Summary Plan Description

United Healthcare Services, Inc.

What Is the Summary Plan Description?

This *Summary Plan Description (SPD)* is a summary of the Covered Health Care Services available to you under the Palm Beach County Board of County Commissioners ("Plan Sponsor") Self-Funded health benefit plan. This *SPD* is a legal document that describes Benefits for the portion of the Plan for which United Healthcare Services, Inc. ("Claims Administrator") administers claims payment, either directly or in conjunction with one of the Claims Administrator's affiliates.

For the purposes of this provision "Self-Funded" means that the Plan Sponsor, on behalf of the Plan, has the sole responsibility to pay, and provide funds, to pay for all Plan benefits. The Claims Administrator has no liability or responsibility to provide these funds. The Claims Administrator is a private healthcare claims administrator. The Claims Administrator is not the Plan Administrator for the Plan. Although the Claims Administrator will assist you in many ways, it does not guarantee any Benefits. The Plan Sponsor is solely responsible for the benefit plan design and funding payment of Benefits.

In addition to this *SPD*, the Plan includes:

- The *Schedule of Benefits*.
- Amendments.
- Addendums.
- Summary Material Modifications (SMM).

Can This SPD Change?

The Plan Sponsor may, from time to time, change this *SPD* by attaching legal documents called SMMs and/or Amendments that may change certain provisions of this *SPD*. When this happens the Plan Sponsor will send you a new *SPD*, Amendment, Addendums or SMMs.

Other Information You Should Have

The Plan Sponsor intends to continue this Plan, but reserves the right, in its sole discretion, to change, interpret, withdraw or add Benefits, or to end the Plan, as permitted by law, without your approval subject to any collective bargaining agreements, if applicable.

On its effective date, this *SPD* replaces and overrules any *SPD* that the Plan Sponsor may have previously issued to you. This *SPD* will in turn be overruled by any *SPD* issued to you in the future.

The Plan is not subject to ERISA. To the extent other federal law (e.g. PHSA, IRC) does not apply, FL-Florida law governs the Plan and Utah is the Essential Health Benefits Benchmark.

Introduction to Your SPD

This *SPD* and the other Plan documents describe your Benefits, as well as your rights and responsibilities, under the Plan.

What Are Defined Terms?

Certain capitalized words have special meanings. The Plan Sponsor has defined these words in *Section 9: Defined Terms*.

When the Plan Sponsor uses the words "you" and "your," the Plan Sponsor is referring to people who are Covered Persons, as that term is defined in *Section 9: Defined Terms*.

How Do You Use This Document?

Read your entire *SPD* and any attached Amendments, Addendums or SMMs. You may not have all of the information you need by reading just one section. Keep your *SPD* and *Schedule of Benefits* and any attachments in a safe place for your future reference. You can also get this *SPD* at www.myuhc.com.

Review the Benefit limitations of this *SPD* by reading the attached *Schedule of Benefits* along with *Section 1: Covered Health Care Services* and *Section 2: Exclusions and Limitations*. Read *Section 8: General Legal Provisions* to understand how this *SPD* and your Benefits work. Call the Claims Administrator if you have questions about the limits of the coverage available to you.

If there is a conflict between this *SPD* and any summaries provided to you by the Plan Sponsor, this *SPD* controls.

Please be aware that your Physician is not responsible for knowing or communicating your Benefits.

How Do You Contact the Claims Administrator?

Call the telephone number listed on your identification (ID) card. Throughout the document you will find statements that encourage you to contact the Claims Administrator for more information.

Your Responsibilities

Enrollment and Required Contributions

Benefits are available to you if you are enrolled for coverage under the Plan. Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins*. To be enrolled and receive Benefits, both of the following apply:

- Your enrollment must be in accordance with the requirements of the Plan issued to your Plan Sponsor, including the eligibility requirements.
- You must qualify as a Participant or a Dependent as those terms are defined in *Section 9: Defined Terms*.

Your Plan Sponsor may require you to make certain payments to them, in order for you to remain enrolled under the Plan. If you have questions about this, contact your Plan Sponsor.

Be Aware the Plan Does Not Pay for All Health Care Services

The Plan does not pay for all health care services. Benefits are limited to Covered Health Care Services. The *Schedule of Benefits* will tell you the portion you must pay for Covered Health Care Services.

Decide What Services You Should Receive

Care decisions are between you and your Physician. The Claims Administrator and the Plan Sponsor do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver your care. The Claims Administrator arranges for Physicians and other health care professionals and facilities to participate in a Network. The Claims Administrator's credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Obtain Prior Authorization

Some Covered Health Care Services require prior authorization. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. For detailed information on the Covered Health Care Services that require prior authorization, please refer to the *Schedule of Benefits*.

Pay Your Share

You must meet any applicable deductible and pay a Copayment and/or Coinsurance for most Covered Health Care Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Any applicable deductible, Copayment and Coinsurance amounts are listed in the *Schedule of Benefits*.

Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with the Plan's exclusions.

Show Your ID Card

You should show your ID card every time you request health care services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered.

File Claims with Complete and Accurate Information

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from the Plan. You must file the claim in a format that contains all of the information the Claims Administrator requires to process the claim, as described in *Section 5: How to File a Claim*.

Use Your Prior Health Care Coverage

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, the Plan will not pay Benefits for health care services for that condition or disability until the prior coverage ends. The Plan will pay Benefits as of the day your coverage begins under the Plan for all other Covered Health Care Services that are not related to the condition or disability for which you have other coverage.

Claims Administrator and Plan Sponsor Responsibilities

Determine Benefits

The Claims Administrator makes administrative decisions regarding whether the Plan will pay for any portion of the cost of a health care service you intend to receive or have received. The Claims Administrator's decisions are for payment purposes only. The Claims Administrator does not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

The Claims Administrator has the discretion to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this *SPD*, the *Schedule of Benefits* and any SMMs and/or Amendments.
- Make factual determinations relating to Benefits.

The Plan Sponsor assigns the discretionary authority to the Claims Administrator who may assign this discretionary authority to other persons or entities including Claims Administrator's affiliates that may provide administrative services for the Plan, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time in Plan Sponsor's and the Claims Administrator's discretion. In order to receive Benefits, you must cooperate with those service providers.

Process Payment for the Plan's Portion of the Cost of Covered Health Care Services

The Claims Administrator processes the Plan's payment of Benefits for Covered Health Care Services as described in *Section 1: Covered Health Care Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means the Claims Administrator processes only the payment of the Plan's portion of the cost of Covered Health Care Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by the Plan.

Process Plan Payment to Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from the Plan. When you receive Covered Health Care Services from Network providers, you do not have to submit a claim to the Plan.

Process Plan Payment for Covered Health Care Services Provided by Out-of-Network Providers

The Claims Administrator processes the Plan's payment of Benefits after receiving your request for payment that includes all required information. See *Section 5: How to File a Claim*.

Review and Determine Benefits in Accordance with the Claims Administrator's Reimbursement Policies

The Claims Administrator develops its reimbursement policy guidelines, in its sole discretion, in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.

- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that the Claims Administrator accepts.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), the Claims Administrator's reimbursement policies are applied to provider billings. The Claims Administrator shares its reimbursement policies with Physicians and other providers in the Claims Administrator's Network through the Claims Administrator's provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by the Claims Administrator's reimbursement policies) and the billed charge. However, out-of-Network providers may bill you for any amounts the Plan does not pay, including amounts that are denied because one of the Claims Administrator's reimbursement policies does not reimburse (in whole or in part) for the service billed. You may get copies of the Claims Administrator's reimbursement policies for yourself or to share with your out-of-Network Physician or provider by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

The Claims Administrator may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on *CMS* coding principles, to determine appropriate reimbursement levels for Emergency Health Care Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, the Claims Administrator will use comparable methodology(ies). The Claims Administrator and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to the Claims Administrator's website at www.myuhc.com for information regarding the vendor that provides the applicable methodology.

Offer Health Education Services to You

The Claims Administrator may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to take part in the programs, but it is recommended that you discuss them with your Physician.

Schedule of Benefits

How Do You Access Benefits?

Designated Network Benefits apply to Covered Health Care Services that are provided by a provider or facility that has been identified as a Designated Provider. Designated Network Benefits are available only for specific Covered Health Care Services as shown in the *Schedule of Benefits* table below.

Network Benefits apply to Covered Health Care Services that are provided by a Network Physician or other Network provider. You are not required to select a Primary Care Physician in order to obtain Benefits.

Emergency Health Care Services provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

Covered Health Care Services provided at certain Network facilities by an out-of-Network Physician, when not Emergency Health Care Services, will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*. For these Covered Health Care Services, "certain Network facility" is limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center as described in section 1833(i)(1)(A) of the Social Security Act, and any other facility specified by the Secretary.

Air Ambulance transport provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under the Plan. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you by the Plan Sponsor, this *Schedule of Benefits* will control.

Does Prior Authorization Apply?

The Claims Administrator requires prior authorization for certain Covered Health Care Services. Network providers are responsible for obtaining prior authorization before they provide these services to you.

Network facilities and Network providers cannot bill you for services they do not prior authorize as required. You can call the Claims Administrator at the telephone number on your ID card.

What Will You Pay for Covered Health Care Services?

Benefits for Covered Health Care Services are described in the tables below.

Annual Deductibles are calculated on a calendar year basis.

Out-of-Pocket Limits are calculated on a calendar year basis.

When Benefit limits apply, the limit stated includes Covered Health Care Services provided at a Designated Network Benefit level unless otherwise specifically stated.

Allowed Amounts

Allowed Amounts are the amount the Claims Administrator determines that the Plan will pay for Benefits.

- For Designated Network Benefits and Network Benefits for Covered Health Care Services provided by a Network provider, except for your cost sharing obligations, you are not responsible for any difference between Allowed Amounts and the amount the provider bills.
 - For Covered Health Care Services that are ***Ancillary Services received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians***, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in this SPD.
 - For Covered Health Care Services that are ***non-Ancillary Services received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied as described below***, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.
 - For Covered Health Care Services that are ***Emergency Health Care Services provided by an out-of-Network provider***, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in this SPD.

Allowed Amounts are determined in accordance with the Claims Administrator's reimbursement policy guidelines or as required by law, as described in the SPD.

For Designated Network Benefits and Network Benefits, Allowed Amounts are based on the following:

- When Covered Health Care Services are received from a Designated Network and Network provider, Allowed Amounts are the Claims Administrator's contracted fee(s) with that provider.
- When Covered Health Care Services are received from an out-of-Network provider as arranged by the Claims Administrator, including when there is no Network provider who is reasonably accessible or available to provide Covered Health Care Services. Allowed Amounts are an amount negotiated by the Claims Administrator or an amount permitted by law. Please contact the Claims Administrator if you are billed for amounts in excess of your applicable Coinsurance, Copayment or any deductible. The Plan will not pay excessive charges or amounts you are not legally obligated to pay.

When Covered Health Care Services are received from an out-of-Network provider as described below, Allowed Amounts are determined as follows:

- **For non-Emergency Covered Health Care Services received at certain Network facilities from out-of-Network Physicians** when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the *Public Health Service Act* with respect to a visit as defined by the Secretary, the Allowed Amount is based on one of the following in the order listed below as applicable:
 - The reimbursement rate as determined by a state *All Payer Model Agreement*.
 - The reimbursement rate as determined by state law.
 - The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the out-of-Network provider and the Claims Administrator.
 - The amount determined by *Independent Dispute Resolution (IDR)*.

For the purpose of this provision, "certain Network facilities" are limited to a hospital (as defined in 1861(e) of the *Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the *Social Security Act*), an ambulatory surgical center as described in section 1833(i)(1)(A) of the *Social Security Act*, and any other facility specified by the Secretary.

IMPORTANT NOTICE: For Ancillary Services, non-Ancillary Services provided without notice and consent, and non-Ancillary Services for unforeseen or urgent medical needs that arise at the time a service is provided for which notice and consent has been satisfied, you are not responsible, and an out-of-Network Physician may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.

- **For Emergency Health Care Services provided by an out-of-Network provider**, the Allowed Amount is based on one of the following in the order listed below as applicable:
 - The reimbursement rate as determined by a state *All Payer Model Agreement*.
 - The reimbursement rate as determined by state law.
 - The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the out-of-Network provider and the Claims Administrator.
 - The amount determined by *Independent Dispute Resolution (IDR)*.

IMPORTANT NOTICE: You are not responsible, and an out-of-Network provider may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.

- **For Air Ambulance transportation provided by an out-of-Network provider**, the Allowed Amount is based on one of the following in the order listed below as applicable:
 - The reimbursement rate as determined by a state *All Payer Model Agreement*.
 - The reimbursement rate as determined by state law.
 - The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the out-of-Network provider and the Claims Administrator.
 - The amount determined by *Independent Dispute Resolution (IDR)*.

IMPORTANT NOTICE: You are not responsible, and an out-of-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the rates that would apply if the service was provided by a Network provider which is based on the Recognized Amount as defined in the SPD.

- **For Emergency ground ambulance transportation provided by an out-of-Network provider**, the Allowed Amount, which includes mileage, is a rate agreed upon by the out-of-Network provider or, unless a different amount is required by applicable law, determined based upon the median amount negotiated with Network providers for the same or similar service.

IMPORTANT NOTICE: Out-of-Network providers may bill you for any difference between the provider's billed charges and the Allowed Amount described here.

When Covered Health Care Services are received from an out-of-Network provider, except as described above, Allowed Amounts are determined as follows: an amount negotiated by the Claims Administrator, a specific amount required by law (when required by law), or an amount the Claims Administrator has determined is typically accepted by a healthcare provider for the same or similar service. The Plan will not pay excessive charges. You are responsible for paying, directly to the out-of-Network provider, the applicable Coinsurance, Copayment or any deductible. Please contact the Claims Administrator if you are billed for amounts in excess of your applicable Coinsurance, Copayment or any deductible to access the Advocacy Services as described below. Following the conclusion of the Advocacy Services described below, any responsibility to pay more than the Allowed Amount (which includes your Coinsurance, Copayment, and deductible) is yours.

