ductile iron pipe shall be <u>"special thickness"</u> Class 53<u>"</u>. Flanged ductile iron pipe and fittings shall have threaded flanges, unless otherwise noted on the drawings, and shall conform to ANSI/AWWA C115/A21.15-83. All flanges shall be Class 1560, ANSI B16.5. All above grades flanges shall be flat faced unless they are mating up to existing, or otherwise, specified, raised flanges. All gaskets shall be full faced 1/8" red rubber.
- Joints shall conform to the requirements of ANSI/AWWA C111/A21.11-85.
- 5. All ductile iron pipe and fittings shall have an epoxy lining and a bituminous coating on the exterior per AWWA specification C-210. The coating and lining shall be applied in accordance with the manufacturer's recommendations
- B. Polyvinyl Chloride Pipe (PVC) (gasketed joint) and Fittings for Gravity Wastewater and **Sewer Force Main Applications** 

  - Pipe four inches or larger in diameter shall conform to the requirements as set forth in AWWA C900-84/C905 with minimum dimension ration DR 18. Provisions must be made for contraction and expansion at each joint, or with a rubber ring and an integral bell as part of each joint, or by a rubber ring sealed coupling. Clean, reworked material generated from the manufacturer's own pipe production may be used. Fittings shall be cast or ductile iron. Pipe shall have cast iron pipe equivalent outside dimensions.
  - 2.b. Pipe smaller than four inches in diameter shall conform to Commercial Standard CS 256 and ASTM D-22141. Provisions shall be made for contraction and expansion at each joint with a rubber ring, and an integral bell as part of each joint, or by a rubber ring sealed coupling. Pipe shall be made from SODR 21, 200 psi clean, virgin NSF approved Type I, Grade 1 PBC conforming to ASTM D 1784. Clean reworked material generated from the manufacturer's own pipe production may be used. Fittings for pipe smaller than four inches in diameter shall be PVC.
- C. Coatings-High Density Polyethylene pipe for force mains:

The lining material for ductile iron pipe and fittings shall be virgin polyethylene complying with ANSI/AWWA D1248 compounded with an inert filler and with sufficient carbon black to resist ultraviolet rays during above ground storage of the pipe and fittings. The polyethylene shall be bonded to the interior of the pipe or fitting by heat. HDPE pipe for force mains shall be AWWA C906, minimum 40 feet standard lengths, DR 11 minimum, DIPS size.

### D. Leakage Tests

The test shall be of two hour duration. During the test, the pipe being tested shall be maintained at a pressure of not less than 150 psi. Leakage is defined as the quantity of water added to the pipe being tested during the test period. No pipe installation will be accepted if the leakage exceeds the quantities specified in AWWA C-600, Sec. 4.25.2. No more than 500 feet of gravity sewer main or 1000 feet of force main shall be tested at one time. Pressure tested gravity wastewatermains and laterals located in wellfield zones 1 and 2 shall be PVC C900 SDR 18 minimum. The tested portion of the laterals shall end at the "upper" bend using a temporary mechanical joint restrained cap.

### E. Manholes

Manholes shall be precast and coated with an inert impervious material approved corrosion barrier system. Exterior manhole joint seal application is required. Manhole inlets and outlets shall be tightly sealed around the sewer pipe and coated to prevent leakage.
