#### B. ANNUAL ORGANIZATION DISCUSSION

##### 1. Meeting Procedures

Ms. Cantor updated the Board on new appointees for the period of February 8, 2012 to February 3, 2015. Mr. Cross referred to the attachments on Meeting Procedures and briefly reviewed Roberts Rules of Order (Attachment B), Working in the Sunshine Guide (Attachment C-1), and the Palm Beach County Code of Ethics (Attachment C-2).

\* Joanne Davis arrives at 2:10 p.m.

Motion to adopt by Martin Klein, seconded by David Carpenter. The motion passed unanimously (10 - 0\*).

##### 2. 2011 Attendance

Mr. Cross summarized the 2011 Attendance Report (Attachment 6), and the attendance requirements.

##### 3. 2012 Board Members

Mr. Cross reviewed the Board Membership, (Attachment 7). He noted that the term of 8 members will expire on February 7, 2012 and new and reappointed members will participate in the selecting of chair and vice-chair in the next meeting on February 22.

##### 4. 2012 Meeting Schedule

## EXHIBIT A

### PALM BEACH COUNTY LAND DEVELOPMENT REGULATION ADVISORY BOARD (LDRAB)

#### Minutes of January 25, 2012 Meeting

Mr. Cross referred to the 2012 LDRAB Meeting Schedule (Attachment 8), noting that meetings will not be held in June, July, and September unless unexpected circumstances arise.

#### 5. 2012 Work Plan

Mr. Blackman referred to the Work Plan on Page 54, which sets out the proposed plan for 2012 Rounds 01 and 02. Mr. Cross gave a brief summary of the proposed amendments for Round 2012-01 (Attachments. 9 and 10) and stressed that less amendments is the theme for 2012. He explained that Round 02 would mostly be made up of amendments resulting from subcommittee meetings to be held earlier in 2012. Mr. Cross went on to list the previously established and newly proposed subcommittees (Attachment 11), requested confirmation of the new subcommittee and invited members' participation. The subcommittees are:

- *Produce Stand*: Mr. Cross stated that at the BCC hearing on January 17, 2012 the Agricultural Tier workshop item presented by Planning did not find necessary to work on amendments to the Comprehensive Plan. Mr. Cross clarified that the Board directed staff to reconvene the Produce Stand and Related Uses subcommittee to work with industry and community in order to find opportunities that promote local agriculture in the County. He continued by stating there were 4 Produce Stand subcommittee meetings during 2011. The topic will be revisited in 2012 to accommodate agro-tourism or similar use. Ms. Vinikoor and Mr. Knight served on the subcommittee and indicated an interest in continuing. Ms. Davis, Ms. Katz, and Mr. Bailey also indicated an interest in joining the subcommittee.
- *Use Matrix*: staff anticipated convening this subcommittee in February or March and this will be a year-long task as it has to be slowly and carefully studied. LDRAB members that expressed interest in 2011 to participate in this subcommittee are Mr. Blackman, Ms. Durando, Mr. Puzzitiello and Mr. Knight.
- *Mobile Home Parks*: will look at Mobile Home allowing conversion to modular or permanent structures. Zoning staff will attempt to reach out to Mobile Home Associations for participation in the meetings. Ms. Davis said conversion to modular homes would be a welcome move and she expressed an interest in participating on the subcommittee.
- *Landscape*: this was identified as a low priority subcommittee that would reconvene to address any critically needed amendments for Article 7. Ms. Davis, Mr. Carpenter and Mr. Bailey stated their interest in serving. Mr. Zimmerman expressed disappointment that the efforts expended in the meetings held in 2010 did not result in a clear and positive outcome. Ms. Cantor responded that Zoning is in the process of listing the pending issues to be addressed and seeing how they should be prioritized.

Motion to adopt by Martin Klein, seconded by David Carpenter. The motion passed unanimously (10 – 0\*).

#### C. ULDC AMENDMENTS

##### 1. Exhibit B – Internet Café Moratorium

Mr. Cross explained that at the BCC Hearing on January 5, 2012, Bob Banks, Assistant County Attorney, presented a request to approve a Zoning in Progress (ZIP) and recommended a one year moratorium to temporarily halt all applications for Internet Cafés. He further said that he is hoping the State will separate issues with gambling in an effort to resolve this. If there is no resolution Zoning will coordinate with the Intergovernmental Plan Amendment Review Committee (IPARC) for consistent regulations on this matter. The Moratorium prohibits the acceptance of new applications or approvals for all new Internet Cafés but does not regulate existing Internet Cafés. Mr. MacGillis added that typically the use is approved as indoor entertainment and that there are concerns about older people spending their Social Security income in those places. Mr. Bailey questioned how this use was different from any other place where parents pay for their kids to play in machines.

