Cigna

Cigna Care Network®

Important plan information for:
Broward, Dade, Martin, Okeechobee, Palm Beach and St Lucie Counties

Offered by Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company, or their affiliates.
Service is at the heart of everything we do. Our goal is to give you: fast answers; responsive assistance; and convenient ways to find information.

Go to www.cigna.com to create an online personalized directory.
Introduction

WHO WE ARE

- **Cigna** strives to keep you healthy. We are committed to giving you access to information, technology and support in making informed health care decisions.

- **We are where you are.** Cigna has a national presence, but we also have a local focus in most areas. This means local medical directors and health services representatives work to provide you with access to quality care.

WHAT YOU CAN EXPECT

- **Convenient access to quality health care.** Before joining the Cigna network, health care professionals must meet Cigna standards through a process called credentialing. We regularly review credentials to help ensure they continue to meet these standards.

- **Medical coverage.** Your plan includes coverage for diagnosis and treatment of illness and injury, and a program of preventive care to help keep you and your family well.

- **Responsive customer service.** Whether on our website, [www.cigna.com](http://www.cigna.com), by phone when you talk to a representative or through our automated telephone system, you have access to consistent and timely information about your plan – when it’s convenient for you.

ABOUT THIS DIRECTORY

The following is a list of doctors, facilities and other health care professionals in this area who participate in the Cigna network. An updated listing is always available at our public site [www.cigna.com](http://www.cigna.com), and for current Cigna customers at [www.mycigna.com](http://www.mycigna.com). You can use our online directory to:

- search for participating providers: physicians, hospitals and other health care professionals and facilities.

- download your own personalized directory to have on hand when you need it.

Current customers can also find hospital scores for specific conditions/procedures through Cigna “Centers of Excellence” at [www.mycigna.com](http://www.mycigna.com).

The online directory is updated often, so visit it often. Some providers may have been added or removed from a network after this directory was printed. We do not guarantee that each provider is still accepting new patients. To get the most up-to-date information about the network providers in your area, use our online directory ([www.cigna.com](http://www.cigna.com) or [www.mycigna.com](http://www.mycigna.com)) or call Cigna Customer Service at the toll-free number on the back of your Cigna ID card. In addition, please check with the health care professional before scheduling your appointment or receiving services to confirm he or she is participating in Cigna’s network.

PLEASE NOTE: The term “health care professional” includes the term “provider”.

YOUR CIGNA ID CARD

- You receive your Cigna ID card after you enroll.

- Keep your Cigna ID card with you at all times. Show it whenever you visit a health care professional or facility.

- For current customers, always refer to your Cigna ID card for help to determine the name of your Cigna network and benefit plan to identify the health care providers that are in-network for your plan.

WORKING WITH YOUR DOCTOR

When you choose your Primary Care Physician (PCP) to be your personal doctor, you establish and develop a relationship that remains a reassuring part of your plan. Each covered member of your family can choose his or her own PCP.

- The PCP serves as a “home base” for basic care – a source for advice and direction.

- Your PCP also coordinates your care - from preventive checkups and routine medical care to specialized care and hospitalizations.

- If required as a part of your plan, your PCP will also provide you with referrals to specialists when necessary. See your plan materials to learn whether your plan requires you to have a referral before seeing a specialist.

- If your PCP is part of a medical group, you may be required to see a specialist who practices in that group for services to be covered. Check with your PCP or call Cigna Customer Service to learn whether this requirement applies to you.

- Referral-free access to OB/GYNs – As part of your plan, you can visit a participating OB/GYN at any time, without a referral, even if your plan requires referrals to other types of specialists. Please note: If your PCP is part of a medical group you may be required to see an OB/GYN who practices in that group for services to be covered. Check with your PCP or call Cigna Customer Service to learn whether this requirement applies to you.

- You can change your PCP at any time, for any reason.

Visit www.cigna.com, or www.mycigna.com for current customers, to search for participating doctors, find information on preventive care, other health topics, and learn more about your plan’s benefits and programs.
SELECTING YOUR DOCTOR

Follow your employer’s instructions for enrolling in the Cigna plan.

- Enter your choice(s) of Primary Care Physician(s).
- Enter the name of each covered family member, the name of the Primary Care Physician, and the doctor’s ID number as shown in the directory.
- Submit your enrollment as directed by your employer.
- You can also change your PCP online at www.cigna.com.