Advocacy Services

The Plan has contracted with the Claims Administrator to provide advocacy services on your behalf with respect to out-of-network providers that have questions about the Allowed Amounts and how the Claims Administrator determined those amounts. Please call the Claims Administrator at the number on your ID card to access these advocacy services, or if you are billed for amounts in excess of your applicable Coinsurance or Copayment. In addition, if the Claims Administrator, or its designee, reasonably concludes that the particular facts and circumstances related to a claim provide justification for reimbursement greater than that which would result from the application of the Allowed Amount, and the Claims Administrator, or its designee, determines that it would serve the best interests of the Plan and its Participants (including interests in avoiding costs and expenses of disputes over payment of claims), the Claims Administrator, or its designee, may use its sole discretion to increase the Allowed Amount for that particular claim.

Provider Network

The Claims Administrator or its affiliates arrange for health care providers to take part in a Network. Network providers are independent practitioners. They are not Palm Beach County Board of County Commissioners or the Claims Administrator's employees. It is your responsibility to choose your provider.

The Claims Administrator's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling the telephone number on your ID card. A directory of providers is available by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card to request a copy. If you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through a database, provider directory, or in a response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for Network Benefits.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits. However, if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to expiration or nonrenewal of the provider's contract, you may be eligible to request continued care from your current provider at the Network Benefit level for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

If you are currently undergoing a course of treatment using an out-of-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Care Services. Some Network providers contract with the Claims Administrator to provide only certain Covered Health Care Services, but not all Covered Health Care Services. Some Network providers choose to be a Network provider for only some of the Claims Administrator's products. Refer to your provider directory or contact the Claims Administrator for help.

Designated Providers

If you have a medical condition that the Claims Administrator believes needs special services, the Claims Administrator may direct you to a Designated Provider chosen by the Claims Administrator. If you require certain complex Covered Health Care Services for which expertise is limited, the Claims Administrator may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Care Services from a Designated Provider, the Plan may reimburse certain travel expenses.

In both cases, Benefits will only be paid if your Covered Health Care Services for that condition are provided by or arranged by the Designated Provider chosen by the Claims Administrator.

You or your Network Physician must notify the Claims Administrator of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider. If you do not notify the Claims Administrator in advance, and if you receive services from an out-of-Network facility (regardless of whether it is a Designated Provider) or other out-of-Network provider, Network Benefits will not be paid.

Health Care Services from Out-of-Network Providers

If specific Covered Health Care Services are not available from a Network provider, you may be eligible for Benefits when Covered Health Care Services are received from out-of-Network providers. In this situation, your Network Physician will notify the Claims Administrator and, if the Claims Administrator confirms that care is not available from a Network provider, the Claims Administrator will work with you and your Network Physician to coordinate care through an out-of-Network provider.

Limitations on Selection of Providers

If the Claims Administrator determines that you are using health care services in a harmful or abusive manner, or with harmful frequency, your selection of Network providers may be limited. If this happens, the Claims Administrator may require you to select a single Network Physician to provide and coordinate all future Covered Health Care Services.

If you don't make a selection within 31 days of the date the Claims Administrator notifies you, the Claims Administrator will select a single Network Physician for you.

If you do not use the selected Network Physician, Benefits will not be paid.

Benefits payable under this section include Medical Pharmaceuticals whose administration may initially, or typically, require Physician oversight but may be self-administered under certain conditions specified in the product's FDA labeling.

Certain Medical Pharmaceuticals are subject to prior authorization requirements or other coverage conditions. Additionally, certain Medical Pharmaceuticals are subject to step therapy requirements. This means that in order to receive benefits for such Medical Pharmaceuticals, you are required to try a different Medical Pharmaceutical and/or Prescription Drug Product first.

UnitedHealthcare determines whether utilization management requirements or other coverage conditions should apply to a Medical Pharmaceutical by considering a number of factors, including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, the UnitedHealthcare Committee's evaluations of the place in therapy, relative safety or relative efficacy of Medical Pharmaceuticals as well as whether utilization management requirements should apply. Economic factors may include, but are not limited to, the Medical Pharmaceutical's cost including, but not limited to, assessments on the cost effectiveness of the Medical Pharmaceuticals and available rebates. When considering a Medical Pharmaceutical for a coverage status, the Business Decision Team reviews clinical and economic factors regarding enrollees as a general population across its book-of-business.

Regardless of its eligibility for coverage under your plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you (or your Dependent) and the prescribing Physician.

The coverage criteria for a Medical Pharmaceutical may change periodically for various reasons. For example, a Medical Pharmaceutical may be removed from the market, a new Medical Pharmaceutical in the same therapeutic class as a Medical Pharmaceutical may become available, or other market events may occur. Market events that may affect the coverage status of a Medical Pharmaceutical include, but are not limited to, an increase in the cost of a Medical Pharmaceutical.

Replacement of such prostheses is covered only if needed due to normal anatomical change or reasonable wear and tear which renders item nonfunctioning and non-repairable. UHC does not cover repair or replacement of an external prosthetic device, including an upper limb myoelectric prosthetic device, if the device becomes unusable or nonfunctioning because of individual misuse, abuse or neglect.

External prosthetics containing biomechanicals or microprocessors are covered as Medically Necessary when all coverage criteria has been met. Replacement of such prostheses is covered only if needed due to normal anatomical change or reasonable wear and tear which renders item nonfunctioning and non-repairable. Section 2: Exclusions and Limitations

How Are Headings Used in this Section?

To help you find exclusions, this section contains headings (for example *A. Alternative Treatments* below). Where Are Benefit Limitations Shown?

Please review all limits carefully, as the Plan will not pay Benefits for any of the services, treatments, items or supplies that exceed these Benefit limits.

Please note that in listing services or examples, when the exclusion or limitation says that "this includes," it is not the Plan's intent to limit the description to that specific list. For the purpose of this exclusion, a "complication" is an unexpected or unanticipated condition that is superimposed on an existing disease and that affects or modifies the prognosis of the original disease or condition. Examples of a "complication" are bleeding or infections, following a Cosmetic Procedure, that require hospitalization.

Section 3: When Coverage Begins

How Do You Enroll?

Eligible Persons must complete an enrollment form or enroll through an electronic enrollment system given to them by the Plan Sponsor. The Plan Sponsor will submit the completed forms to the Claims Administrator, along with any required contribution. The Plan will not provide Benefits for health care services that you receive before your effective date of coverage.

To enroll, call the Plan Sponsor within 31 days of the date you first become eligible for medical Plan coverage. If you do not enroll within 31 days, you will need to wait until the next annual Open Enrollment to make your benefit elections.

Each year during annual Open Enrollment, you have the opportunity to review and change your medical election. If you wish to change your benefit elections due to your marriage, birth, adoption of a child, placement for adoption of a child or other family status change, you must contact the Plan Sponsor within 31 days of the event. Otherwise, you will need to wait until the next annual Open Enrollment to change your elections.

Cost of Coverage

You and the Plan Sponsor share in the cost of the Plan. Your contribution amount depends on the Plan you select and the family members you choose to enroll.

Your contributions are deducted from your paychecks on a before-tax basis. Before-tax dollars come out of your pay before federal income and Social Security taxes are withheld. In most states, before state and local taxes are withheld. This gives your contributions a special tax advantage and lowers the actual cost to you.

Note: The Internal Revenue Service generally does not consider Domestic Partners and their children eligible Dependents. Therefore, the value of the Plan Sponsor's cost in covering a Domestic Partner may be imputed to the Participant as income. In addition, the share of the Participant's contribution that covers a Domestic Partner and their children may be paid using after-tax payroll deductions.

Your contributions are subject to review and the Plan Sponsor reserves the right to change your contribution amount from time to time.

You can obtain current contribution rates by calling the Plan Sponsor.

What If You Are Hospitalized When Your Coverage Begins?

The Plan will pay Benefits for Covered Health Care Services when all of the following apply:

- You are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins.
- You receive Covered Health Care Services on or after your first day of coverage related to that Inpatient Stay.
- You receive Covered Health Care Services in accordance with the terms of the Plan.

These Benefits are subject to your previous carrier's obligations under state law or contract.

You should notify the Claims Administrator of your hospitalization within 48 hours of the day your coverage begins, or as soon as reasonably possible. For plans that have a Network Benefit level, Network Benefits are available only if you receive Covered Health Care Services from Network providers.

What If You Are Eligible for Medicare?

Your Benefits may be reduced if you are eligible for Medicare but do not enroll in and maintain coverage under Medicare.

Your Benefits may also be reduced if you are enrolled in a *Medicare Advantage* (Medicare Part C) plan but do not follow the rules of that plan. Please see *How Are Benefits Paid When You Are Medicare Eligible* in *Section 8: General Legal Provisions* for more information about how Medicare may affect your Benefits.

Who Is Eligible for Coverage?

The Plan Sponsor determines who is eligible to enroll and who qualifies as a Dependent.

Eligible Person

Eligible Person usually refers to an employee of the Plan Sponsor who (or other person whose connection with the Plan Sponsor) meets the eligibility rules. When an Eligible Person enrolls, the Claims Administrator refers to that person as a Participant. For a complete definition of Eligible Person, Plan Sponsor and Participant, see *Section 9: Defined Terms*.

You are eligible to enroll in the Plan if you are a regular full-time employee who is scheduled to work at least 30 hours per week or a person who retires while covered under the Plan.

Eligible Persons must live within the United States.

Once your properly completed enrollment is received, coverage will begin on the date of employment and ending with the first calendar day of the calendar month coinciding with or following 60 consecutive days of employment. Coverage for your Dependents will start on the date your coverage begins, provided you have enrolled them in a timely manner.

Dependent

Dependent generally refers to the Participant's spouse and children. When a Dependent enrolls, the Claims Administrator refers to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see *Section 9: Defined Terms*.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Plan.

Your eligible Dependents may also participate in the Plan. An eligible Dependent is considered to be:

- Your lawful spouse; or
- Your Domestic Partner; and
- Any child or yours who is:
 - Less than 26 years old.
 - From 26 years until the end of the calendar year in which the child reaches the age of 30, provided the child is unmarried and does not have a dependent of his own, is a Florida state resident or a full-time or part-time student, and is not covered under a plan of their own or entitled to benefits under Title XVIII of the Social Security Act. UnitedHealthcare may require such proof at least once each year until the end of the calendar year in which he attains age 30; and
 - Who is 26 or more years old, unmarried, and primarily supported by you and incapable of self-sustaining employment by reason of mental or physical disability which arose while the child was covered as a Dependent under this Plan, or while covered as a dependent under a prior plan with no break in coverage. Proof of the child's condition and dependence may be

required to be submitted to the plan as a condition of coverage after the date the child ceases to qualify above. However, if a claim is denied, proof must be submitted by the Employee that the child is and has continued to be mentally or physically handicapped.

To be eligible for coverage under the Plan, a Dependent must reside within the United States.

Note: Your Dependents may not enroll in the Plan unless you are also enrolled. In addition, if you and your Spouse are both covered under the Plan, you may each be enrolled as a Participant or be covered as a Dependent of the other person, but not both. In addition, if you and your Spouse are both covered under the Plan, only one parent may enroll your child as a Dependent.

A Dependent also includes a child for whom health care coverage is required through a Qualified Medical Child Support Order or other court or administrative order.

When Do You Enroll and When Does Coverage Begin?

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

Initial Enrollment Period

When the Plan Sponsor purchases coverage under the Plan from the Claims Administrator, the Initial Enrollment Period is the first period of time when Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date shown in the Plan. The Plan Sponsor must receive the completed enrollment form and any required contribution within 31 days of the date the Eligible Person becomes eligible.

Open Enrollment Period

The Plan Sponsor sets the Open Enrollment Period. During the Open Enrollment Period, Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified by the Plan Sponsor. The Plan Sponsor must receive the completed enrollment form and any required contribution within 31 days of the date the Eligible Person becomes eligible.

New Eligible Persons

Coverage for a new Eligible Person and his or her Dependents begins on the date agreed to by the Plan Sponsor. The Plan Sponsor must receive the completed enrollment form and any required contribution within 31 days of the date the new Eligible Person first becomes eligible.

Effective Date of Dependent Insurance

Insurance for your Dependents will become effective on the date you elect it by signing an approved payroll deduction form (if required), but no earlier than the day you become eligible for Dependent Insurance. All of your Dependents as defined will be included. A newborn child will be covered for the first 31 days of life even if you fail to enroll the child. If you enroll the child after the first 31 days and by the 60th day after his birth, coverage will be offered at an additional premium. Coverage for an adopted child will become effective from the date of placement in your home or from birth for the first 31 days even if you fail to enroll the child. However, if you enroll the adopted child between the 31st and 60th days after his birth or placement in your home, coverage will be offered at an additional premium.

Your Dependents will be insured only if you are insured.

Newborn Children

Coverage for newborn children of an insured employee or the employee's covered family member begins from the moment of birth.

Coverage for a newborn child of a covered family member terminates when the child is 18 months old.

If notice of birth is given to the company within 30 days there is no premium charge for the initial 30 day period. If notice is given within 60 days of the birth of the child, the insurer may not deny coverage for a child due to the failure of the insured to timely notify the insurer of the birth of the child.

This policy covers newborn children for the necessary dental care or dental treatment of congenital defects or birth abnormalities of the teeth or gums.

Foster Children, Adoptive Children and Children in Custodial Care

Benefits applicable to children of the insured employee also apply to adoptive children, foster children and children in custodial care. Coverage begins from birth or from the moment of placement in the home. Coverage may not exclude any preexisting condition of the child.

In the case of a newborn adoptive child, coverage begins from the moment of birth if there is a written agreement to adopt the child, whether or not the agreement is enforceable.

Coverage does not extend to an adoptive child who is not ultimately placed in the home of the insured employee.

If notice of the birth or placement of an adopted child is given to the company within 30 days there is no premium charge for the initial 30 day period.

If notice is given within 60 days of the birth or placement of an adopted child, the insurer may not deny coverage for the child due to the failure of the insured to timely notify the insurer of the birth or placement of the child.