Mr. Carpenter said that there have been negative connotations of the cafés in the newspapers but after exposure to them he does not have a negative view of them as they offer some social life for older people. He went on to explain his view of their operations. A discussion ensued in which Mr. Knight questioned why gambling is associated with Internet Cafés. Ms. Katz said that in her opinion it seems to be a profitable venture as this use is filling the empty stores in West Boynton Beach. She added the name of the

moratorium should be refined to use "gambling" not Internet Cafés. Ms. Vinikoor added that the issue is being seriously studied in Tallahassee and that there is pari-mutuel gambling in many cafés. Mr. Berger said the matter should be dealt with immediately and Mr. Klein opined that the one-year moratorium will allow some time for study.

Motion to adopt by Martin Klein, seconded by Lori Vinikoor. The motion passed (9 - 1\*). Terrence Bailey voted nay.

#### 2. Exhibit C – Waivers

Mr. Cross briefly explained the difference between a Waiver and a Variance, the classifications of Type I and Type II Waivers and said this classification was introduced when the URA was processed in the previous round. Type I Waiver is subject to administrative approval and Type II Waiver is presented to the BCC. He pointed out that the amendment lists the Waivers by type. He said the Exhibit addresses processes; limitations and standards; and clarifies the appeals process.

Mr. Bailey questioned the criteria used to determine Type I or Type II classification of waivers. Mr. Cross explained by providing an example that within 25 feet setback a five percent waiver can be approved administratively and the BCC is comfortable with staff making that decision. Type II Waiver, he went on to say, is similar to a Conditional Use. The Board has the right to approve or deny.

Motion to adopt by Martin Klein, seconded by Barbara Katz. The motion passed unanimously (10 - 0\*).

Adjourned as LDRAB at 2:45 p.m.

#### D. CONVENE AS LDRAB

##### 1. Proof of Publication

Motion to approve, by Martin, seconded by Barbara Katz. The motion passed unanimously (10 - 0\*).

##### 2. Consistency Determinations – See Exhibit B listed above

Mr. Davis stated that the proposed amendments for Exhibit B – Internet Café Moratorium were consistent with the Comprehensive Plan.

Motion to approve consistency determination by Martin Klein, seconded by Raymond Puzzitiello. The motion passed unanimously (10-0\*).

#### E. RECONVENE AS LDRAB

#### F. PUBLIC COMMENTS

There were no public comments

#### G. STAFF COMMENTS

Mr. Cross told the Board that Zoning is developing an application process for the public to formally request amendments to the Code. More details will be presented at the next LDRAB meeting.

Mr. MacGillis said that often agents present requests for code amendments during the public comments portion of BCC Public Hearings and the BCC is asking that Zoning be more proactive in working with industry and agents by making the process easier. Mr. MacGillis clarified that any group, organization or member of the public can use the process to propose amendments. The avenues have always been there so this process is to assist the BCC.

Mr. Knight asked about the suggested tour of the AGR by the Commissioners and wanted to remind staff to include marketing promotion of agriculture. Mr. Berger responded that it had been determined that the proposed tour would be considered an ethical violation if the Commissioners have site visits as a group. Mr. Knight, Ms. Katz and Ms. Davis would like to be included in the tour if that takes place.

#### H. ADJOURN

The Land Development Regulation Advisory Board meeting adjourned at 2: 56 p.m.

TRADITIONAL DEVELOPMENT DISTRICTS (TDD)  
SUMMARY OF AMENDMENTS  
(Updated 02/15/12)

A Neighborhood Center is intended to accommodate neighborhood-oriented non-residential uses retail and commercial services. It may include professional offices, community facilities, and civic uses to serve the population of the TND and adjacent neighborhoods. Multi-family or live/work residential uses are encouraged when located above non-residential uses.

a. General Standards

....

4) Maximum Floor Area Ratio (FAR)

1.0, FAR for residential uses counted as density shall not be calculated as square footage subject to the maximum FAR.

....

6) Maximum Total Floor Area

40,000 square feet of GFA, excluding multi-family units or the residential portion of a live/work unit counted as density.

b. Building Standards

....