LANGUAGE ASSISTANCE

If you have difficulty understanding English, we offer language assistance and interpretation services at no cost to you. For help, please call the Customer Service number on the back of your ID card. If you do not have or are unable to locate your ID card, please call 1.800.244.6224.

If you have hearing or speech loss and use Telecommunications Relay Services (TRS) or a Text Telephone (TTY), dial 711 to connect with a TRS operator.

YOUR SUMMARY OF BENEFITS

Your Summary of Benefits gives you important information on the medical benefits and other types of services your plan covers. You should read your plan documents to determine whether you have prescription drug coverage, coverage for mental health and substance abuse, and/or vision care coverage as a part of your Cigna plan.

The listing of a provider in this directory does not guarantee that the services provided by that provider are covered under your specific medical plan. Check the materials which describe your particular plan benefits, or call Cigna Customer Service for information about the services covered under your plan benefits. If you have questions or need assistance, please contact Customer Service at the toll-free telephone number listed in your enrollment materials or on your Cigna ID card.
IN-NETWORK VS. OUT-OF-NETWORK HEALTH CARE PROVIDERS

In-Network Costs:

Selecting an in-network provider can reduce your out-of-pocket costs. That means other than your copayment, deductible or coinsurance amounts you should not be responsible for any costs for covered services when you receive them from an in-network provider. In-network providers should not bill you for any other costs for covered services or require you to pay any difference between their billed charges and what Cigna has paid them per their contract. If they do, this is called balance billing. You should not experience balance billing from an in-network provider for any covered service. The copayment, deductible or coinsurance is not considered balance billing.

Out-of-Network Costs:

If your plan includes out-of-network benefits, your out-of-pocket costs may be higher for covered services from an out-of-network provider than if you had selected an in-network provider. If your plan does not include out-of-network coverage, the provider may bill you directly for the full cost of services and you will be responsible for the full costs except in the case of emergency services.

Change in your Provider’s Network Status and your Impacts:

It is important to check that your provider is still in your plan’s network before receiving care. If your provider has a change in participation status and is no longer in-network, you may be subject to the same out-of-pocket, out-of-network costs described above. If you are currently being treated for specific ongoing conditions or are pregnant, continuity of care coverage may be considered for a defined period of time. You must apply for Continuity of Care using the Continuity of Care/Transition of Care Request Form. Please check your benefit plan description or call the Cigna Customer Service at the toll-free number on the back of your Cigna ID card.

Out-of-Network Reimbursement:

Payments made to providers not participating in your Cigna network are in line with industry standards and are based on: the provider’s charges, comparison of charges by other similar providers, and the fees typically paid to an in-network provider, for the same type of covered service in the same geographic region and Medicare reimbursement rates. The fee paid to an out-of-network provider by Cigna is considered to be the Maximum Reimbursable Charge. The out-of-network provider may bill you the difference between their charge and the Maximum Reimbursable Charge in addition to applicable deductibles, copayments and coinsurance.

PROVIDERS AT IN-NETWORK FACILITIES:

Health care services may be provided to you at an in-network health care facility by facility-based providers (such as anesthesiologist, radiologists, and laboratories) who are not in your plan’s network. You may be responsible for payment of all or part of the costs for those out-of-network services in addition to applicable amounts due for copayments, coinsurance, deductibles and non-covered services. For more information or to determine if a provider is in-network, please call Cigna Customer Service at the toll-free number on the back of your Cigna ID card.
Cigna LifeSOURCE Transplant Network®

As a Cigna customer, you’ll have access to the Cigna LifeSOURCE Transplant Network®. It is a network of participating organ and tissue transplant centers. Developed by a team of Cigna clinical professionals, the transplant network includes respected hospitals and medical centers throughout the country.

Each transplant location is evaluated for favorable rates of patient outcomes, support services and “patient friendly” environments, before it is included in the Cigna LifeSOURCE Transplant Network.

Cigna LifeSOURCE hospitals are managed by our broad transplant case management unit. This unit is made up of nurses. They have clinical experience in transplant, hematology/oncology, home health care, dialysis, critical care plus community care. They are specially trained to manage complex transplant cases.