If any family member of the insured employee is covered as a dependent, then benefits applicable to children are covered with respect to a foster child or other child in court-ordered temporary custody or other custody of the insured employee.

Exception for Newborns

Any Dependent child born while you are insured will become insured on the date of his birth if you elect Dependent Insurance no later than 31 days after his birth. If you do not elect to insure your newborn child within such 31 days, coverage for that child will end on the 31st day. No benefits for expenses incurred beyond the 31st day will be payable.

If notice is given within 60 days of the birth of the child, the insurer may not deny coverage for a child due to the failure of the insured to timely notify the insurer of the birth of the child.

Adding New Dependents

Participants may enroll Dependents who join their family because of any of the following events:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Legal guardianship.
- Court or administrative order.

- Registering a Domestic Partner.

Coverage for the Dependent, except for newborns, begins on the date of the event. The Plan Sponsor must receive the completed enrollment form and any required contribution within 31 days of the event. For newborns, coverage begins at the moment of birth if the newborn is enrolled by the Participant as described below. For newborns placed for adoption or foster care, coverage begins from the moment of birth if there is an agreement to place or adopt the newborn and the newborn is ultimately placed in the Participant's home. For newborns, adopted children and children placed for foster care, no contribution will be charged for the first 31 days if written notice to enroll the new dependent is given within 31 days of the event. If the Participant fails to enroll the new dependent within 31 days but does so within 60 days of the event, the Participant will be required to pay an additional contribution from the date of birth or placement. If written notice is not given within 60 days of birth or placement, the newborn, foster child or adopted child may be enrolled during any Open Enrollment Period.

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan ended for cause, or because premiums were not paid on a timely basis.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Registering a Domestic Partner.

A special enrollment period also applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if any of the following are true:

- The Eligible Person previously declined coverage under the Plan, but the Eligible Person and/or Dependent becomes eligible for a premium assistance subsidy under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if the Plan Sponsor receives the completed enrollment form and any required contribution within 60 days of the date of determination of subsidy eligibility.
- The Eligible Person and/or Dependent had existing health coverage under another plan at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period and coverage under the prior plan ended because of any of the following:
 - Loss of eligibility (including legal separation, divorce or death).
 - The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
 - In the case of COBRA continuation coverage, the coverage ended.
 - The Eligible Person and/or Dependent no longer resides, lives or works in an HMO service area if no other benefit option is available.

Palm Beach County Board of County Commissioners Medical and Outpatient Prescription Drugs Plan

- The plan no longer offers benefits to a class of individuals that includes the Eligible Person and/or Dependent.
- The Eligible Person and/or Dependent loses eligibility under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if the Plan Sponsor receives the completed enrollment form and any required contribution within 60 days of the date coverage ended.

When an event takes place (for example, a birth, marriage or determination of eligibility for state subsidy), coverage begins on the date of the event. The Plan Sponsor must receive the completed enrollment form and any required contribution within 31 days of the event unless otherwise noted above.

For an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period because they had existing health coverage under another plan, coverage begins on the day following the day coverage under the prior plan ends. Except as otherwise noted above, coverage will begin only if the Plan Sponsor receives the completed enrollment form and any required contribution within 31 days of the date coverage under the prior plan ended.

Section 4: When Coverage Ends

General Information about When Coverage Ends

As permitted by law, the Plan Sponsor may end the Plan and/or all similar benefit plans at any time for the reasons explained in the Plan.

Your right to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, the Claims Administrator will still process Plan payments on claims for Covered Health Care Services that you received before the date your coverage ended. However, once your coverage ends, the Claims Administrator will not process Plan payments on claims for any health care services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended).

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Participant's coverage ends.

What Events End Your Coverage?

Coverage ends on the earliest of the dates specified below:

- **The Entire Plan Ends**

Your coverage ends on the date the Plan ends. In this event, the Plan Sponsor is responsible for notifying you that your coverage has ended. If the Plan Sponsor ends your coverage because of a decision to no longer issue this particular type of health benefit plan, the Plan Sponsor will provide written notice to you at least 90 days prior to the renewal date of the Plan. If the Plan Sponsor ends your coverage because of a decision to no longer issue any type of health benefit plan, the Plan Sponsor will provide written notice to you and the applicable state authority at least 180 days prior to the renewal date of the Plan.

- **You Are No Longer Eligible**

Your coverage ends on the last day of the calendar month in which you are no longer eligible to be a Participant. Coverage for your Enrolled Dependent ends on the last day of the year your Enrolled Dependent no longer qualifies as a Dependent under this Plan. Coverage for a newborn child of a Covered Member terminates when the child is 18 months old. Please refer to *Section 9: Defined Terms* for definitions of the terms "Eligible Person," "Participant," "Dependent" and "Enrolled Dependent."

- **The Claims Administrator Receives Notice to End Coverage**

The Plan Sponsor is responsible for providing the required notice to the Claims Administrator to end your coverage. Your coverage ends on the last day of the calendar month in which the Claims Administrator receives the required notice from the Plan Sponsor to end your coverage, or on the date requested in the notice, if later.

- **Participant Retires or Is Pensioned**

The Plan Sponsor is responsible for providing the required notice to the Claims Administrator to end your coverage. Your coverage ends the last day of the calendar month in which the Participant is retired or receiving benefits under the Plan Sponsor's pension or retirement plan.

This provision applies unless there is specific coverage classification for retired or pensioned persons in the Plan, and only if the Participant continues to meet any applicable eligibility requirements. The Plan Sponsor can provide you with specific information about what coverage is available for retirees.

Fraud or Intentional Misrepresentation of a Material Fact

The Plan will provide at least 30 days advance required notice to the Participant that coverage will end on the date identified in the notice because you committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

If the Claims Administrator and the Plan Sponsor find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact the Plan Sponsor has the right to demand that you pay back all Benefits the Plan paid to you, or paid in your name, during the time you were incorrectly covered under the Plan.

Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. The Plan will extend the coverage for that child beyond this age if both of the following are true:

- The Enrolled Dependent child is not able to support him/herself because of mental, developmental or physical disability.
- The Enrolled Dependent child depends mainly on the Participant for support.

Coverage will continue as long as the Enrolled Dependent child is medically certified as disabled and dependent unless coverage otherwise ends in accordance with the terms of the Plan.

You must furnish the Plan Sponsor with proof of the medical certification of disability within 31 days of the date coverage would have ended because the child reached a certain age. Before the Plan Sponsor agrees to this extension of coverage for the child, the Plan Sponsor may require that a Physician examine the child. The Plan Sponsor will choose the Physician and the Plan will pay for that examination.

The Plan Sponsor may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical exams at the Plan's expense. The Plan Sponsor will not ask for this information more than once a year.

If you do not provide proof of the child's disability and dependency within 31 days of the Plan Sponsor's request as described above, coverage for that child will end.

Extended Coverage for Pregnancy

If a Covered Person is pregnant on the date the entire Plan ends, Benefits for the Pregnancy will be extended to Covered Health Care Services related directly to the Pregnancy. Such Benefits will be extended until the Pregnancy ends, regardless of whether the Plan Sponsor or other entity secures replacement coverage from a new carrier or foregoes the provision of coverage unless coverage under the succeeding plan is required by statute.

Continuation of Coverage

If your coverage ends under the Plan, you may have the right to elect continuation coverage (coverage that continues on in some form) in accordance with federal law.

Continuation coverage under *COBRA* (the federal *Consolidated Omnibus Budget Reconciliation Act*) is available only to Plan Sponsors that are subject to the terms of *COBRA*. Contact your plan administrator to find out if your Plan Sponsor is subject to the provisions of *COBRA*.

If you chose continuation coverage under a prior plan which was then replaced by coverage under the Plan, continuation coverage will end as scheduled under the prior plan or in accordance with federal or state law, whichever is earlier.

The Claims Administrator is not the Plan Sponsor's designated "plan administrator" as that term is used in federal law, and the Claims Administrator does not assume any responsibilities of a "plan administrator" according to federal law.

The Claims Administrator is not obligated to provide continuation coverage to you if the Plan Sponsor or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Plan Sponsor or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.
- Notifying the Claims Administrator in a timely manner of your election of continuation coverage.

Section 5: How to File a Claim

Claims Procedures

You can obtain a claim form by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card. If you do not have a claim form, attach the bill from your provider to a brief letter of explanation. Verify that your provider's bill contains the *Required Information* listed below. If any *Required Information* is missing from the bill, you can include it in your letter.

How Are Covered Health Care Services from Network Providers Paid?

The Claims Administrator processes payment to Network providers directly for your Covered Health Care Services. If a Network provider bills you for any Covered Health Care Service, contact the Claims Administrator. However, you are required to meet any applicable deductible and to pay any required Copayments and Coinsurance to a Network provider.

How Are Covered Health Care Services from an Out-of-Network Provider Paid?

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from the Claims Administrator. You must file the claim in a format that contains all of the information the Claims Administrator requires, as described below.

You should submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to the Claims Administrator within one year of the date of service, Benefits for that health care service will be denied or reduced, in the Claims Administrator's discretion. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

How Are Outpatient Prescription Drug Benefits Paid?

If you wish to receive reimbursement for a prescription, you may submit a post-service claim as described in this section if:

- You are asked to pay the full cost of the Prescription Drug Product when you fill it and you believe that the Plan should have paid for it.
- You pay a either a Copayment and/or Coinsurance and you believe that the amount of the Copayment and/or Coinsurance was incorrect.

If a pharmacy (retail or mail order) fails to fill a prescription that you have presented and you believe that it is a Covered Health Care Service, you may submit a pre-service request for Benefits as described in this section.

Required Information

When you request payment of Benefits from the Claims Administrator, you must provide the Claims Administrator with all of the following information:

- The Participant's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.

- A diagnosis from the Physician.
- An itemized bill from your provider that includes the *Current Procedural Terminology (CPT)* codes or a description of each charge.
- The date the Injury or Sickness began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with the Claims Administrator at the address on your ID card.

Payment of Benefits

You may not assign, transfer, or in any way convey your Benefits under the Plan or any cause of action related to your Benefits under the Plan to a provider or to any other third party. Nothing in this Plan shall be construed to make the Plan, Plan Sponsor, or Claims Administrator or its affiliates liable for payments to a provider or to a third party to whom you may be liable for payments for Benefits.

The Plan will not recognize claims for Benefits brought by a third party. Also, any such third party shall not have standing to bring any such claim independently, as a Covered Person or beneficiary, or derivatively, as an assignee of a Covered Person or beneficiary.

References herein to "third parties" include references to providers as well as any collection agencies or third parties that have purchased accounts receivable from providers or to whom accounts receivables have been assigned.

As a matter of convenience to a Covered Person, and where practicable for the Claims Administrator (as determined in its sole discretion), the Claims Administrator may make payment of Benefits directly to a provider.

Any such payment to a provider:

- is NOT an assignment of your Benefits under the Plan or of any legal or equitable right to institute any proceeding relating to your Benefits; and
- is NOT a waiver of the prohibition on assignment of Benefits under the Plan; and
- shall NOT estop the Plan, Plan Sponsor, or Claims Administrator from asserting that any purported assignment of Benefits under the Plan is invalid and prohibited.

If this direct payment for your convenience is made, the Plan's obligation to you with respect to such Benefits is extinguished by such payment. If any payment of your Benefits is made to a provider as a convenience to you, the Claims Administrator will treat you, rather than the provider, as the beneficiary of your claim for Benefits, and the Plan reserves the right to offset any Benefits to be paid to a provider by any amounts that the provider owes the Plan (including amounts owed as a result of the assignment of other plans' overpayment recovery rights to the Plan), pursuant to *Refund of Overpayments* in *Section 7: Coordination of Benefits*.

Allowed Amounts due to an out-of-Network provider for Covered Health Care Services that are subject to the *No Surprises Act* of the *Consolidated Appropriations Act (P.L. 116-260)* are paid directly to the provider.

Form of Payment of Benefits

Payment of Benefits under the Plan shall be in cash or cash equivalents, or in a form of other consideration that the Claims Administrator in its discretion determines to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of the amount the provider owes to other plans for which the Claims Administrator processes payments, where the Plan has taken an assignment of the other plans' recovery rights for value.

Section 6: Questions, Complaints and Appeals

To resolve a question, complaint, or appeal, just follow these steps:

What if You Have a Question?

Call the telephone number shown on your ID card. Representatives are available to take your call during regular business hours, Monday through Friday.

What if You Have a Complaint?

Call the telephone number shown on your ID card. Representatives are available to take your call during regular business hours, Monday through Friday.

If you would rather send your complaint to the Claims Administrator in writing, the representative can provide you with the address.

If the representative cannot resolve the issue over the phone, he/she can help you prepare and submit a written complaint. The Claims Administrator will notify you of the decision regarding your complaint within 60 days of receiving it.

How Do You Appeal a Claim Decision?

Post-service Claims

Post-service claims are claims filed for payment of Benefits after medical care has been received.

Pre-service Requests for Benefits

Pre-service requests for Benefits are requests that require prior authorization or benefit confirmation prior to receiving medical care.

How to Request an Appeal

If you disagree with a pre-service request for Benefits determination, post-service claim determination or a rescission of coverage determination, you can contact the Claims Administrator in writing to request an appeal.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to the Claims Administrator within 180 days after you receive the denial of a pre-service request for Benefits or the claim denial.

For medical claims, the appeals address is:

UnitedHealthcare - Appeals

P.O. Box 30432

Salt Lake City, Utah 84130-0432

Appeal Process

A qualified individual who was not involved in the decision being appealed will be chosen to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with expertise in the field, who was not involved in the prior determination. The Claims Administrator may consult with, or ask medical experts to take part in the appeal process. You consent to this referral and the sharing of needed medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records and other information related to your claim for Benefits. If any new or additional evidence is relied upon or generated by the Claims Administrator during the determination of the appeal, the Claims Administrator will provide it to you free of charge and in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

For procedures related to urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as defined above, the first level appeal will take place and you will be notified of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. This request must be submitted to the Claims Administrator within 60 days from receipt of the first level appeal decision. The second level appeal will take place and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.
- For appeals of post-service claims as defined above, the first level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. This request must be submitted to the Claims Administrator within 60 days from receipt of the first level appeal decision. The second level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

Please note that the Claims Administrator's decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in the decision letter to you.

