General Rapid Re-Housing Standards:

If a participant calls for additional services after exit, the following applies:

- If they are still housed but need financial assistance to maintain housing, they will be referred for assistance to the agencies that provide prevention services.
- If they become homeless again, a new SPDAT must be completed and added to the priority listing based on the SPDAT score. There is no wait time or limited number of times that a participant may be served under the Rapid Re-Housing Component.

SPDAT Requirements:

The SPDAT and its 15 components of review are the primary assessment tool used at intake assessment and at the predetermined intervals of service delivery (at move in, 30 days, 90 days, 180 days, 270 days, 365 days as well as changes in life circumstances ± 5 business days).