3) Multi-family and Live/Work

Multi-family residential and live/work units shall only be permitted subject to the following:

a) Permitted residential uses are located above non-residential uses; and,

b) The FAR of residential uses shall not exceed 30 percent of the combined FAR of non-residential and residential uses. The calculation of residential FAR in determining compliance herein does not alter that residential uses are calculated as density, unless otherwise stated within the ULDC.

Part 3. ULDC Art. 3.F.E.5, Residential Uses (pages 212-214 of 228), is hereby amended as follows:

Reason for amendments: [Zoning] Identify that multi-family units co-located with non-residential uses in a Neighborhood Center would be subject to the PDRs of the Neighborhood Center.

1  
2 Part 1. ULDC Art. 3.B.9.E, Review Procedures [Related to Palm Beach International Airport  
3 Overlay] (page 29 of 228), is hereby amended as follows:  
4

**Reason for amendments:** [Zoning] Delete language related to the PBAIO Committee in accordance with the sunset of the Committee by adoption of Ord. 2008-033, as clarified in the Planning staff report, as follows: *“The PBIA Overlay language has been in the Future Land Use Element for many years and is being revised for clarity and to eliminate references to the PBIA Overlay Committee. The existing language does not adequately describe that the intent of the ability to convert land to industrial without a Future Land Use Atlas (FLUA) amendment was not intended to hinder the conversion of residential parcels to non-residential with a FLUA amendment. Further, the PBIA Overlay Committee has recently been sunset; hence the removal of such references.”*

ARTICLE 6 – PARKING  
SUMMARY OF AMENDMENTS  
(Updated 2/15/12)

Part 1. ULDC Table 1.A.1.D – Minimum Parking Dimensions for Nonresidential Uses and Residential Uses with Shared Parking Lots (page 22 of 39), is hereby amended as follows:

**Reason for amendments:** [Zoning] Introduce definition for the distance (width) that includes two rows of parking space and aisle width.

CHAPTER I DEFINITIONS & ACRONYMS

Section 2 Definitions

M. Terms defined herein or referenced Article shall have the following meanings:

49. Module – For the purposes of Article 6, Parking, a portion of a parking facility containing a central drive aisle with parking spaces on each side of the aisle.  
[Renumber Accordingly]

Part 2. ULDC Table 6.A.1.D – Minimum Parking Dimensions for Nonresidential Uses and Residential Uses with Shared Parking Lots (page 22 of 39), is hereby amended as follows:

**Reason for amendments:** [Zoning] 1) Simplify angled parking dimension requirements by deleting interlock measurements columns “G and “H” that are redundant to the minimum dimensions necessary to measure angled parking. The amendment reduces confusion in the application of Table 6.A.1.D – Minimum Parking Dimensions for Nonresidential Uses and Residential Uses with Shared Parking Lots and Figure 6.A.1.D - General Parking Schematic; and 2) correct scrivener’s errors for 60 degree angle parking wall to wall width.

Part 3. ULDC Figure 6.A.1.D – General Parking Schematic (page 23 of 39), is hereby deleted in entirety and replaced with new Figure 6.A.1.D – Typical Example of General Parking Schematic, as follows:

**Reason for amendments:** [Zoning] 1) Eliminate image with new image to match dimensions shown in Table 6.A.1.D – Minimum Parking Dimensions for Nonresidential uses and Residential uses with Shared Parking Lots; and, 2) The typical general parking schematic figures do not make clear what two-way traffic minimum aisle dimension should be. The amendment clarifies that any two-way direction aisle width is 24 feet for all angled parking except in some cases when 90 degree parking is used.

At the Thursday, January 26, 2012 BCC Public Hearing, Zoning staff presented a summary of recommendations to expand opportunities for public or private sector applications to initiate amendments to the County's Unified Land Development Code (ULDC).

Background:

Currently, ULDC amendments are either initiated by staff, other County agencies, or through direction by the BCC. Most staff initiated amendments serve to respond to amendments to the Comprehensive Plan, new Federal or State laws, changes in industry trends in land development practices, new uses, or other methods of business operations.

When processing code amendments, staff works closely with a broad array of customers, including land development professionals, business owners, environmentalists, neighborhood associations, among many other types of interested parties - oftentimes resulting in staff initiating amendments; however, in many instances, staff cannot support some requests for changes since they may not be consistent with the Comprehensive Plan or prior BCC direction, or insufficient staffing or resources are available to perform research necessary to develop amendments.