Upon written request and free of charge, any Covered Persons may examine their claim and/or appeals file(s). Covered Persons may also submit evidence, opinions and comments as part of the internal claims review process. The Claims Administrator will review all claims in accordance with the rules established by the U.S. Department of Labor. Any Covered Person will be automatically provided, free of charge, and sufficiently in advance of the date on which the notice of final internal adverse benefit determination is required, with: (i) any new or additional evidence considered, relied upon or generated by the Plan in connection with the claim; and, (ii) a reasonable opportunity for any Covered Person to respond to such new evidence or rationale.

Urgent Appeals that Require Immediate Action

Your appeal may require urgent action if a delay in treatment could increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call the Claims Administrator as soon as possible.
- The Claims Administrator will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
- If the Claims Administrator needs more information from your Physician to make a decision, the Claims Administrator will notify you of the decision by the end of the next business day following receipt of the required information.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies or surgeries.

External Review Program

You may be entitled to request an external review of the Claims Administrator's determination after exhausting your internal appeals if either of the following apply:

- You are not satisfied with the determination made by the Claims Administrator.
- The Claims Administrator fails to respond to your appeal within the timeframe required by the applicable regulations.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- Clinical reasons.
- The exclusions for Experimental or Investigational Service(s) or Unproven Service(s).
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address listed in the determination letter. You or your representative may request an expedited external review, in urgent situations as defined below, by contacting the Claims Administrator at the telephone number on your ID card or by sending a written request to the address listed in the determination letter. A request must be made within four months after the date you received the Claims Administrator's final appeal decision.

An external review request should include all of the following:

- A specific request for an external review.
- Your name, address, and insurance ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.
- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an *Independent Review Organization (IRO)*. The Claims Administrator has entered into agreements with three or more *IROs* that have agreed to perform such reviews. There are two types of external reviews available:

- A standard external review.
- An expedited external review.

Standard External Review

A standard external review includes all of the following:

- A preliminary review by the Claims Administrator of the request.
- A referral of the request by the Claims Administrator to the *IRO*.
- A decision by the *IRO*.

After receipt of the request, the Claims Administrator will complete a preliminary review within the applicable timeframe, to determine whether the individual for whom the request was submitted meets all of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has exhausted the applicable internal appeals process.
- Has provided all the information and forms required so that the Claims Administrator may process the request.

After the Claims Administrator completes this review, the Claims Administrator will issue a notification in writing to you. If the request is eligible for external review, the Claims Administrator will assign an *IRO* to conduct such review. The Claims Administrator will assign requests by either rotating the assignment of claims among the *IROs* or by using a random selection process.

The *IRO* will notify you in writing of the request's eligibility and acceptance for external review and if necessary, for any additional information needed to conduct the external review. You will generally have to submit the additional information in writing to the *IRO* within ten business days after the date you receive the *IRO's* request for the additional information. The *IRO* is not required to, but may, accept and consider additional information submitted by you after ten business days.

The Claims Administrator will provide to the assigned *IRO* the documents and information considered in making the Claims Administrator's determination. The documents include:

- All relevant medical records.
- All other documents relied upon by the Claims Administrator.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request. The Claims Administrator will include it with the documents forwarded to the *IRO*.

In reaching a decision, the *IRO* will review the claim as new and not be bound by any decisions or conclusions reached by the Claims Administrator. The *IRO* will provide written notice of its determination (the "*Final External Review Decision*") within 45 days after it receives the request for the external review (unless they request additional time and you agree). The *IRO* will deliver the notice of *Final External Review Decision* to you and the Claims Administrator, and it will include the clinical basis for the determination.

If the Claims Administrator receives a *Final External Review Decision* reversing the Claims Administrator's determination, the Plan will provide coverage or payment for the Benefit claim at issue according to the terms and conditions of the Plan, and any applicable law regarding plan remedies. If the

Final External Review Decision agrees with the determination, the Plan will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The main difference between the two is that the time periods for completing certain portions of the review process are much shorter for the expedited external review, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review, separately or at the same time you have filed a request for an expedited internal appeal, if you receive either of the following:

- An adverse benefit determination of a claim or appeal that involves a medical condition for which the time frame for completion of an expedited internal appeal would either jeopardize:
 - The life or health of the individual.
 - The individual's ability to regain maximum function.

In addition, you must have filed a request for an expedited internal appeal.

- A final appeal decision, that either:
 - Involves a medical condition where the timeframe for completion of a standard external review would either jeopardize the life or health of the individual or jeopardize the individual's ability to regain maximum function.
 - Concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency care services, but has not been discharged from a facility.

Immediately upon receipt of the request, the Claims Administrator will determine whether the individual meets both of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that the Claims Administrator may process the request.

After the Claims Administrator completes the review, the Claims Administrator will send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, the Claims Administrator will assign an *IRO* in the same manner the Claims Administrator utilizes to assign standard external reviews to *IROs*. The Claims Administrator will provide all required documents and information the Claims Administrator used in making the adverse benefit determination or final adverse benefit determination to the assigned *IRO* electronically or by telephone or facsimile or any other available method in a timely manner. The *IRO*, to the extent the information or documents are available and the *IRO* considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the *IRO* will review the claim as new and not be bound by any decisions or conclusions reached by the Claims Administrator. The *IRO* will provide notice of the final external review decision for an expedited external review as quickly as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the *IRO* receives the request. If the *IRO's* final external review decision is first communicated verbally, the *IRO* will follow-up with a written confirmation of the decision within 48 hours of that verbal communication.

You may call the Claims Administrator at the telephone number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Section 7: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Plan will be coordinated with those of any other plan that provides benefits to you.

When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies to you if you are covered by more than one health benefits plan, including any one of the following:

- Another employer sponsored health benefits plan.
- A medical component of a group long-term care plan, such as skilled nursing care.
- No-fault or traditional "fault" type medical payment benefits or personal injury protection benefits under an auto insurance policy.
- Medical payment benefits under any premises liability or other types of liability coverage.
- Medicare or other governmental health benefit.

If coverage is provided under two or more plans, COB determines which plan is primary and which plan is secondary. The plan considered primary pays its benefits first, without regard to the possibility that another plan may cover some expenses. Any remaining expenses may be paid under the other plan, which is considered secondary. The secondary plan may determine its benefits based on the benefits paid by the Primary Plan. How much this Plan will reimburse you, if anything, will also depend in part on the Allowable Expense. The term, "Allowable Expense," is further explained below.

What Are the Rules for Determining the Order of Benefit Payments?

Order of Benefit Determination Rules

The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. This Plan will always be secondary to medical payment coverage or personal injury protection coverage under any auto liability or no-fault insurance policy.
- B. When you have coverage under two or more medical plans and only one has COB provisions, the plan without COB provisions will pay benefits first.

- C. Each Plan determines its order of benefits using the first of the following rules that apply:
1. **Non-Dependent or Dependent.** The Plan that covers the person other than as a dependent, for example as an employee, former employee under COBRA, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
 2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
 - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
 - b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
 - (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.
 - (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - (a) The Plan covering the Custodial Parent.
 - (b) The Plan covering the Custodial Parent's spouse.
 - (c) The Plan covering the non-Custodial Parent.
 - (d) The Plan covering the non-Custodial Parent's spouse.

For purpose of this section, Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the

parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

- c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
 - d) (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies. (ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.
3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
 4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
 5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
 6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

How Are Benefits Paid When This Plan is Secondary?

If this Plan is secondary, it determines the amount it will pay for a Covered Health Care Service by following the steps below.

- The Plan determines the amount it would have paid based on the allowable expense.
- The Plan pays the entire difference between the allowable expense and the amount paid by the Primary Plan, as long as this amount is not more than the Plan would have paid had it been the only plan involved.
- If, based on the allowable expense, the Plan would have paid more if it were the only plan involved, the difference between the amount it would have paid and the amount it actually paid is recorded as a benefit reserve for the Covered Person. This reserve can be used to pay any future allowable expenses not otherwise paid by the Plan during the calendar year.
- At the end of the calendar year, the benefit reserve returns to zero. A new benefit reserve is created for each calendar year.

You will be responsible for any applicable Copayment, Coinsurance or Deductible payments as part of the COB payment. The maximum combined payment you may receive from all plans cannot exceed 100% of the allowable expense.

How is the Allowable Expense Determined when this Plan is Secondary?

Determining the Allowable Expense If this Plan is Secondary

What is an allowable expense? For purposes of COB, an allowable expense is a health care expense that is covered at least in part by one of the health benefit plans covering you.

When the provider is a Network provider for both the Primary Plan and this Plan, the allowable expense is the Primary Plan's network rate. When the provider is a network provider for the Primary Plan and a non-Network provider for this Plan, the allowable expense is the Primary Plan's network rate. When the provider is a non-Network provider for the Primary Plan and a Network provider for this Plan, the allowable expense is the reasonable and customary charges allowed by the Primary Plan. When the provider is a non-Network provider for both the Primary Plan and this Plan, the allowable expense is the greater of the two Plans' reasonable and customary charges. If this plan is secondary to Medicare, please also refer to the discussion in the section below, titled " *Determining the Allowable Expense When this Plan is Secondary to Medicare* ".

What is Different When You Qualify for Medicare?

Determining Which Plan is Primary When You Qualify for Medicare

As permitted by law, this Plan will pay Benefits second to Medicare when you become eligible for Medicare, even if you don't elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- Employees with active current employment status age 65 or older and their Spouses age 65 or older (however, Domestic Partners are excluded as provided by Medicare).
- Individuals with end-stage renal disease, for a limited period of time.
- Disabled individuals under age 65 with current employment status and their Dependents under age 65.

Determining the Allowable Expense When this Plan is Secondary to Medicare

If this Plan is secondary to Medicare, the Medicare approved amount is the allowable expense, as long as the provider accepts reimbursement directly from Medicare. If the provider accepts reimbursement directly from Medicare, the Medicare approved amount is the charge that Medicare has determined that it will recognize and which it reports on an "explanation of Medicare benefits" issued by Medicare (the "EOMB") for a given service. Medicare typically reimburses such providers a percentage of its approved charge - often 80%.

If the provider does not accept assignment of your Medicare benefits, the Medicare limiting charge (the most a provider can charge you if they don't accept Medicare - typically 115% of the Medicare approved amount) will be the allowable expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the allowable expense.

If you are eligible for, but not enrolled in, Medicare, and this Plan is secondary to Medicare, or if you have enrolled in Medicare but choose to obtain services from a provider that does not participate in the Medicare program (as opposed to a provider who does not accept assignment of Medicare benefits), Benefits will be paid on a secondary basis under this Plan and will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider.

When calculating the Plan's Benefits in these situations, and when Medicare does not issue an EOMB, for administrative convenience the Claims Administrator will treat the provider's billed charges for covered services as the allowable expense for both the Plan and Medicare, rather than the Medicare approved amount or Medicare limiting charge.

Medicare Crossover Program

The Plan offers a Medicare Crossover program for Medicare Part A and Part B and Durable Medical Equipment (DME) claims. Under this program, you no longer have to file a separate claim with the Plan to receive secondary benefits for these expenses. Your Dependent will also have this automated Crossover, as long as he or she is eligible for Medicare and this Plan is your only secondary medical coverage.

Once the Medicare Part A and Part B and DME carriers have reimbursed your health care provider, the Medicare carrier will electronically submit the necessary information to the Claims Administrator to process the balance of your claim under the provisions of this Plan.

You can verify that the automated crossover took place when your copy of the explanation of Medicare benefits (EOMB) states your claim has been forwarded to your secondary carrier.

This crossover process does not apply to expenses that Medicare does not cover. You must continue to file claims for these expenses.

For information about enrollment or if you have questions about the program, call the telephone number listed on your ID card.

Right to Receive and Release Needed Information?

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. The Claims Administrator may get the facts needed from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits.

The Claims Administrator does not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give the Claims Administrator any facts needed to apply those rules and determine benefits payable. If you do not provide the Claims Administrator the information needed to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Does This Plan Have the Right of Recovery?

Overpayment and Underpayment of Benefits

If you are covered under more than one medical plan, there is a possibility that the other plan will pay a benefit that the Plan should have paid. If this occurs, the Plan may pay the other plan the amount owed.

If the Plan pays you more than it owes under this COB provision, you should pay the excess back promptly. Otherwise, the Plan Sponsor may recover the amount in the form of salary, wages, or benefits payable under any Plan Sponsor-funded benefit plans, including this Plan. The Plan Sponsor also reserves the right to recover any overpayment by legal action or offset payments on future Allowed Amounts.

If the Plan overpays a health care provider, the Claims Administrator reserves the right to recover the excess amount from the provider pursuant to *Refund of Overpayments*, below.

Refund of Overpayments

If the Plan pays for Benefits for expenses incurred on account of you, you, or any other person or organization that was paid, must make a refund to the Plan if:

- The Plan's obligation to pay Benefits was contingent on the expenses incurred being legally owed and paid by you, but all or some of the expenses were not paid by you or did not legally have to be paid by you.
- All or some of the payment the Plan made exceeded the Benefits under the Plan.
- All or some of the payment was made in error.

The amount that must be refunded equals the amount the Plan paid in excess of the amount that should have been paid under the Plan. If the refund is due from another person or organization, you agree to help the Plan get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount owed, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, future Benefits for you that are payable under the Plan. If the refund is due from a person or organization other than you, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Plan; or (ii) future Benefits that are payment in connection with services provided to persons under other plans for which the Claims Administrator processes payments, pursuant to a transaction in which the Plan's overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment. The reallocated payment amount will either:

- equal the amount of the required refund, or
- if less than the full amount of the required refund, will be deducted from the amount of refund owed to the Plan.

The Plan may have other rights in addition to the right to reallocate overpaid amounts and other enumerated rights, including the right to commence a legal action.

Section 8: General Legal Provisions

What Is Your Relationship with the Claims Administrator and Plan Sponsor?

