This training is an equity, diversity, and inclusion topic

## Description:

The presentation will focus on increasing disability awareness including identifying models of disability, history of discrimination, and general assessment and treatment recommendations. In addition, participants will examine their own values, assumptions, and biases that they may harbor toward individuals with disabilities. In addition, the presentation will include interactive participation including viewing of a video and completion of an experiential exercise. Furthermore, participants will be provided with a general understanding of statistics, disability types, and common definitions associated with the disability community.

## Learning Objectives:

After completion of this presentation, participants will be able to name the following:

- 1) Describe three models of disability.
- 2) Explain the history of discrimination.
- 3) Identify general treatment and assessment considerations.

## Presenter:

**Dr. Craig Kramer** is a Licensed Psychologist in Florida. He earned his Doctorate in Clinical Psychology from Antioch University New England. Currently, Dr. Kramer works for the Mental Health Center of Florida, a group private practice in Fort Lauderdale, FL.