Proposed Modifications:

Staff is proposing to amend the existing code amendment process by establishing a streamlined and transparent process to allow for the submittal of privately initiated amendments by simplifying initial staff review and incorporating

An Equal Opportunity Affirmative Action Employer

## EXHIBIT F

the knowledge and expertise of the Land Development Regulation Advisory Board (LDRAB). The following is a summary of how this process would work:

1. Applicant submits application form and any supporting material for cursory review by Zoning Director and staff.
2. Item is scheduled for next available LDRAB meeting, where applicant provides summary of proposed amendments and an LDRAB recommendation is sought.
3. Item is scheduled under Zoning Director's comments for the next available BCC Zoning Hearing to seek direction on how to proceed with the amendment if not supported by staff, unless the applicant wishes to withdraw the request, or modify for additional staff and LDRAB review. Alternatively, if the request is consistent with the current Zoning work program or the Zoning Director and applicant are in agreement on a timeframe for processing the amendment, the request may be initiated by the Zoning Director.
4. BCC direction might include, among others:
  - Take no action, or
  - Initiate detailed research and review for further presentation at a future BCC Zoning Hearing or formal Workshop, or
  - Proceed with amendment.
5. If directed to proceed with an amendment, the item would typically be added to the next available ULDC amendment round.

### Conclusion:

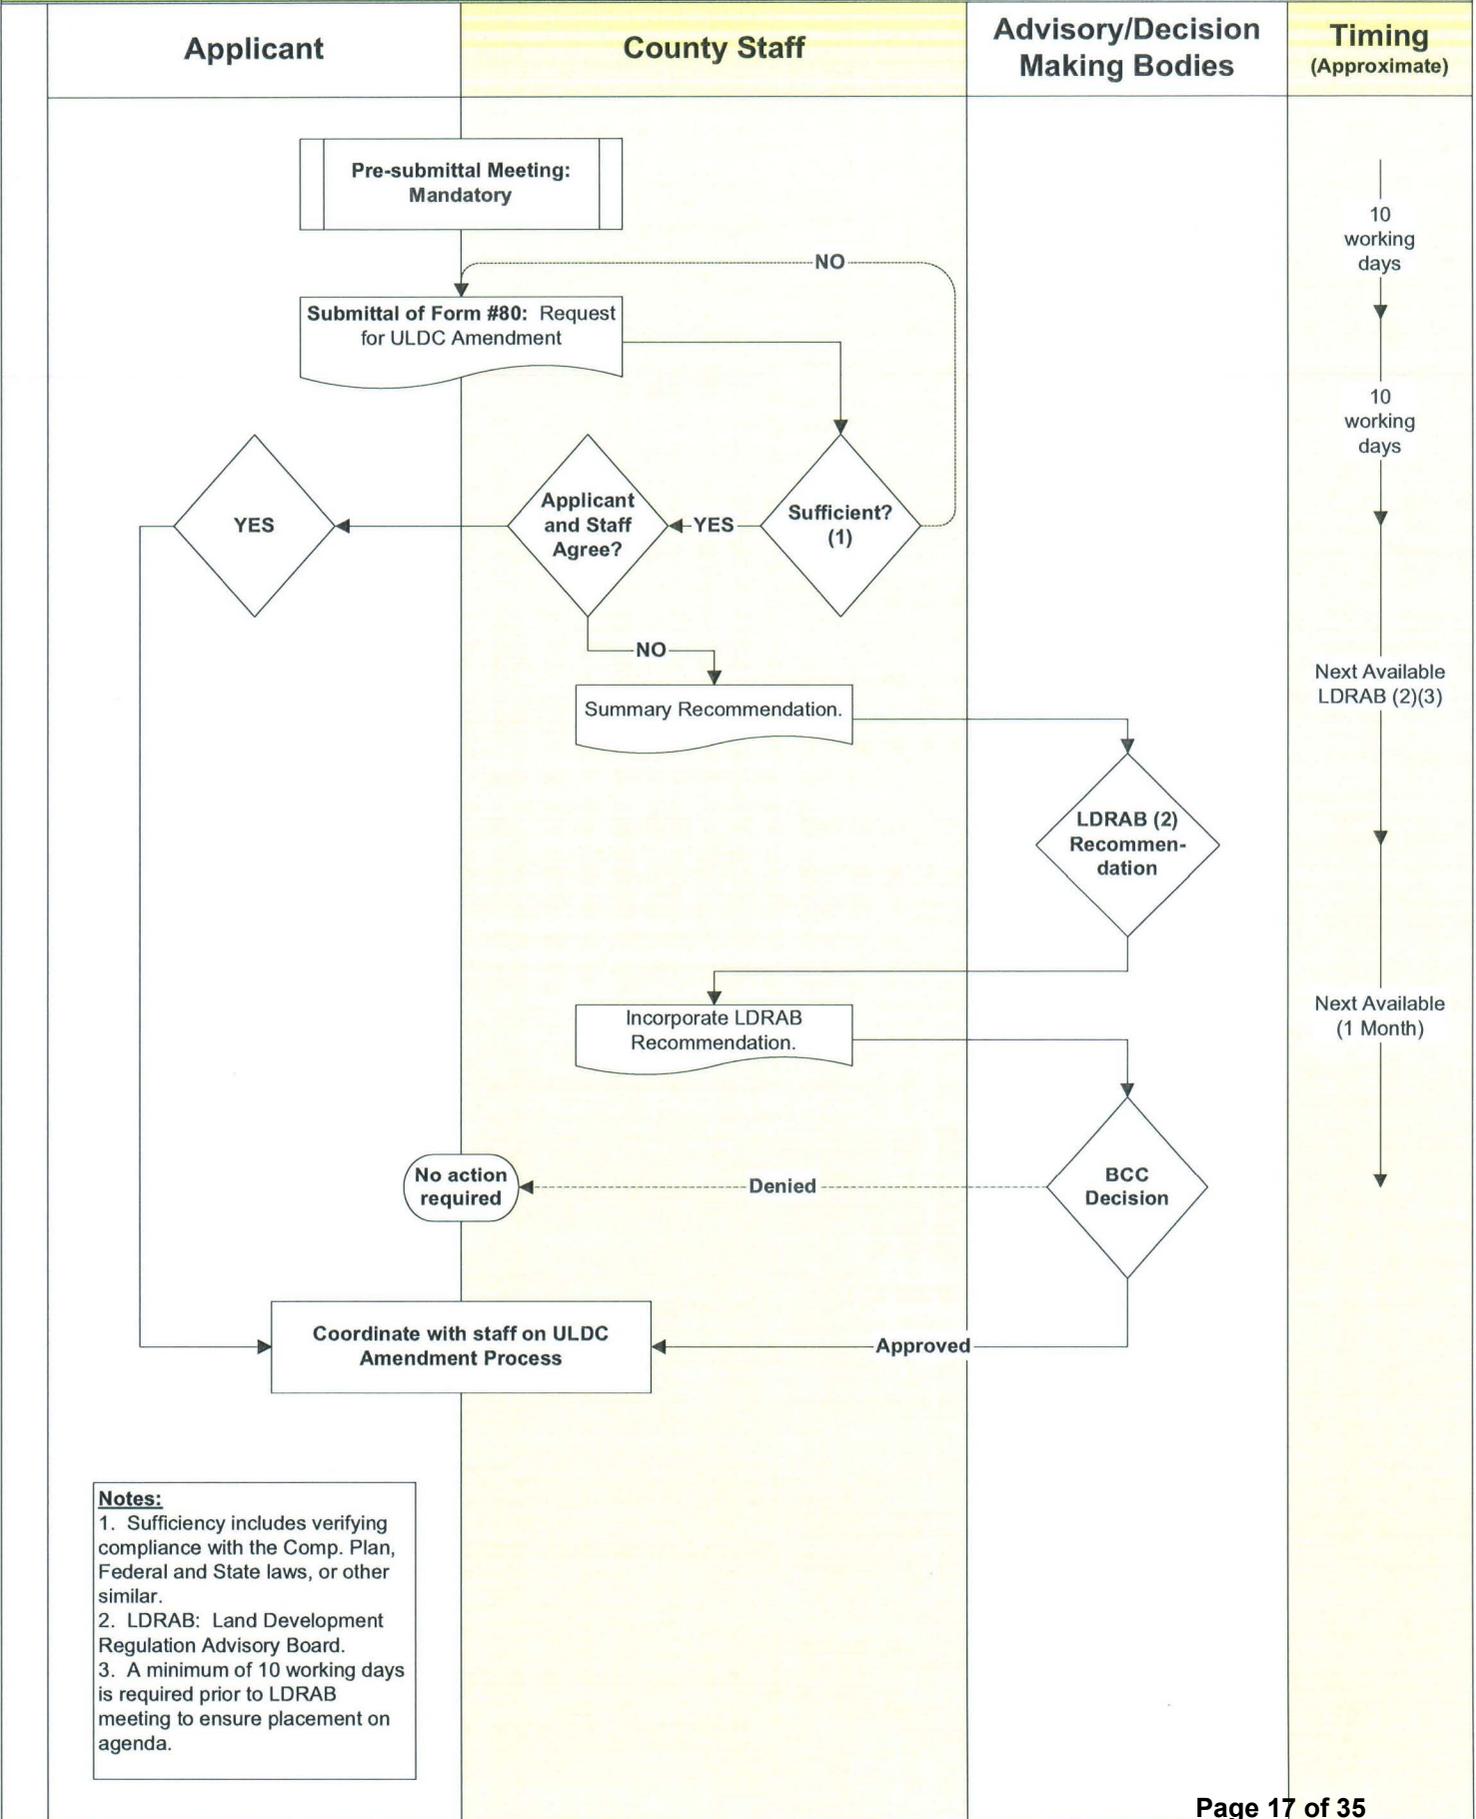

Given the ever increasing changes in industry trends, it is believed that this process will improve the County's ability to better respond to ongoing efforts to address economic development, as well as other topics of interest to the public that arise from time to time. While the proposed process might result in an increase in staff workload and detract from other priorities, staff highly recommends that this process be initiated on a trial basis for the 2012 Round of Amendments.