It is important for you to understand the Claims Administrator's role with respect to the Plan and how it may affect you. The Claims Administrator helps administer the claims payment for the Plan Sponsor's Plan in which you are enrolled. The Claims Administrator and the Plan Sponsor do not provide medical services or make treatment decisions. This means:

- The Claims Administrator communicates to you decisions about whether the Plan will cover or pay for the health care that you may receive. The Plan pays for Covered Health Care Services, which are more fully described in this *SPD*.
- The Plan may not pay for all treatments you or your Physician may believe are needed. If the Plan does not pay, you will be responsible for the cost.

The Plan Sponsor and the Claims Administrator may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. The Plan Sponsor and the Claims Administrator will use individually identifiable information about you as permitted or required by law, including in the Claims Administrator's operations and in the Claims Administrator's research. The Plan Sponsor and the Claims Administrator will use de-identified data for commercial purposes including research.

Please refer to the Claims Administrator's *Notice of Privacy Practices* for details.

What Is the Claims Administrator's Relationship with Providers and Plan Sponsors?

The Claims Administrator has agreements in place that govern the relationships between it and Plan Sponsors and Network providers, some of which are affiliated providers. Network providers enter into agreements with the Claims Administrator to provide Covered Health Care Services to Covered Persons.

Plan Sponsors and the Claims Administrator do not provide health care services or supplies, or practice medicine. Plan Sponsors and the Claims Administrator arrange for health care providers to participate in a Network and the Claims Administrator processes the Plan's payment of Benefits. Network providers are independent practitioners who run their own offices and facilities. The Claims Administrator's credentialing process confirms public information about the providers' licenses and other credentials. It does not assure the quality of the services provided. Network providers are not the Plan Sponsor's employees. Network providers are not the Claims Administrator's employees. The Plan Sponsor and the Claims Administrator are not responsible for any act or omission of any provider.

The Claims Administrator is not considered to be an employer for any purpose with respect to the administration or provision of benefits under the Plan Sponsor's Plan. The Claims Administrator is not responsible for fulfilling any duties or obligations of an employer with respect to the Plan Sponsor's Plan.

The Plan Sponsor is solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the Plan's Service Fee to the Claims Administrator.
- The funding of Benefits on a timely basis.
- Notifying you of when the Plan ends.

What Is Your Relationship with Providers and Plan Sponsors?

The relationship between you and any provider is that of provider and patient.

You are responsible for all of the following:

- Choosing your own provider.
- Paying, directly to your provider, any amount identified as a participant responsibility, including Copayments, Coinsurance, any deductible and any amount that exceeds the Allowed Amount, when applicable.
- Paying, directly to your provider, the cost of any non-Covered Health Care Service.
- Deciding if any provider treating you is right for you. This includes Network providers you choose and providers that they refer.
- Deciding with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Plan Sponsor is that of employer and employee, Dependent or other classification as defined in the Plan.

Notice

When the Claims Administrator provides written notice regarding administration of the Plan to an authorized representative of the Plan Sponsor, that notice is deemed notice to all affected Participants and their Enrolled Dependents. The Plan Sponsor is responsible for giving notice to you.

Statements by the Plan Sponsor or Participants

All statements made by the Plan Sponsor or by a Participant shall, in the absence of fraud, be deemed representations and not warranties. The Claims Administrator will not use any statement made by the Plan Sponsor to void the Plan after it has been in force for two years unless it is a fraudulent statement.

Does the Claims Administrator Pay Incentives to Providers?

The Claims Administrator pays Network providers through various types of contractual arrangements. Some of these arrangements may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Bundled payments - certain Network providers receive a bundled payment for a group of Covered Health Care Services for a particular procedure or medical condition. The applicable Copayment and/or Coinsurance will be calculated based on the provider type that received the bundled payment. The Network providers receive these bundled payments regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If you receive follow-up services related to a procedure where a bundled payment is made, an additional Copayment and/or Coinsurance may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Care Services that are not considered part of the inclusive bundled payment and those Covered Health Care Services would be subject to the applicable Copayment and/or Coinsurance as described in your *Schedule of Benefits*.

The Claims Administrator uses various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with the Claims Administrator includes any financial incentives, the Claims Administrator encourages you to discuss those questions with your provider. You may also call the Claims Administrator at the telephone number on your ID card. The Claims Administrator can advise whether your Network provider is paid by any financial incentive, including those listed above.

Are Incentives Available to You?

Sometimes the Claims Administrator may offer coupons, enhanced Benefits, or other incentives to encourage you to take part in various programs, including wellness programs or certain disease management programs, surveys, discount programs and/or programs to seek care in a more cost effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to take part in a program is yours alone. However, you should discuss taking part in such programs with your Physician. Contact the Claims Administrator at www.myuhc.com or the telephone number on your ID card if you have any questions.

Does the Claims Administrator Receive Rebates and Other Payments?

The Plan Sponsor and the Claims Administrator may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable deductible. The Plan Sponsor and the Claims Administrator may pass a portion of these rebates on to you. When rebates are passed onto you, they may be taken into account in determining your Copayment and/or Coinsurance.

Who Interprets Benefits and Other Provisions under the Plan?

The Plan Sponsor and the Claims Administrator have the sole and exclusive discretion to do all of the following:

- Interpret Benefits under the Plan.
- Interpret the other terms, conditions, limitations and exclusions set out in the Plan, including this *SPD*, the *Schedule of Benefits* and any Addendums, SMMs, and/or Amendments.
- Make factual determinations related to the Plan and its Benefits.

The Plan Sponsor and the Claims Administrator may assign this discretionary authority to other persons or entities including Claims Administrator's affiliates that may provide services in regard to the administration of the Plan.

In certain circumstances, for purposes of overall cost savings or efficiency, the Plan Sponsor may, in its discretion, offer Benefits for services that would otherwise not be Covered Health Care Services. The fact that the Plan Sponsor does so in any particular case shall not in any way be deemed to require the Plan Sponsor to do so in other similar cases.

Who Provides Administrative Services?

The Claims Administrator provides claims administrative services or, as the Claims Administrator determines, the Claims Administrator may arrange for various persons or entities to provide claims administrative services, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time as the Claims Administrator determines. The Claims Administrator is not required to give you prior notice of any such change, nor is the Claims

Administrator required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

What is the Future of the Plan?

Although Plan Sponsor expects to continue the Plan indefinitely, it reserves the right to discontinue, alter or modify the Plan in whole or in part, at any time and for any reason, at its sole determination.

The Plan Sponsor's decision to terminate or amend a Plan may be due to changes in federal or state laws governing employee benefits, the requirements of the Internal Revenue Code, or any other reason. A plan change may transfer plan assets and debts to another plan or split a plan into two or more parts. If the Plan Sponsor does change or terminate a plan, it may decide to set up a different plan providing similar or different benefits.

If this Plan is terminated, Covered Persons will not have the right to any other Benefits from the Plan, other than for those claims incurred prior to the date of termination, or as otherwise provided under the Plan. In addition, if the Plan is amended, Covered Persons may be subject to altered coverage and Benefits.

The amount and form of any final benefit you receive will depend on any Plan document or contract provisions affecting the Plan and Plan Sponsor decisions. After all Benefits have been paid and other requirements of the law have been met, certain remaining Plan assets will be turned over to the Plan Sponsor and others as may be required by any applicable law.

Amendments to the Plan

To the extent permitted by law, the Plan Sponsor has the right, as it determines and without your approval, to change, interpret, withdraw or add Benefits or end the Plan.

Any provision of the Plan which, on its effective date, is in conflict with the requirements of applicable state law provisions not otherwise preempted by federal statutes or regulations (of the jurisdiction in which the Plan is delivered) is amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Plan unless it is made by an Amendment or SMM. All of the following conditions apply:

- Amendments to the Plan are effective upon the Plan's next anniversary date, except as otherwise permitted by law.
- SMMs to the Plan are effective on the date the Plan Sponsor specifies.
- No agent has the authority to change the Plan or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to the Plan.

How Does the Claims Administrator Use Information and Records?

The Claims Administrator may use your individually identifiable health information as follows:

- To administer the Plan and pay claims.
- To identify procedures, products, or services that you may find valuable.
- As otherwise permitted or required by law.

The Claims Administrator may request additional information from you to decide your claim for Benefits. The Claims Administrator will keep this information confidential. The Claims Administrator may also use de-identified data for commercial purposes, including research, as permitted by law. More detail about how the Claims Administrator may use or disclose your information is found in the Claims Administrator's *Notice of Privacy Practices*.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish the Claims Administrator with all information or copies of records relating to the services provided to you. The Claims Administrator has the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Participant's enrollment form. The Claims Administrator agrees that such information and records will be considered confidential.

The Claims Administrator has the right to release records concerning health care services when any of the following apply:

- Needed to put in place and administer the terms of the Plan.
- Needed for medical review or quality assessment.
- Required by law or regulation.

During and after the term of the Plan, the Claims Administrator and the Claims Administrator's related entities may use and transfer the information gathered under the Plan in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to the Claims Administrator's *Notice of Privacy Practices*.

For complete listings of your medical records or billing statements you may contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from the Claims Administrator, the Claims Administrator also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, the Claims Administrator will designate other persons or entities to request records or information from or related to you, and to release those records as needed. The Claims Administrator's designees have the same rights to this information as the Claims Administrator has.

Does the Plan Require Examination of Covered Persons?

In the event of a question or dispute regarding your right to Benefits, the Plan Sponsor may require that a Network Physician of its choice examine you at the Plan's expense.

Is Workers' Compensation Affected?

Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

How Are Benefits Paid When You Are Medicare Eligible?

Benefits under the Plan are not intended to supplement any coverage provided by Medicare. Nevertheless, in some circumstances Covered Persons who are eligible for or enrolled in Medicare may also be enrolled under the Plan.

If you are eligible for or enrolled in Medicare, please read the following information carefully.

If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under the Plan), you should enroll in and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if the Plan Sponsor's Plan is the secondary payer as described in *Section 7: Coordination of Benefits*, the Claims Administrator will process the Plan Sponsors payment of Benefits under the Plan as if you were covered under both Medicare Part A and Part B. As a result, you will be responsible for the costs that Medicare would have paid and you will incur a larger out-of-pocket cost.

If you are enrolled in a *Medicare Advantage* (Medicare Part C) plan on a primary basis (Medicare pays before Benefits under the Plan), you should follow all rules of that plan that require you to seek services

from that plan's participating providers. When the Plan Sponsor's Plan is the secondary payer, the Claims Administrator will process the Plan Sponsor's payment of any Benefits available to you under the Plan as if you had followed all rules of the *Medicare Advantage* plan. You will be responsible for any additional costs or reduced Benefits that result from your failure to follow these rules, and you will incur a larger out-of-pocket cost.

Subrogation and Reimbursement

The Plan has the right to subrogation and reimbursement. References to "you" or "your" in this Subrogation and Reimbursement section shall include you, your estate and your heirs and beneficiaries unless otherwise stated.

Subrogation applies when the Plan has paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly responsible. The right to subrogation means that the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that the Plan has paid that are related to the Sickness or Injury for which any third party is considered responsible.

Subrogation Example:

Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan 100% of any Benefits you receive for that Sickness or Injury. The right of reimbursement shall apply to any benefits received at any time until the rights are extinguished, resolved or waived in writing.

Reimbursement Example:

Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Plan as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the Plan 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.
- Your employer in a workers' compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.
- Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with the Plan in protecting the Plan's legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
 - Notifying the Plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
 - Providing any relevant information requested by the Plan.
 - Signing and/or delivering such documents as the Plan or the Plan's agents reasonably request to secure the subrogation and reimbursement claim.
 - Responding to requests for information about any accident or injuries.
 - Making court appearances.
 - Obtaining the Plan's consent or the Plan's agents' consent before releasing any party from liability or payment of medical expenses.
 - Complying with the terms of this section.

Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate or deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

- The Plan has a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, the Plan's first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from the Plan's recovery without the Plan's express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.
- Regardless of whether you have been fully compensated or made whole, the Plan may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit the Plan's subrogation and reimbursement rights.
- Benefits paid by the Plan may also be considered to be Benefits advanced.
- If you receive any payment from any party as a result of Sickness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.

- By participating in and accepting Benefits under the Plan, you agree that (i) any amounts recovered by you from any third party shall constitute Plan assets (to the extent of the amount of Benefits provided on behalf of the Covered Person), (ii) you and your representative shall be fiduciaries of the Plan with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by the Plan to enforce its reimbursement rights.
- The Plan's right to recovery will not be reduced due to your own negligence.
- By participating in and accepting Benefits from the Plan, you agree to assign to the Plan any benefits, claims or rights of recovery you have under any automobile Plan - including no-fault benefits, PIP benefits and/or medical payment benefits - other coverage or against any third party, to the full extent of the Benefits the Plan has paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting benefits, you acknowledge and recognize the Plan's right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.
- The Plan may, at its option, take necessary and appropriate action to preserve the Plan's rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party; filing a reimbursement lawsuit to recover the full amount of medical benefits you receive for the Sickness or Injury out of any settlement, judgment or other recovery from any third party considered responsible; and filing suit in your name or your estate's name, which does not obligate the Plan in any way to pay you part of any recovery the Plan might obtain. Any reimbursement lawsuit stemming from a refusal to refund Benefits as required under the terms of the Plan is governed by a six-year statute of limitations.
- You may not accept any settlement that does not fully reimburse the Plan, without the Plan's written approval.
- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death the Plan's right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse the Plan is not extinguished by a release of claims or settlement agreement of any kind.
- No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse the Plan for 100% of the Plan's interest unless the Plan provides written consent to the allocation.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian brings a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
- If any third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under the Plan, the provisions of this section continue to apply, even after you are no longer covered.
- In the event that you do not abide by the terms of the Plan pertaining to reimbursement, the Plan may terminate Benefits to you, your dependents or the participant, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the

extent not recovered by the Plan due to your failure to abide by the terms of the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

- The Plan and all Administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of the Plan's discretionary authority to (1) construe and enforce the terms of the Plan's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

When Does the Plan Receive Refunds of Overpayments?