Help from the Transplant Case Management Unit includes:

- Clinical relationship with doctors
- Consistency in service and coverage administration
- Dedicated resources for complex areas of medicine
- Helping you understand your choices
- Administrative streamlining

Respected Hospitals and Medical Centers Throughout the United States

In some instances a travel benefit is offered as a feature of the program. Your case manager can tell you if you are eligible for this benefit.

As a Cigna customer, you can have access to these services when they are handled through your doctor and your transplant case manager.

You may not receive the in-network level of coverage for all types of transplants at all hospitals. In addition, our network of locations changes frequently. For the most current listings with the programs covered at the in-network coverage level, please visit www.cignalifesource.com or call Cigna LifeSOURCE Customer Service at 800.668.9682.

Not all Cigna LifeSOURCE Transplant Network medical centers are available to customers in all plans. Please call Customer Service at 800.668.9682 for more information. If you are already in transplant case management, please call your case manager directly.

Precertification

Our goal is to help make sure that you have access to the appropriate care, in the appropriate setting. We have established a wide network of physicians and we continuously contract with new physicians to help make sure that you have access to care from credentialed doctors.

Your plan may require that you choose a Primary Care Physician (PCP) for yourself and your covered dependents. Your PCP is your personal doctor who can coordinate your medical care and keep your medical history. Even if your plan does not require you to choose a PCP, you can still choose one for yourself and your covered dependents to help coordinate your care. Your first stop should be your PCP or personal doctor. He or she can help determine if you need specialty care or hospitalization. In the event of a true emergency, dial 911 or go to the nearest hospital.

WHAT IS PRECERTIFICATION?

Precertification is a review process where clinical professionals, including nurses, physicians and/or pharmacists work with your doctor to determine if a medical service requested is medically necessary according to established clinical criteria covered under your benefit plan.

HOW DOES THE PROCESS WORK?

Your plan may require precertification for hospital admissions and selected outpatient services. If your doctor is part of the Cigna network, then he or she is responsible for contacting Cigna to get precertification. If you use a doctor who is not part of the Cigna network, then you may be responsible for contacting Cigna to request precertification. It is important for you to review your benefit plan or contact Cigna at the number on your Cigna ID card to understand which services require precertification. When precertification is requested, a clinical professional, most often a nurse, evaluates the request using nationally recognized guidelines. These guidelines are consistent with sound clinical principles and processes and have been developed with involvement from actively practicing health care professionals. When guidelines do not exist, clinical resource tools based on clinical evidence are used.

Anytime a nurse is unable to approve coverage for clinical reasons, the case is referred to a physician medical director who considers each case on an individual basis. The physician medical director may speak with your doctor to obtain additional information. You and your doctor will be notified in writing if a request for precertification cannot be approved based on the information we received.
WHEN DOES THE REVIEW OCCUR?

The review process can occur at three different times: (State specific time frames may apply)

- Prospective review is when Cigna receives a request before you receive care. Determinations are made within 72 hours for urgent care and within 15 days for non-urgent care after receiving all necessary information. You and your doctor will be notified verbally or electronically and by mail.

- Concurrent review is when Cigna receives a request while you are receiving care or in a hospital, skilled nursing facility or rehabilitation facility. Determinations are made within one business day, 24 hours, of receiving all necessary information. You and your doctor will be notified verbally or electronically and by mail.

- Retrospective review is when Cigna receives a request after you have received care. Determinations related to these services are made within thirty days after receiving all necessary information. You and your doctor will be notified verbally or electronically and by mail.

If your situation requires that a determination be made right away, then Cigna will perform an expedited review. This determination will be completed within 72 hours.

Physicians determine coverage denials when medical judgement is required and clinical reasons are the rationale for the denial. Denial letters will explain the reason for the decision and details on how to submit additional information and/or proceed through the formal Appeals Process, should you disagree with the coverage decision.

WHAT IS CASE MANAGEMENT?

Case Management is when a Cigna Case Manager provides you with assistance in coordinating services between your doctor and across different care settings, such as a hospital, rehabilitation facility and your home. The Case Manager will also assist you with identifying available community resources for services that may not be covered by your benefit plan or by providing you with health care information. If you think the services of a Cigna Case Manager might help you, call the number on your Cigna ID card.
Health Care Professional Compensation

Cigna is committed to keeping you informed about matters related to your health care plan. For that reason, we offer the following description of the way that Cigna compensates health care professionals (physicians, hospitals and other health care practitioners and facilities) that participate in our networks. Cigna compensates health care professionals in ways that are intended to emphasize preventive care, promote quality care and ensure the appropriate and cost-effective use of covered medical services and supplies. Cigna reinforces this philosophy through utilization management decisions made by its medical directors and medical management staff. Cigna employees are encouraged to promote appropriate utilization of covered health care services and to discourage underutilization.