### JUSIFICATION STATEMENT FOR ULDC AMENDMENTS SOUGHT BY MCCRANEY PROPERTY COMPANY

Over the past few years, the continuing economic decline being experienced by the nation and Palm Beach County in particular has forced businesses to seek the most economic space possible within which to operate. In many cases, the inability to locate leased space within its budget can terminate existing business or prevent potential new businesses from starting up. This results in a loss of jobs and a further decline of the economic and business climate within the County.

MPC owns through its affiliates 3 Industrial/IL pods within the Vista Center PIPD each of which is improved with one or more industrial/flex buildings with related amenities. Many new and existing businesses have sought to migrate from traditional retail or office locations to MPC's industrial/flex product in the last couple of years in order to take advantage of the lower rental rates and related CAM expenses that these properties feature. Unfortunately, certain provisions of the ULDC frustrate these businesses from locating at our Vista Center properties as the language is either outdated or the uses are prohibited in an Industrial/IL pod of a PIPD even though they are permitted in standard IL zoning districts and in some cases IL pods within a MUPD as well.

In the last 3 years over 40 local businesses have been prevented from locating at the Vista Center due to the current regulations, and over 10 in the past 9 months alone. We should be making it easier – not harder – for businesses to locate within Palm Beach County and thereby increase the County's tax and employment base.

Our goal through this language change amendment is to eliminate these inconsistencies within the ULDC by bringing the Code up to date with modern commerce and allowing these currently prohibited uses the ability to locate within Industrial/IL pods of a PIPD. Not only will this help MPC's business but it will help those other businesses to continue to operate with reasonably priced rental space providing increased jobs and an overall boost to the area's economic recovery.