If the Plan pays Benefits for expenses incurred on your account, you, or any other person or organization that was paid, must make a refund to the Plan if any of the following apply:

- All or some of the expenses were not paid or did not legally have to be paid by you.
- All or some of the payment the Plan made exceeded the Benefits under the Plan.
- All or some of the payment was made in error.

The refund equals the amount the Plan paid in excess of the amount the Plan should have paid under the Plan. If the refund is due from another person or organization, you agree to help the Plan get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, your future Benefits that are payable under the Plan. If the refund is due from a person or organization other than you, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part; (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Plan; or (ii) future Benefits that are payable in connection with services provided to persons under other plans for which the Claims Administrator processes payments, pursuant to a transaction in which the Plan's overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment.

The reductions will equal the amount of the required refund. The Plan may have other rights in addition to the right to reduce future benefits.

Is There a Limitation of Action?

You cannot bring any legal action against the Plan or the Claims Administrator to recover reimbursement until you have completed all the steps in the appeal process described in *Section 6: Questions, Complaints and Appeals*. After completing that process, if you want to bring a legal action against the Plan or the Claims Administrator you must do so within three years of the date the Plan notified you of its final decision on your appeal or you lose any rights to bring such an action against the Plan or the Claims Administrator.

Clinical Programs and Resources

Care Management Solutions

Personal Health Support

The Claims Administrator provides a program called Personal Health Support designed to encourage personalized, efficient care for you and your covered Dependents.

Personal Health Support Nurses center their efforts on prevention, education, and closing any gaps in your care. The goal of the program is to ensure you receive the most appropriate and cost-effective services available.

If you are living with a chronic condition or dealing with complex health care needs, the Claims Administrator may assign to you a primary nurse, referred to as a Personal Health Support Nurse, to guide you through your treatment. This assigned nurse will answer questions, explain options, identify your needs, and may refer you to specialized care programs. The Personal Health Support Nurse will provide you with their telephone number so you can call them with questions about your conditions, or your overall health and well-being.

Personal Health Support Nurses will provide a variety of different services to help you and your covered family members receive appropriate medical care. Program components are subject to change without notice. When the Claims Administrator is called as required, they will work with you to implement the Personal Health Support process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy. As of the publication of this SPD, the Personal Health Support program includes:

- **Admission counseling** - Personal Health Support Nurses are available to help you prepare for a successful surgical admission and recovery. Call the number on your ID card for support.
- **Inpatient care management** - If you are hospitalized, Personal Health Support Nurses will work with your Physician to make sure you are getting the care you need and that your Physician's treatment plan is being carried out effectively.
- **Readmission Management** - This program serves as a bridge between the Hospital and your home if you are at high risk of being readmitted. After leaving the Hospital, if you have a certain chronic or complex condition, you may receive a phone call from a Personal Health Support Nurse to confirm that medications, needed equipment, or follow-up services are in place. The Personal Health Support Nurse will also share important health care information, reiterate and reinforce discharge instructions, and support a safe transition home.
- **Risk Management** - Designed for participants with certain chronic or complex conditions, this program addresses such health care needs as access to medical specialists, medication information, and coordination of equipment and supplies. Participants may receive a phone call from a Personal Health Support Nurse to discuss and share important health care information related to the participant's specific chronic or complex condition.

Outpatient Prescription Drug Schedule of Benefits

United Healthcare Services, Inc.

When Are Benefits Available for Prescription Drug Products?

Benefits are available for Prescription Drug Products at Network Pharmacy and are subject to Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Care Service or is prescribed to prevent conception.

Certain Medical Pharmaceuticals are covered as part of the medical benefits listed above in the Schedule of Benefits and require a Prior Authorization.

Benefits for Oral Chemotherapeutic Agents

Oral chemotherapeutic agent Prescription Drug Products will be provided at a level no less favorable than chemotherapeutic agents are provided under *Pharmaceutical Products – Outpatient* in your SPD, regardless of tier placement.

What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change. Therefore your Copayment and/or Coinsurance may change or you will no longer have Benefits for that particular Brand-name Prescription Drug Product.

How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Copayment and/or Coinsurance, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that the Claims Administrator has developed. Supply limits are subject, from time to time, to the Claims Administrator's review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

Do Requirements Apply?

Before certain Prescription Drug Products are dispensed to you, your Physician, your pharmacist or you are required to the Claims Administrator or the Claims Administrator's designee. The reason for the Claims Administrator is to determine whether the Prescription Drug Product, in accordance with the Claims Administrator's approved guidelines, is each of the following:

- It meets the definition of a Covered Health Care Service.
- It is not an Experimental or Investigational or Unproven Service.

The Plan may also require you to the Claims Administrator or the Claims Administrator's designee so the Claims Administrator can determine whether the Prescription Drug Product, in accordance with the Claims Administrator's approved guidelines, was prescribed by a Specialist.

Network Pharmacy

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for the Claims Administrator.

If you do not obtain prior authorization from the Claims Administrator before the Prescription Drug Product is dispensed, you may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject, from time to time, to the Claims Administrator's review and change. You may find out whether a particular Prescription Drug Product requires notification/prior authorization by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

If before the Prescription Drug Product is dispensed, you can ask the Claims Administrator to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. You may seek reimbursement from the Claims Administrator as described in this *Summary Plan Description (SPD)* in *Section 5: How to File a Claim*.

When you submit a claim on this basis, you may pay more because you did not the Claims Administrator before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Claims Administrator reviews the documentation provided and the Claims Administrator determines that the Prescription Drug Product is not a Covered Health Care Service or it is an Experimental or Investigational or Unproven Service.

The Claims Administrator may also require for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits related to such programs. You may access information on available programs and any applicable, participation or activation requirements related to such programs by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

When the Plan Sponsor uses the words "you" and "your" the Plan Sponsor is referring to people who are Covered Persons, as the term is defined in *Section 9: Defined Terms*.

NOTE: The Coordination of Benefits provision in this *SPD* in *Section 7: Coordination of Benefits* applies to Prescription Drug Products covered through this Outpatient Prescription Drug Plan. Benefits for Prescription Drug Products will be coordinated with those of any other health plan in the same manner as Benefits for Covered Health Care Services described in the *SPD*.

Introduction Outpatient Prescription Drug Plan

Coverage Policies and Guidelines

The Claims Administrator's Prescription Drug List (PDL) Management Committee makes tier placement changes on the Claims Administrator's behalf. The PDL Management Committee places FDA-approved Prescription Drug Product into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or requirements should apply. Economic factors may include the Prescription Drug Product's total cost including any rebates and evaluations of the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others; therefore, a Prescription Drug Product may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat, or according to whether it was prescribed by a Specialist.

The Claims Administrator may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen quarterly, but no more than six times per calendar year. These changes may happen without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for you is a determination that is made by you and your prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please contact the Claims Administrator at www.myuhc.com or the telephone number on your ID card for the most up-to-date tier placement.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by the Claims Administrator during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you must pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from the Plan as described in this *SPD* in *Section 5: How to File a Claim*. When you submit a claim on this basis, you may pay more because you did not verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance, and any deductible that applies.

Submit your claim to the Pharmacy Benefit Manager at the address on your ID card.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Claims Administrator may direct you to a Designated Pharmacy with whom the Claims Administrator has an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you will be subject to the out-of-Network Benefit for that Prescription Drug Product.

Smart Fill Program - Split Fill

Certain Specialty Prescription Drug Products may be dispensed by the Designated Pharmacy in 15-day supplies up to 90 days and at a pro-rated Copayment or Coinsurance. You will receive a 15-day supply of their Specialty Prescription Drug Product to find out if you will tolerate the Specialty Prescription Drug Product prior to purchasing a full supply. The Designated Pharmacy will contact you each time prior to dispensing the 15-day supply to confirm if you are tolerating the Specialty Prescription Drug Product. You may find a list of Specialty Prescription Drug Products included in the *Smart Fill Program*, by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

When Does the Claims Administrator Limit Selection of Pharmacies?

If the Claims Administrator determines that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your choice of Network Pharmacies may be limited. If this happens, the Claims Administrator may require you to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the chosen Network Pharmacy. If you don't make a choice within 31 days of the date the Claims Administrator notifies you, the Claims Administrator will choose a Network Pharmacy for you.

Rebates and Other Payments

The Claims Administrator and Palm Beach County Board of County Commissioners may, at times, receive rebates for certain drugs included on the PDL, including those drugs that you purchase prior to meeting any applicable deductible. As determined by the Claims Administrator, the Plan may pass a portion of these rebates on to you. When rebates are passed on to you they may be taken into account in determining your Copayment and/or Coinsurance.

The Claims Administrator and a number of its affiliated entities, conduct business with pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug Plan*. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug Plan*. The Claims Administrator is not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, the Claims Administrator may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, as you determine, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

Special Programs

The Claims Administrator may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens, and/or taking part in health management programs. You may access information on these programs by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

Maintenance Medication Program

If you require certain Maintenance Medications, the Claims Administrator may direct you to the Mail Order Network Pharmacy to obtain those Maintenance Medications. If you choose not to obtain your Maintenance Medications from the Mail Order Network Pharmacy, you may opt-out of the Maintenance Medication Program by contacting the Claims Administrator at www.myuhc.com or the telephone number

on your ID card. If you choose to opt out when directed to a Mail Order Network Pharmacy but do not inform the Claims Administrator, no Benefit will be paid.

Prescription Drug Products Prescribed by a Specialist

You may receive an enhanced or reduced Benefit, or no Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist. You may access information on which Prescription Drug Products are subject to Benefit enhancement, reduction or no Benefit by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

Important Notices under the Patient Protection and Affordable Care Act (PPACA)

Changes in Federal Law that Impact Benefits

There are changes in Federal law which may impact coverage and Benefits stated in the *Summary Plan Description (SPD)* and *Schedule of Benefits*. A summary of those changes and the dates the changes are effective appear below. These changes will apply to any "non-grandfathered" plan. Contact your Plan Administrator to determine whether or not your plan is a "grandfathered" or a "non-grandfathered plan".

Under the *Patient Protection and Affordable Care Act (PPACA)* to be grandfathered a plan must have been in effect on March 23, 2010 and had no substantial changes in the benefit design as described in the *Interim Final Rule on Grandfathered Health Plans* at that time (among other requirements).

Patient Protection and Affordable Care Act (PPACA)

Effective for policies that are new or renewing on or after September 23, 2010, the requirements listed below apply.

- Lifetime limits on the dollar amount of essential benefits available to you under the terms of your plan are no longer permitted. Essential benefits include the following:
Ambulatory patient services; emergency services, hospitalization; laboratory services; maternity and newborn care, mental health care and substance-related and addictive disorder services (including behavioral health treatment); prescription drugs; rehabilitative and habilitative services and devices; preventive and wellness services and long-term disease management; and pediatric services, including oral and vision care.
- On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day enrollment period for those individuals who are still eligible under the plan's eligibility terms but whose coverage ended by reason of reaching a lifetime limit on the dollar value of all benefits.
- Essential health benefits for plan years beginning on or after January 1, 2014 cannot be subject to annual or lifetime dollar limits.
- Coverage for enrolled dependent children is no longer conditioned upon full-time student status or other dependency requirements and will remain in place until the child's 26th birthday. As of September 23, 2010, if you have a grandfathered plan, the group is not required to extend coverage to age 26 if the child is eligible to enroll in an eligible employer-sponsored health plan (as defined by law). For plan years beginning January 1, 2014 and beyond, Grandfathered plans are required to cover dependents up to age 26, regardless of their eligibility for other employer sponsored coverage.
On or before the first day of the first plan year beginning on or after September 23, 2010, the group will provide a 30 day dependent child special open enrollment period for dependent children who are not currently enrolled under the policy and who have not yet reached age 26. During this dependent child special open enrollment period, subscribers who are adding a dependent child and who have a choice of coverage options will be allowed to change options.
- If your plan includes coverage for enrolled dependent children beyond the age of 26, which is conditioned upon full-time student status, the following applies:
Coverage for enrolled dependent children who are required to maintain full-time student status in order to continue eligibility under the plan is subject to the statute known as *Michelle's Law*.
- If you do not have a grandfathered plan, network benefits for preventive care services described below will be paid at 100%, and not subject to any deductible, Coinsurance or Copayment. If you have pharmacy benefit coverage, your plan may also be required to cover preventive care medications that are obtained at a network pharmacy at 100%, and not subject to any deductible, Coinsurance or Copayment, as required by applicable law under any of the following:
 - Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the *United States Preventive Services Task Force*.
 - Immunizations that have in effect a recommendation from the *Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention*.

- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the *Health Resources and Services Administration*.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the *Health Resources and Services Administration*.
- Retroactive rescission of coverage under the plan is permitted, with 30 days advance written notice, only in the following two circumstances:
 - The individual performs an act, practice or omission that constitutes fraud.
 - The individual makes an intentional misrepresentation of a material fact.
- Other changes provided for under the *PPACA* do not impact your plan because your plan already contains these benefits. These include:
 - Direct access to OB/GYN care without a referral or authorization requirement.
 - The ability to designate a pediatrician as a primary care physician (PCP) if your plan requires a PCP designation.
 - Prior authorization is not required before you receive services in the emergency department of a hospital.

If you seek emergency care from out-of-network providers in the emergency department of a hospital your cost sharing obligations (Copayments/Coinsurance) will be the same as would be applied to care received from network providers.

The clinical trial benefit has been modified to distinguish between clinical trials for cancer and other life threatening conditions and those for non-life threatening conditions. For trials for cancer/other life threatening conditions, routine patient costs now include those for covered persons participating in a preventive clinical trial and Phase IV trials. This modification is optional for certain grandfathered health plans. Refer to your plan documents to determine if this modification has been made to your plan.