The methods by which participating health care professionals agree to be compensated are described generally here. The amount and type of compensation a health care professional agrees to accept may vary depending upon the type of plan. For example, a hospital may agree to accept less for services provided to patients enrolled in an HMO plan than to patients enrolled in other types of plans. In addition, Cigna may attempt in various ways to promote the use of participating health care professionals based upon quality and cost-effectiveness measures while assuring quality and access to covered services and supplies.

**DISCOUNTED FEE FOR SERVICE:**
Payment for services is based on an agreed-upon discounted amount from the health care professional’s bill.

**CAPITATION:**
By mutual agreement, network physicians, physician/hospital organizations (PHOs) or other health care professional groups are paid a fixed amount (capitation) at regular intervals for each individual assigned to the physician, PHO or other health care professional groups, whether or not services are provided. This payment covers physician and/or, where applicable, hospital or other services covered under the benefits plan. Health care professional groups and PHOs may in turn compensate health care professionals using a variety of methods. Capitation can offer health care professionals a predictable income, encourage physicians to keep people well through preventive care, eliminate the financial incentive to provide services that will not benefit the patient and reduce paperwork.

Cigna may also work with third parties that provide network management services. Under these arrangements, Cigna pays the third party a fixed monthly amount per individual for these services. Health care professionals are compensated by the third party for services provided to Cigna plan participants from the fixed amount. Compensation arrangements are agreed upon by the third parties and their contracted health care professionals, and may include discounted fee for service and capitation.

Some health care professionals and third parties that provide network management services may participate in a risk-sharing arrangement with Cigna; they agree on a target amount for the cost of certain services and share all or some of the amount by which costs are over or under the target. Services are monitored using criteria that may include accessibility, quality of care, customer satisfaction and appropriate and cost-effective use of medical services and supplies.

**SALARY:**
Physicians and other health care professionals who are employed to work in Cigna’s Arizona staff-model medical facility are paid a salary. The salary is decided in advance each year and is guaranteed regardless of the services provided. Physicians are eligible for a bonus at the end of the year based on performance, which is evaluated using criteria that may include quality of care, quality of service and appropriate and cost-effective use of medical services and supplies.

**BONUSES AND INCENTIVES:**
Some health care professionals may receive additional payments based on their performance, which is measured using criteria that may include quality of care, quality of service and appropriate and cost-effective use of medical services and supplies. Health care professionals may also receive financial and/or nonfinancial incentives that promote utilization of cost-effective participating health care professionals (such as hospitals, labs, specialists and vendors) and covered drugs and supplies.

**PER DIEM:**
A specific amount is paid to a hospital per day for all health care received. The per diem payment may vary by type of service and length of stay and the payment may in some cases be greater than the hospital’s normal billed charges.

**CASE RATE:**
A specific amount is paid for all health care received in the hospital for a given hospital stay (such as for a normal maternity delivery).

If you would like to find out which compensation method applies to services you receive from a health care professional, just ask the doctor’s administrative staff. Cigna Customer Service is available to help with general questions at the toll-free telephone number on your Cigna ID card.
The following zip codes represent the customer service area as of this printing. Look under specific listings in this directory for the addresses of physicians and hospitals that participate in this network.

How to Read the Physician Listing

Example:

FAMILY PRACTICE .................. Specialty
Smith, John, MD .................... Physician’s name and degree
Cigna Care Designation: Yes ........ Cigna Care designated doctor
ID 12345678 ....................... Physician’s ID number
Medical Group ..................... Group affiliation
123 A Street ....................... Street address
Town, State 00000 ................. City, state, zip code
(123) 456-7890 .................... Office phone number
Hospital Affiliation .............. Affiliation with Cigna-participating hospital(s)

Cigna Care Network®

Your plan may include the Cigna Care Network, composed of doctors selected from Cigna’s broad network of participating health care professionals. If Cigna Care Network is part of your plan, and you need certain types of care, you will receive a higher level of in-network benefits when you receive covered services from Cigna Care designated doctors.