Specifically, MPC seeks to amend the ULDC Sections enumerated in its filed Form #80 in order to accommodate the following four (4) changes:

1. Amend the definition of "Data and Information Processing" contained in Article 4, Chapter B, Section 1A 38 of the ULDC to specifically include "Internet Sales Centers" which are locations where computerized internet based sales are taken and implemented through shipment from on site and/or off site warehouses which use is not frequented by the general public. We believe that such internet sales operations are no different in scope and concept than "telemarketing centers" which are specifically mentioned in the

## EXHIBIT H

existing definition. The ULDC needs to be modernized and brought up to date to include this use which has grown exponentially over the past several years. As a recognized component of “Data and Information Processing” the internet sales would be a permitted use in an Industrial/IL pod of a PIPD.

2. Amend Table 3.E.1.B – PDD Use Matrix to allow “vocational schools” as a permitted use in an Industrial/IL pod of a PIPD. This use is already permitted in standard IL zoning districts and in industrial pods within an MUPD. There is no logical distinction between those locations and the PIPD. Indeed, the stated purpose of the PIPD as stated in 3.E.5.A of the ULDC is to create a development “which provides employment opportunities for industries” and “encourages internal trip capture by offering support uses....to serve the PIPD workforce, and other residential populations.” It is clear that a vocational school, while not strictly industrial in nature would be a completely complimentary support use in line with those stated goals. By way of example, Broward County and Orange County each permits vocational schools in all classifications of their industrial districts (see attached code excerpts).