Some Important Information about Appeal and External Review Rights under PPACA

If you are enrolled in a non-grandfathered plan with an effective date or plan year anniversary on or after September 23, 2010, the *Patient Protection and Affordable Care Act of 2010 (PPACA)*, as amended, sets forth new and additional internal appeal and external review rights beyond those that some plans may have previously offered. Also, certain grandfathered plans are complying with the additional internal appeal and external review rights provisions on a voluntary basis. Please refer to your benefit plan documents, including amendments and notices, or speak with your employer or *UnitedHealthcare* for more information on the appeal rights available to you. (Also, please refer to the *Claims and Appeal Notice* section of this document.)

What if I receive a denial, and need help understanding it? Please call the Claims Administrator at the number listed on your health plan ID card.

What if I don't agree with the denial? You have a right to appeal any decision to not pay for an item or service.

How do I file an appeal? The first denial letter or *Explanation of Benefits* that you receive from the Claims Administrator will give you the information and the timeframe to file an appeal.

What if my situation is urgent? If your situation is urgent, your review will take place as quickly as possible. If you believe your situation is urgent, you may request an expedited review, and, if applicable, file an external review at the same time. For help call the Claims Administrator at the number listed on your health plan ID card.

Generally, an urgent situation is when your health may be in serious jeopardy. Or when, in the opinion of your doctor, you may be experiencing severe pain that cannot be controlled while you wait for a decision on your appeal.

Who may file an appeal? Any member or someone that member names to act as an authorized representative may file an appeal. For help call the Claims Administrator at the number listed on your health plan ID card.

Can I provide additional information about my claim? Yes, you may give us additional information supporting your claim. Send the information to the address provided in the first denial letter or *Explanation of Benefits*.

Can I request copies of information relating to my claim? Yes. There is no cost to you for these copies. Send your request to the address provided in the first denial letter or *Explanation of Benefits*.

What happens if I don't agree with the outcome of my appeal? If you appeal, the Claims Fiduciary will review its decision. The Claims Fiduciary will also send you its written decision within the time allowed. If you do not agree with the decision, you may be able to request an external review of your claim by an independent third party. If so, the Claims Fiduciary will review the denial and issue a final decision.

If your plan includes coverage for Mental Health Care or Substance - Related and Addictive Disorder Services, the following applies:

Mental Health Care/Substance-Related and Addictive Disorder Services Parity

Effective for grandfathered and non-grandfathered large group Plans that are new or renewing on or after July 1, 2010, Benefits are subject to final regulations supporting the *Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA)*. Benefits for mental health care conditions and substance-related and addictive disorder conditions that are Covered Health Care Services under the Plan must be treated in the same manner and provided at the same level as Covered Health Care Services for the treatment of other Sickness or Injury. Benefits for Mental Health Care Services and Substance-Related and Addictive Disorders Services are not subject to any annual maximum benefit limit (including any day, visit or dollar limit).

MHPAEA requires that the financial requirements for Coinsurance and Copayments for mental health care and substance-related and addictive disorder conditions must be no more restrictive than those Coinsurance and Copayment requirements for substantially all medical/surgical benefits. *MHPAEA* requires specific testing to be applied to classifications of benefits to determine the impact of these financial requirements on mental health care and substance-related and Addictive disorder benefits. Based upon the results of that testing, it is possible that Coinsurance or Copayments that apply to mental health care conditions and substance-related and addictive disorder conditions in your benefit plan may be reduced.

Women's Health and Cancer Rights Act of 1998

As required by the *Women's Health and Cancer Rights Act of 1998*, Benefits under the Plan are provided for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Care Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed,
- Surgery and reconstruction of the other breast to produce a symmetrical appearance,
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Care Services (including Copayments, Coinsurance and any deductible) are the same as are required for any other Covered Health Care Service. Limitations on Benefits are the same as for any other Covered Health Care Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g. your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain prior authorization. For information on prior authorization, contact your issuer.

Claims and Appeal Notice

This Notice is provided to you in order to describe our responsibilities under Federal law for making benefit determinations and your right to appeal adverse benefit determinations. To the extent that state law provides you with more generous timelines or opportunities for appeal, those rights also apply to you. Please refer to your benefit documents for information about your rights under state law.

Qualified Medical Child Support Order (QMCSO)

Eligibility for Coverage Under a QMCSO If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance. You must notify your Employer and elect coverage for that child, and yourself if you are not already enrolled, within 31 days of the QMCSO being issued.

Qualified Medical Child Support Order Defined A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative

process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

- the order recognizes or creates a child's right to receive group health benefits for which a participant or beneficiary is eligible;
- the order specifies your name and last known address, and the child's name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child's mailing address;
- the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
- the order states the period to which it applies; and
- if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

Payment of Benefits Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child's custodial parent or legal guardian, shall be made to the child, the child's custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)

If you or your eligible Dependent(s) experience a special enrollment event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must be covered under the same option. The special enrollment events include:

- **Acquiring a new Dependent.** If you acquire a new Dependent(s) through marriage, birth, adoption or placement for adoption, or placement of a foster child, you may request special enrollment for any of the following combinations of individuals if not already enrolled in the Plan: Employee only; spouse only; Employee and spouse; Dependent child(ren) only; Employee and Dependent child(ren); Employee, spouse and Dependent child(ren). Enrollment of Dependent children is limited to the newborn or adopted children or children who became Dependent children of the Employee due to marriage. Dependent children who were already Dependents of the Employee but not currently enrolled in the Plan are not entitled to special enrollment.
- **Loss of eligibility for State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) were covered under a state Medicaid or CHIP plan and the coverage is terminated due to a loss of eligibility, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after termination of Medicaid or CHIP coverage.

Loss of eligibility for other coverage (excluding continuation coverage). If coverage was declined under this Plan due to coverage under another plan, and eligibility for the other coverage is lost, you and all of your eligible Dependent(s) may request special enrollment in this Plan. If required by the Plan, when enrollment in this Plan was previously declined, it must have been declined in writing with a statement

that the reason for declining enrollment was due to other health coverage. This provision applies to loss of eligibility as a result of any of the following:

- divorce or legal separation;
- cessation of Dependent status (such as reaching the limiting age);
- death of the Employee;
- termination of employment;
- reduction in work hours to below the minimum required for eligibility;
- you or your Dependent(s) no longer reside, live or work in the other plan's network service area and no other coverage is available under the other plan;
- you or your Dependent(s) incur a claim which meets or exceeds the lifetime maximum limit that is applicable to all benefits offered under the other plan; or
- the other plan no longer offers any benefits to a class of similarly situated individuals.
- Termination of Employer contributions (excluding continuation coverage). If a current or former Employer ceases all contributions toward the Employee's or Dependent's other coverage, special enrollment may be requested in this Plan for you and all of your eligible Dependent(s).
- Exhaustion of COBRA or other continuation coverage. Special enrollment may be requested in this Plan for you and all of your eligible Dependent(s) upon exhaustion of COBRA or other continuation coverage. If you or your Dependent(s) elect COBRA or other continuation coverage following loss of coverage under another plan, the COBRA or other continuation coverage must be exhausted before any special enrollment rights exist under this Plan. An individual is considered to have exhausted COBRA or other continuation coverage only if such coverage ceases: due to failure of the Employer or other responsible entity to remit premiums on a timely basis; when the person no longer resides or works in the other plan's service area and there is no other COBRA or continuation coverage available under the plan; or when the individual incurs a claim that would meet or exceed a lifetime maximum limit on all benefits and there is no other COBRA or other continuation coverage available to the individual. This does not include termination of an Employer's limited period of contributions toward COBRA or other continuation coverage as provided under any severance or other agreement.
- Eligibility for employment assistance under State Medicaid or Children's Health Insurance Program (CHIP). If you and/or your Dependent(s) become eligible for assistance with group health plan premium payments under a state Medicaid or CHIP plan, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after the date you are determined to be eligible for assistance.

Except as stated above, special enrollment must be requested within 30 days after the occurrence of the special enrollment event. If the special enrollment event is the birth or adoption of a Dependent child, coverage will be effective immediately on the date of birth, adoption or placement for adoption. Coverage with regard to any other special enrollment event will be effective no later than the first day of the first calendar month following receipt of the request for special enrollment.

Domestic Partners and their children (if not legal children of the Employee) are not eligible for special enrollment.

Effect of Section 125 Tax Regulations on This Plan

Your Employer has chosen to administer this Plan in accordance with Section 125 regulations of the Internal Revenue Code. Per this regulation, you may agree to a pretax salary reduction put toward the cost of your benefits. Otherwise, you will receive your taxable earnings as cash (salary).

Coverage elections Per Section 125 regulations, you are generally allowed to enroll for or change coverage only before each annual benefit period. However, exceptions are allowed if your Employer agrees and you enroll for or change coverage within 30 days of the following:

- if you meet Special Enrollment criteria and enroll as described in the Special Enrollment section; or
- if your Employer agrees, and you meet the criteria shown in the following Sections B through F.

Change of status A change in status is defined as:

- change in legal marital status due to marriage, death of a spouse, divorce, annulment or legal separation;
- change in number of Dependents due to birth, adoption, placement for adoption, or death of a Dependent;
- change in employment status of Employee, spouse or Dependent due to termination or start of employment, strike, lockout, beginning or end of unpaid leave of absence, including under the Family and Medical Leave Act (FMLA), or change in worksite;
- changes in employment status of Employee, spouse or Dependent resulting in eligibility or ineligibility for coverage;
- change in residence of Employee, spouse or Dependent to a location outside of the Employer's network service area; and
- changes which cause a Dependent to become eligible or ineligible for coverage.

Any changes in coverage must correspond directly to the change in status.

Court order A change in coverage due to and consistent with a court order of the Employee or other person to cover a Dependent..

Medicare or Medicaid eligibility/entitlement The Employee, spouse or Dependent cancels or reduces coverage due to entitlement to Medicare or Medicaid, or enrolls or increases coverage due to loss of Medicare or Medicaid eligibility.

Change in cost of coverage If the cost of benefits increases or decreases during a benefit period, your Employer may, in accordance with plan terms, automatically change your elective contribution. When the change in cost is significant, you may either increase your contribution or elect less-costly coverage. When a significant overall reduction is made to the benefit option you have elected, you may elect another available benefit option. When a new benefit option is added, you may change your election to the new benefit option.

Changes in coverage of spouse or Dependent under another employer's plan You may make a coverage election change if the plan of your spouse or Dependent: incurs a change such as adding or deleting a benefit option; allows election changes due to Special Enrollment, Change in Status, Court Order or Medicare or Medicaid Eligibility/Entitlement; or this Plan and the other plan have different periods of coverage or open enrollment periods..

Eligibility for Coverage for Adopted Children

Any child under the age of 18 who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child's adoption.

If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the “Exception for Newborns” section of this document that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

Group Plan Coverage Instead of Medicaid

If your income and liquid resources do not exceed certain limits established by law, the state may decide to pay premiums for this coverage instead of for Medicaid, if it is cost effective. This includes premiums for continuation coverage required by federal law.

Requirements of Family and Medical Leave Act of 1993 (as amended) (FMLA)

Any provisions of the policy that provide for: continuation of insurance during a leave of absence; and reinstatement of insurance following a return to Active Service; are modified by the following provisions of the federal Family and Medical Leave Act of 1993, as amended, where applicable:

Continuation of Health Insurance During Leave Your health insurance will be continued during a leave of absence if:

- that leave qualifies as a leave of absence under the Family and Medical Leave Act of 1993, as amended; and
- you are an eligible Employee under the terms of that Act.

The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

Reinstatement of Canceled Insurance Following Leave Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, as amended, any canceled insurance (health, life or disability) will be reinstated as of the date of your return. You will not be required to satisfy any eligibility or benefit waiting period to the extent that they had been satisfied prior to the start of such leave of absence. Your Employer will give you detailed information about the Family and Medical Leave Act of 1993, as amended.

Uniformed Services Employment and Re-Employment Rights Act of 1994 (USERRA)

The Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) sets requirements for continuation of health coverage and re-employment in regard to an Employee’s military leave of absence. These requirements apply to medical and dental coverage for you and your Dependents. They do not apply to any Life, Short-term or Long-term Disability or Accidental Death & Dismemberment coverage you may have.

Continuation of Coverage For leaves of less than 31 days, coverage will continue as described in the Termination section regarding Leave of Absence.

For leaves of 31 days or more, you may continue coverage for yourself and your Dependents as follows:

You may continue benefits by paying the required premium to your Employer, until the earliest of the following:

- 24 months from the last day of employment with the Employer;
- the day after you fail to return to work; and
- the date the policy cancels.

Your Employer may charge you and your Dependents up to 102% of the total premium.

Following continuation of health coverage per USERRA requirements, you may convert to a plan of individual coverage according to any "Conversion Privilege" shown in your certificate.

Reinstatement of Benefits (applicable to all coverages) If your coverage ends during the leave of absence because you do not elect USERRA or an available conversion at the expiration of USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if you gave your Employer advance written or verbal notice of your military service leave, and the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.

You and your Dependents will be subject to only the balance of a waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply.

If your coverage under this plan terminates as a result of your eligibility for military medical and dental coverage and your order to active duty is canceled before your active duty service commences, these reinstatement rights will continue to apply.

Claim Determination Procedures

The following complies with federal law. Provisions of applicable laws of your state may supersede.

Procedures Regarding Medical Necessity Determinations In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. The booklet describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care professional) must request prior authorization according to the procedures described below, in the booklet, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not covered, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the booklet, in your provider's network participation documents as applicable, and in the determination notices.

Note: An oral statement made to you by a representative of UnitedHealthcare or its designee that indicates, for example, a particular service is a Covered Expense, is authorized for coverage by the plan, or that you are eligible for coverage is not a guarantee that you will receive benefits for services under this plan. UnitedHealthcare will make a benefit determination after a claim is received from you or your authorized representative, and the benefit determination will be based on, your eligibility as of the date services were rendered to you and the terms and conditions of the plan in effect as of the date services were rendered to you.