A Cigna Care designated doctor is a Cigna participating doctor who practices in one of the specialties or primary care categories below and meets certain criteria related to quality and cost-efficiency. Another objective of the Cigna Care Network is to help ensure our customers have adequate access to specialists and primary doctors in the following classes. Primary Care doctors and specialists include:

SPECIALISTS:
Allergy/Immunology Gastroenterology Obstetrics/Gynecology
Cardiology General Surgery Ophthalmology
Cardiovascular Surgery Hematology/Oncology Orthopedic Surgery
Colon and Rectal Surgery Nephrology Pulmonary Medicine
Dermatology Neurology Rheumatology
Ear/Nose/Throat (Otolaryngology) Neurosurgery Urology
Endocrinology

PRIMARY CARE:
Family Practice Internal Medicine Pediatrics

If “Cigna Care Network” is printed on your ID card and you need care in one of the areas listed above, the following apply:

■ When you receive covered services from doctors who have received the Cigna Care Designation, you receive the in-network benefit level and your copayment or level of coinsurance will be lower than if you chose a doctor without the Cigna Care Designation.

■ If you receive covered services from a Cigna participating doctor without the Cigna Care Designation, you are covered at the in-network benefit level—but your copayment or level of coinsurance will be higher than if a designated doctor were chosen.

Cigna Care designations may change. Before visiting your doctor, always check your directory to find out if the doctor is Cigna Care designated. You will find the latest information on www.cigna.com.

The physicians listed in this directory are independent contractors. They are not the agents nor employees of, nor under the control of any Cigna company.

Participation by health care professionals or physicians listed in this directory is not guaranteed and may be subject to change. Please ask your doctor whether he/she is still participating in the network or call Customer Service.

- Board Certified
- Accepting current patients only
You may choose your primary care physician from the following list of doctors specializing in Family Practice, General Practice, Internal Medicine or Pediatrics. Remember, you can select a different doctor for each covered member of your family.

Obstetricians/Gynecologists

Your benefit plan offers coverage for an annual "well-woman" gynecological exam. To receive your annual well-woman exam, you may visit one of the participating obstetricians/gynecologists listed here. Or, if you prefer, your primary care physician can perform your exam. If you choose an obstetrician/gynecologist for your well-woman exam, just call one of these participating doctors to make an appointment. You do not need a referral from your primary care physician. Some plans may differ. If you have questions on your plan, contact Customer Service at the number on your Cigna ID card.

## Chiropractors, Dermatologists, and Podiatrists

In accordance with Florida law, you may be directly accessible to these Cigna HealthCare contracted specialists without a referral from your Primary Care Physician (PCP). The type of benefit plan you will have will determine if you can have direct access or if you must first get a referral. Always consult your Benefits to determine whether your plan requires referrals for these specialists. When visiting one of these Cigna HealthCare contracted specialists, you pay only the applicable copayment, deductible or cost sharing portion of your benefit plan. If you visit a specialist who is not contracted with Cigna HealthCare, you will be responsible for full payment of services rendered, in accordance with the provisions of your benefit plan.

**Dermatology**

Your benefit plan may allow you to visit a participating dermatologist for office visits, minor procedures and testing without a referral up to five (5) times per year. However, if you require more than five (5) visits a year, or if you must undergo more extensive treatment, you must first obtain a referral from your Primary Care Physician. Always consult your Summary of Benefits to determine whether your plan requires referrals to dermatologists.

DERMATOLOGY

Your benefit plan may allow you to visit a participating dermatologist for office visits, minor procedures and testing without a referral up to five (5) times each year. However, if you require more than five (5) visits a year, or if you must undergo more extensive treatment, you must first obtain a referral from your Primary Care Physician. Always consult your Summary of Benefits to determine whether your plan requires referrals to dermatologists.

Vision Care

If your Cigna benefit plan includes vision care benefits, you may access a wide range of routine eyecare services through the Vision Service Plan (VSP) by contacting your participating VSP optical center or vision care professional to make an appointment. If you need help locating a participating VSP optical center or vision care professional, call VSP at 800.VSP.7195 (877.7195) or check on-line at www.vsp.com.

For specific coverage information, refer to the benefit summary enclosed in your enrollment kit, or check with your employer.