3. Amend Table 3.E.1.-PDD Use Matrix to allow “catering service” as a permitted use in an Industrial/IL pod of a PIPD. This use is currently permitted in standard IL zoning districts and we again fail to see the distinction between this and the industrial/IL pod within a PIPD. This use would also be in accordance with the stated purpose of the PIPD as quoted in item 2 above as a support use to surrounding businesses and residences. By way of example, in Broward County, a catering service is a permitted use across all industrial districts.

4. Amend Table 3.E.1.-PDD Use Matrix to allow “fitness centers” as a permitted use in an Industrial/IL pod of a PIPD. This use is also permitted in standard IL zoning districts and would act as a complimentary support use to surrounding businesses and residents in conformance with the stated PIPD goals mentioned in item 2 above. Therefore, there appears to be no logical reason to include this use within an IL zoned district and an IL pod in a PIPD. In addition, other recreational uses such as a golf course and a gun range are permitted in an IL pod of a PIPD so it is difficult to justify the exclusion of fitness centers. The fitness centers seeking to locate within our project are not the giant corporate gyms like LA Fitness, rather they are smaller privately owned businesses such as small gyms, exercise centers, karate schools, etc. Perhaps a definition of fitness center can be created to exclude the giant corporate operations if the County does not desire them in these areas. By way of example, Martin County permits both a small, privately owned gym and a cheerleading school at our project at Treasure Coast Commerce Center (zoned LI-1) as an accessory use under the category “physical fitness centers” which is improved with virtually the same buildings as our Vista Center projects and which has the same Light Industrial underlying land use (see attached excerpt from Martin County zoning code).

In conclusion, we believe that our suggested amendment will have the following positive effects:

## EXHIBIT H

1. Promote business and employment within Palm Beach County by increasing the affordability and availability of rental space to certain businesses that may otherwise cease to operate within the County.
2. Remove unnecessary inconsistencies from the ULDC while continuing to maintain the stated planning goals and purposes of the PIPD.
3. Keep the ULDC up to date with the current trends in commerce and industry to make it a working document for both good economic times and bad.

2. Ancillary uses shall not be located on lots located on the outer boundaries of the industrial park and access shall be from roadways in the interior of the park.

3. Signage for ancillary uses shall not be readily visible from any arterial or collector street.
4. Ancillary uses shall comprise no more than 15 percent of the maximum gross leasable floor space of any LI-1 area.
5. Helipads shall meet the following standards:
  - a. Helipads shall be designed and operated solely for the use of the principal uses within the LI-1 district.
  - b. Helipads shall not be located within 1,000 feet of any RE, RS, RM or MH district or any residential PUD.
  - c. The development application shall include a plan, sealed by a registered engineer, indicating the landing and take-off corridors and demonstrating compliance with all FAA and/or FDOT requirements.

3.31.C. *Site development standards.*

1. *Minimum lot area:* Three acres for principal uses, one acre for ancillary uses.
2. *Minimum lot width:* 100 feet.
3. *Maximum hotel density:* 20 units per acre.
4. *Maximum building coverage:* 50 percent.
5. *Minimum building setbacks:*

*Front:* 25 feet.  
*Rear:* 20 feet.  
*Side:* 15 feet.  
*Corner:* 25 feet.

6. *Maximum height:* 40 feet, or 30 feet when located within 100 feet of a residential zoning district boundary.
7. *Minimum open space:* 30 percent.

3.31.D. *Architectural design.*

1. All buildings within an LI-1 area, both for principal and ancillary uses, shall be of masonry construction, or have the appearance of masonry construction, and shall conform to a common architectural plan. A uniform architectural plan shall be incorporated into the declaration of covenants.
2. Outside storage of materials is prohibited.
3. Loading docks shall not be visible from public rights-of-way.

3.31.E. *Landscaping.*

1. At least 30 percent of the developed area shall be landscaped.
2. Seventy-five percent of all required landscaping shall be native species.
3. A type 4 landscaped buffer shall be required wherever LI-1 zoning abuts a residential zoning district.

3.31.F. *Vehicular access.* Vehicular access to all principal and ancillary uses shall be via local streets created within the LI-1 area. Principal and ancillary uses shall not take vehicular access from existing arterial or collector streets.

3.31.G. *Parking.* No more than ten percent of the off-street parking provided for any given

Orange County (Orlando) Zoning Code

**Sec. 7-9-95. M1 "Light Industrial" District Regulations.**

All references to this section shall include sections 7-9-95.1 through 7-9-95.7.

**Sec. 7-9-95.1. Purpose and intent.**

The M1 District is established to provide for the development and maintenance of light industrial uses and industry-supporting activities.

