

**NOTICE OF PRIVACY PRACTICES FOR PROTECTED  
HEALTH INFORMATION**

**THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY  
BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS  
INFORMATION, PLEASE REVIEW IT CAREFULLY.**

This notice is provided to you on behalf of the Palm Beach County Board of County Commissioners and participating agencies Palm Tran, Inc. and Supervisor of Elections, and applies to the privacy practices of the BOCC covered health plans (the Plan). It is intended to satisfy the notice requirements under the Health Insurance Portability and Accountability Act of 1996, amended by the HITECH Act of American Recovery and Reinvestment Act of 2009 (HIPAA). The Plan is required by law to take reasonable steps to ensure the privacy of your personally identifiable health information and to inform you about:

- the Plan's uses and disclosures of Protected Health Information (PHI);
- your privacy rights with respect to your PHI;
  - the Plan's legal duties with respect to your PHI;
  - your right to file a complaint with the Plan and to the Secretary of the U.S. Department of Health and Human Services; and
- the person or office to contact for further information about the Plan's privacy practices.

The term "Protected Health Information" (PHI) includes all individually identifiable health information transmitted or maintained by the Plan, regardless of form (oral, written, electronic).

**Section 1. Notice of PHI Uses and Disclosures**

*Required PHI Uses and Disclosures*

Upon your request, the Plan is required to give you access to certain PHI in order to inspect and copy it.

Use and disclosure of your PHI may be required by the Secretary of the Department of Health and Human Services to investigate or determine the Plan's compliance with the privacy regulations.

Uses and disclosures to carry out treatment, payment and health care operations

The Plan and its business associates will use PHI without your consent, authorization or opportunity to agree or object to carry out treatment, payment and health care operations. The Plan also will disclose PHI to the Plan Administrator(s) for purposes related to treatment, payment and health care operations. The plan documents provide for the protection of your PHI as required by federal law.

*Treatment* is the provision, coordination or management of health care and related services. It also includes but is not limited to consultations and referrals between one or more of your providers.

For example, the Plan may disclose to a treating orthodontist the name of your treating dentist so that the orthodontist may ask for your dental X-rays from the treating dentist.

*Payment* includes but is not limited to actions to make coverage determinations and payment (including billing, claims management, subrogation, plan reimbursement, reviews for medical necessity and appropriateness of care and utilization review and preauthorizations).

For example, the Plan may tell a doctor whether you are eligible for coverage or what percentage of the bill will be paid by the Plan.

*Health care operations* include but are not limited to quality assessment and improvement, reviewing competence or qualifications of health care professionals, underwriting, premium rating and other insurance activities relating to creating or renewing insurance contracts. It also includes disease management, case management, conducting or arranging for medical review, legal services and auditing functions including fraud and abuse compliance programs, business planning and development, business management and general administrative activities.

For example, the Plan may use information about your claims to refer you to a disease management program, project future benefit costs or audit the accuracy of its claims processing functions.

The Plan does not use or disclose PHI that is genetic information for underwriting purposes.

### Uses and disclosures that require your consent

If you decline to provide consent for the use of your PHI for treatment, payment and health care operations you will not be enrolled in the Plan.

### Uses and disclosures that require your written authorization

Your written authorization generally will be obtained before the Plan will use or disclose psychotherapy notes, drug and alcohol addiction treatment records, and HIV status about you from your health care practitioner. The Plan may use and disclose such notes when needed by the Plan to defend against litigation filed by you. Psychotherapy notes are separately filed notes about your conversations with your mental health professional during a counseling session. They do not include

summary information about your mental health treatment.

### Uses and disclosures that require that you be given an opportunity to agree or disagree prior to the use or release

Disclosure of your PHI to family members, other relatives and your close personal friends is allowed if:

- the information is directly relevant to the family or friend's involvement with your care; and
- you have either agreed to the disclosure or have been given an opportunity to object and have not objected.

### Uses and disclosures for which consent authorization or opportunity to object is not required

Use and disclosure of your PHI is allowed without your consent, authorization or request under the following circumstances:

1. When required by law.
2. When permitted for purposes of public health activities, including when necessary to report product defects, to permit product recalls and to conduct post-marketing surveillance. PHI may also be used or disclosed if you have been exposed to a communicable disease or are at risk of spreading a disease or condition, if authorized by law.
3. When authorized by law to report information about abuse, neglect or domestic violence to public authorities if there exists a reasonable belief that you may be a victim of abuse, neglect or domestic violence. In such case, the Plan will promptly inform you that such a disclosure has been or will be made unless that notice would cause a risk of serious harm. For the purpose of

- reporting child abuse or neglect, it is not necessary to inform the minor that such a disclosure has been or will be made. Disclosure may generally be made to the minor's parents or other representatives although there may be circumstances under federal or state law when the parents or other representatives may not be given access to the minor's PHI.
4. The Plan may disclose your PHI to a public health oversight agency for oversight activities authorized by law. This includes uses or disclosures in civil, administrative or criminal investigations; inspections; licensure or disciplinary actions (for example, to investigate complaints against providers); and other activities necessary for appropriate oversight of government benefit programs (for example, to investigate Medicare or Medicaid fraud).
  5. The Plan may disclose your PHI when required for judicial or administrative proceedings, For example, your PHI may be disclosed in response to a subpoena or discovery request provided certain conditions are met. One of those conditions is that satisfactory assurances must be given to the Plan that the requesting party has made a good faith attempt to provide written notice to you, and the notice provided sufficient information about the proceeding to permit you to raise an objection and no objections were raised or were resolved in favor of disclosure by the court or tribunal.
  6. When required for law enforcement purposes (for example, to report certain types of wounds).
  7. For law enforcement purposes, including for the purpose of identifying or locating a suspect, fugitive, material witness or missing person. Also, when disclosing information about an individual who is or is suspected to be a victim of a crime but only if the individual agrees to the disclosure or the covered entity is unable to obtain the individual's agreement because of emergency circumstances. Furthermore, the law enforcement official must represent that the information is not intended to be used against the individual, the immediate law enforcement activity would be materially and adversely affected by waiting to obtain the individual's agreement and disclosure is in the best interest of the individual as determined by the exercise of the Plan's best judgment.
  8. When required to be given to a coroner or medical examiner for the purpose of identifying a deceased person, determining a cause of death or other duties as authorized by law. Also, disclosure is permitted to funeral directors, consistent with applicable law, as necessary to carry out their duties with respect to the decedent.
  9. The Plan may use or disclose PHI for research, subject to conditions.
  10. When consistent with applicable law and standards of ethical conduct if the Plan, in good faith, believes the use or disclosure is necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public and the disclosure is to a person reasonably able to prevent or lessen the threat, including the target of the threat.