Preservice Determinations

When you or your representative requests a required prior authorization, UnitedHealthcare will notify you or your representative of the determination within 15 days after receiving the request

However, if more time is needed due to matters beyond UnitedHealthcare's control, UnitedHealthcare will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to UnitedHealthcare within 45 days after receiving the notice. The determination period will be suspended

on the date UnitedHealthcare sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would seriously jeopardize your life or health, your ability to regain maximum function, or in the opinion of a health care professional with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, UnitedHealthcare will make the preservice determination on an expedited basis. UnitedHealthcare will defer to the determination of the treating health care professional regarding whether an expedited determination is necessary. UnitedHealthcare will notify you or your representative of an expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, UnitedHealthcare will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to UnitedHealthcare within 48 hours after receiving the notice. UnitedHealthcare will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative attempts to request a preservice determination, but fails to follow UnitedHealthcare's procedures for requesting a required preservice determination, UnitedHealthcare will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

Concurrent Determinations

When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent coverage determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When you or your representative requests such a determination, UnitedHealthcare will notify you or your representative of the determination within 24 hours after receiving the request.

Postservice Determinations

When you or your representative requests a coverage determination or a claim payment determination after services have been rendered, UnitedHealthcare will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond UnitedHealthcare's control, UnitedHealthcare will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to UnitedHealthcare within 45 days after receiving the notice. The determination period will be suspended on the date UnitedHealthcare sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: information sufficient to identify the claim including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a description of any additional material or information necessary to perfect the claim and an explanation of why such material or

information is necessary; a description of the plan's review procedures and the time limits applicable following an adverse benefit determination on appeal, (if applicable); upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim; and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; a description of any available internal appeal and/or external review process(es); information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process; and in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

Appointment of Authorized Representative

You may appoint an authorized representative to assist you in submitting a claim or appealing a claim denial. However, UnitedHealthcare may require you to designate your authorized representative in writing using a form approved by UnitedHealthcare. At all times, the appointment of an authorized representative is revocable by you. To ensure that a prior appointment remains valid, UnitedHealthcare may require you to re-appoint your authorized representative, from time to time.

UnitedHealthcare reserves the right to refuse to honor the appointment of a representative if UnitedHealthcare reasonably determines that:

- the signature on an authorized representative form may not be yours, or
- the authorized representative may not have disclosed to you all of the relevant facts and circumstances relating to the overpayment or underpayment of any claim, including, for example, that the billing practices of the provider of medical services may have jeopardized your coverage through the waiver of the cost-sharing amounts that you are required to pay under your plan.

If your designation of an authorized representative is revoked, or UnitedHealthcare does not honor your designation, you may appoint a new authorized representative at any time, in writing, using a form approved by UnitedHealthcare.

COBRA Continuation Rights Under Federal Law

For You and Your Dependents

What is COBRA Continuation Coverage?

Under federal law, you and/or your Dependents must be given the opportunity to continue health insurance when there is a "qualifying event" that would result in loss of coverage under the Plan. You and/or your Dependents will be permitted to continue the same coverage under which you or your Dependents were covered on the day before the qualifying event occurred, unless you move out of that plan's coverage area or the plan is no longer available. You and/or your Dependents cannot change coverage options until the next open enrollment period.

When is COBRA Continuation Available?

For you and your Dependents, COBRA continuation is available for up to 18 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your termination of employment for any reason, other than gross misconduct; or
- your reduction in work hours.

For your Dependents, COBRA continuation coverage is available for up to 36 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your death;
- your divorce or legal separation; or

- for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Who is Entitled to COBRA Continuation?

Only a “qualified beneficiary” (as defined by federal law) may elect to continue health insurance coverage. A qualified beneficiary may include the following individuals who were covered by the Plan on the day the qualifying event occurred: you, your spouse, and your Dependent children. Each qualified beneficiary has their own right to elect or decline COBRA continuation coverage even if you decline or are not eligible for COBRA continuation.

The following individuals are not qualified beneficiaries for purposes of COBRA continuation: domestic partners, grandchildren (unless adopted by you), stepchildren (unless adopted by you). Although these individuals do not have an independent right to elect COBRA continuation coverage, if you elect COBRA continuation coverage for yourself, you may also cover your Dependents even if they are not considered qualified beneficiaries under COBRA. However, such individuals’ coverage will terminate when your COBRA continuation coverage terminates. The sections titled “Secondary Qualifying Events” and “Medicare Extension For Your Dependents” are not applicable to these individuals.

Secondary Qualifying Events

If, as a result of your termination of employment or reduction in work hours, your Dependent(s) have elected COBRA continuation coverage and one or more Dependents experience another COBRA qualifying event, the affected Dependent(s) may elect to extend their COBRA continuation coverage for an additional 18 months (7 months if the secondary event occurs within the disability extension period) for a maximum of 36 months from the initial qualifying event. The second qualifying event must occur before the end of the initial 18 months of COBRA continuation coverage or within the disability extension period discussed below. Under no circumstances will COBRA continuation coverage be available for more than 36 months from the initial qualifying event. Secondary qualifying events are: your death; your divorce or legal separation; or, for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Disability Extension

If, after electing COBRA continuation coverage due to your termination of employment or reduction in work hours, you or one of your Dependents is determined by the Social Security Administration (SSA) to be totally disabled under Title II or XVI of the SSA, you and all of your Dependents who have elected COBRA continuation coverage may extend such continuation for an additional 11 months, for a maximum of 29 months from the initial qualifying event.

To qualify for the disability extension, all of the following requirements must be satisfied:

- SSA must determine that the disability occurred prior to or within 60 days after the disabled individual elected COBRA continuation coverage; and
- A copy of the written SSA determination must be provided to the Plan Administrator within 60 calendar days after the date the SSA determination is made AND before the end of the initial 18-month continuation period.

If the SSA later determines that the individual is no longer disabled, you must notify the Plan Administrator within 30 days after the date the final determination is made by SSA. The 11-month disability extension will terminate for all covered persons on the first day of the month that is more than 30 days after the date the SSA makes a final determination that the disabled individual is no longer disabled.

All causes for “Termination of COBRA Continuation” listed below will also apply to the period of disability extension.

Medicare Extension for Your Dependents

When the qualifying event is your termination of employment or reduction in work hours and you became enrolled in Medicare (Part A, Part B or both) within the 18 months before the qualifying event, COBRA continuation coverage for your Dependents will last for up to 36 months after the date you became

enrolled in Medicare. Your COBRA continuation coverage will last for up to 18 months from the date of your termination of employment or reduction in work hours.

Termination of COBRA Continuation

COBRA continuation coverage will be terminated upon the occurrence of any of the following:

- the end of the COBRA continuation period of 18, 29 or 36 months, as applicable;
- failure to pay the required premium within 30 calendar days after the due date;
- cancellation of the Employer's policy with UnitedHealthcare;
- after electing COBRA continuation coverage, a qualified beneficiary enrolls in Medicare (Part A, Part B, or both);
- after electing COBRA continuation coverage, a qualified beneficiary becomes covered under another group health plan, unless the qualified beneficiary has a condition for which the new plan limits or excludes coverage under a pre-existing condition provision. In such case coverage will continue until the earliest of: the end of the applicable maximum period; the date the pre-existing condition provision is no longer applicable; or the occurrence of an event described in one of the first three bullets above;
- any reason the Plan would terminate coverage of a participant or beneficiary who is not receiving continuation coverage (e.g., fraud).

Moving Out of Employer's Service Area or Elimination of a Service Area

If you and/or your Dependents move out of the Employer's service area or the Employer eliminates a service area in your location, your COBRA continuation coverage under the plan will be limited to emergency services only. Because the Plan does not provide out-of-network coverage, nonemergency services will not be covered under the plan outside of the Employer's service area. If the Employer offers another benefit option through UnitedHealthcare or another carrier which can provide coverage in your location, you may elect COBRA continuation coverage under that option.

Employer's Notification Requirements

Your Employer is required to provide you and/or your Dependents with the following notices:

- An initial notification of COBRA continuation rights must be provided within 90 days after your (or your spouse's) coverage under the Plan begins (or the Plan first becomes subject to COBRA continuation requirements, if later). If you and/or your Dependents experience a qualifying event before the end of that 90-day period, the initial notice must be provided within the time frame required for the COBRA continuation coverage election notice as explained below.
- A COBRA continuation coverage election notice must be provided to you and/or your Dependents within the following timeframes:
- if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the loss of coverage, 44 days after loss of coverage under the Plan;
- if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the occurrence of a qualifying event, 44 days after the qualifying event occurs; or
- in the case of a multi-employer plan, no later than 14 days after the end of the period in which Employers must provide notice of a qualifying event to the Plan Administrator.

How to Elect COBRA Continuation Coverage

The COBRA coverage election notice will list the individuals who are eligible for COBRA continuation coverage and inform you of the applicable premium. The notice will also include instructions for electing

COBRA continuation coverage. You must notify the Plan Administrator of your election no later than the due date stated on the COBRA election notice. If a written election notice is required, it must be post-marked no later than the due date stated on the COBRA election notice. If you do not make proper notification by the due date shown on the notice, you and your Dependents will lose the right to elect COBRA continuation coverage. If you reject COBRA continuation coverage before the due date, you may change your mind as long as you furnish a completed election form before the due date.

Each qualified beneficiary has an independent right to elect COBRA continuation coverage. Continuation coverage may be elected for only one, several, or for all Dependents who are qualified beneficiaries. Parents may elect to continue coverage on behalf of their Dependent children. You or your spouse may elect continuation coverage on behalf of all the qualified beneficiaries. You are not required to elect COBRA continuation coverage in order for your Dependents to elect COBRA continuation.

How Much Does COBRA Continuation Coverage Cost?

Each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount may not exceed 102% of the cost to the group health plan (including both Employer and Employee contributions) for coverage of a similarly situated active Employee or family member. The premium during the 11-month disability extension may not exceed 150% of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated active Employee or family member.

For example: If the Employee alone elects COBRA continuation coverage, the Employee will be charged 102% (or 150%) of the active Employee premium. If the spouse or one Dependent child alone elects COBRA continuation coverage, they will be charged 102% (or 150%) of the active Employee premium. If more than one qualified beneficiary elects COBRA continuation coverage, they will be charged 102% (or 150%) of the applicable family premium.

When and How to Pay COBRA Premiums

First payment for COBRA continuation

If you elect COBRA continuation coverage, you do not have to send any payment with the election form. However, you must make your first payment no later than 45 calendar days after the date of your election. (This is the date the Election Notice is postmarked, if mailed.) If you do not make your first payment within that 45 days, you will lose all COBRA continuation rights under the Plan.

Subsequent payments

After you make your first payment for COBRA continuation coverage, you will be required to make subsequent payments of the required premium for each additional month of coverage. Payment is due on the first day of each month. If you make a payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break.

Grace periods for subsequent payments

Although subsequent payments are due by the first day of the month, you will be given a grace period of 30 days after the first day of the coverage period to make each monthly payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if your payment is received after the due date, your coverage under the Plan may be suspended during this time. Any providers who contact the Plan to confirm coverage during this time may be informed that coverage has been suspended. If payment is received before the end of the grace period, your coverage will be reinstated back to the beginning of the coverage period. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated. If you fail to make a payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan.

You Must Give Notice of Certain Qualifying Events

If you or your Dependent(s) experience one of the following qualifying events, you must notify the Plan Administrator within 60 calendar days after the later of the date the qualifying event occurs or the date coverage would cease as a result of the qualifying event:

- Your divorce or legal separation; or
- Your child ceases to qualify as a Dependent under the Plan.
- The occurrence of a secondary qualifying event as discussed under “Secondary Qualifying Events” above (this notice must be received prior to the end of the initial 18- or 29-month COBRA period).

(Also refer to the section titled “Disability Extension” for additional notice requirements.)

Notice must be made in writing and must include: the name of the Plan, name and address of the Employee covered under the Plan, name and address(es) of the qualified beneficiaries affected by the qualifying event; the qualifying event; the date the qualifying event occurred; and supporting documentation (e.g., divorce decree, birth certificate, disability determination, etc.).

Newly Acquired Dependents

If you acquire a new Dependent through marriage, birth, adoption or placement for adoption while your coverage is being continued, you may cover such Dependent under your COBRA continuation coverage. However, only your newborn or adopted Dependent child is a qualified beneficiary and may continue COBRA continuation coverage for the remainder of the coverage period following your early termination of COBRA coverage or due to a secondary qualifying event.

COBRA coverage for your Dependent spouse and any Dependent children who are not your children (e.g., stepchildren or grandchildren) will cease on the date your COBRA coverage ceases and they are not eligible for a secondary qualifying event.

COBRA Continuation for Retirees Following Employer’s Bankruptcy

If you are covered as a retiree, and a proceeding in bankruptcy is filed with respect to the Employer under Title 11 of the United States Code, you may be entitled to COBRA continuation coverage. If the bankruptcy results in a loss of coverage for you, your Dependents or your surviving spouse within one year before or after such proceeding, you and your covered Dependents will become COBRA qualified beneficiaries with respect to the bankruptcy. You will be entitled to COBRA continuation coverage until your death. Your surviving spouse and covered Dependent children will be entitled to COBRA continuation coverage for up to 36 months following your death. However, COBRA continuation coverage will cease upon the occurrence of any of the events listed under “Termination of COBRA Continuation” above.

Conversion Available Following Continuation

If your or your Dependents’ COBRA continuation ends due to the expiration of the maximum 18-, 29- or 36-month period, whichever applies, you and/or your Dependents may be entitled to convert to the coverage in accordance with the Medical Conversion benefit then available to Employees and the Dependents. Please refer to the section titled “Conversion Privilege” for more information.

Interaction With Other Continuation Benefits

You may be eligible for other continuation benefits under state law. Refer to the Termination section for any other continuation benefits.

Discretionary Authority

The Employer delegates to UnitedHealthcare the discretionary authority to interpret and apply plan terms and to make factual determinations in connection with its review of claims under the plan. Such discretionary authority is intended to include, but not limited to, the determination of the eligibility of persons desiring to enroll in or claim benefits under the plan, the determination of whether a person is entitled to benefits under the plan, and the computation of any and all benefit payments. The Employer

also delegates to UnitedHealthcare the discretionary authority to perform a full and fair review of each claim denial which has been appealed by the claimant or his duly authorized representative.