Industry-supporting activities are those activities which tend to promote the vitality of light industrial areas by providing a convenient location for services incidental to the conduct of business of the permitted uses, thus internalizing vehicle trips for such services. Industry-supporting activities are typically those which naturally locate in an industrial area because the principal part of their business activity is derived from such areas.

It is intended that these regulations promote the effective operation of light industrial uses by site design and by excluding incompatible uses. It is also intended that potentially significant adverse environmental impacts on the surrounding community be prevented.

In those areas of the District where a wide mix of older general retail commercial uses have been established, a secondary intent shall be to support appropriate new uses of high quality over simple consistency with these older, established uses.

**Sec. 7-9-95.2. Principal uses permitted subject to a site development permit.**

The following principal uses are permitted, subject to the approval of a site development permit per section 7-9-150.

- (a) Assembly of component or finished products.
- (b) Automobile parking lots and structures per section 7-9-145.
- (c) Communication transmitting, reception or relay facilities.
- (d) Mail-order businesses.
- (e) Manufacturing of component or finished products.
- (f) Mini-storage facilities or warehouses.
- (g) Motion picture and recording studios; radio or television stations.
- (h) Police and fire stations.
- (i) Recycling businesses for beverage and food containers and paper products.
- (j) Utility facilities.
- (k) Wholesale businesses.
- (l) Industry-supporting commercial activities.

For a Convenience Store with Gas Sales, the applicant may be allowed to either increase the floor area of the store or increase the number of pumps subject to the percentage limitation of Art. 1.F, Nonconformities, and approval of a Traffic Study by the Engineering Department. [Ord. 2010-005] [Ord. 2011-016]

### 38. Data and Information Processing

The use of an establishment for business offices of an industrial nature, including corporate centers, mail processing and telemarketing centers. Such uses are not frequented by the general public.

#### a. Flex Space

This use shall be allowed as a flex space component pursuant to the applicable approval process indicated in Table 3.E.1.B – PDD Use Matrix, Table 4.A.3.A – Use Matrix, and pursuant to Article 5.B.1.C, Flex Space. [Ord. 2010-005]

### 39. Day Camp

An establishment which provides care, protection and programmed activities for children five years of age and older for a period of less than 24 hours per day. This use shall not operate as a day care as defined and regulated by the Department of Children and Family Services.

#### a. Duration

Maximum 16 weeks per calendar year.

#### b. Operation

Shall operate only during those times when local schools are not in session.

#### c. Accessory Use

A day camp for 200 or fewer children may be permitted as an accessory use to a legally established institutional, civic, recreational, or educational use.

### 40. Day Care

An establishment that provides care, protection and supervision for children when licensed by the Palm Beach County Health Department, or for adults when licensed by the Agency for Health Care Administration (AHCA), as specified below: [Ord. 2011-016]

#### a. General

A Day Care for 21 or more children or adults for a period of less than 24 hours per day on a regular basis. [Ord. 2011-016]

#### b. Limited

A Day Care for six to 20 children, or three to 20 adults, for a period of less than 13 hours per day on a regular basis. Limited Day Care does not include nighttime or overnight care. [Ord. 2011-016]

#### c. Family Day Care Home

An occupied residence in which custodial care is rendered to one to six children, inclusive, and for which the owner or operator receives a payment, fee, or grant for any of the children receiving care, whether or not operating for profit, shall be permitted by right in Residential Zoning Districts, in accordance with F.S. § 125.0109, and exempt from any standards other than those applicable to residential uses. [Ord. 2011-016]

#### d. Large Family Child Care Home (LFCCH)

An occupied single family residence in which custodial care is regularly provided for up to 12 children, and for which the owner or operator receives a payment, fee, or grant for any of the children receiving care, whether or not operated for profit, and has at least two-full time child care personnel on the premises during the hours of operation. One of the full-time child care personnel must be the owner or occupant of the residence. The use shall be subject to the following: [Ord. 2011-016]

##### 1) Applicability

Provide documentation that the establishment has operated as a licensed Family Day Care Home for at least two years and meet other licenses and regulations established by the PBC Health Department including the maximum number of children permitted. [Ord. 2011-016]

##### 2) Zoning District Limitation

Shall be permitted only in Residential Zoning Districts where Limited Day Care is allowed. [Ord. 2011-016]

##### 3) Approval Process

Shall be subject to DRO approval unless located on lots 20,000 square feet or more in which case the use shall be permitted by right. [Ord. 2011-016]
