IV. Reports

A. Jail Population Report

Major Kneisley reported that the total population today of the jail is 2,717 which represented a slight decline. He added that for the end of the year total in 2007 the population was 2,944 and in 2008 our population average is expected to be at 3,000 which show a steady increase.

B. Jail Counselor Report

The Jail Counselor, Mr. Fondiller, provided a report that showed the status of DCF transfers, misdemeanor booking averages, and a table of the December misdemeanor bookings. Mr. Fondiller reported that the total average of days misdemeanants spent in jail for the year 2008 was 5.16 days. The average number of days for misdemeanants between booking and sentencing was 5.3 and the mean average was approximately 39.5 days for the month of December. In 2008 all individuals that were required to be transferred to a treatment facility were transferred within the statutory timeframe of fifteen days which is an improvement from the previous year.

C. **Juvenile Detention Report**

Department of Juvenile Justice Superintendent, Mr. Flowers, provided a monthly report of the detention center's population which showed that the monthly average in December was 78 juveniles and that the population today was at 82. (A copy of the full report is attached to the end of the minutes). He added that 16 juveniles are awaiting direct file and 12 are awaiting placement in commitment programs. Commissioner Vana asked if there were juveniles at the detention center for extended periods of time. He stated that there are approximately four juveniles that are awaiting a commitment program have been at the detention center for more than twenty-one days. He also added that since Martin County opened the girl's program, the placement wait-time has decreased.

D. Pretrial Services Report

The Pretrial Service Manager, Mr. Trotta, provided members with a printed report detailing the Supervised Release Pretrial Services Program. The report notes that it is current as of January 6th. He stated that there are a total of 1,493 defendants on Supervised Own Recognizance (S.O.R.) and that 1,173 of these are out of custody and are not occupying jail space. He further reported that there are a total of 14 defendants in custody on S.O.R. only and noted that his report includes the various reasons for the S.O.R. in custody pending release. Mr. Trotta also reported that there are a total of 829 defendants that have S.O.R. plus a bond. Ms. White asked if the task force would be provided with a report showing the number of individuals in custody on a violation of S.O.R.

V. Update

A. Evaluation and reorganization of circuit criminal court

Judge Krista Marx, Circuit Court, updated the Task Force members about the Administrative Order (4.502 – 12/08, Circuit Criminal Court Reallocation) that will become effective January 20th, 2009. This AO is reorganizing the Circuit Criminal Court to streamline the processing of cases in a fair, timely, and cost-effective manner. A sample of the covered areas includes procedures for newly assigned cases, assignment of capital cases, specified arraignment days (out-of-custody and in-custody locations), mental health cases, and the use of expert witnesses. She reported that there will be eight criminal divisions and two trial divisions. By July, all eight criminal court division judge shall be eligible to hear capital cases. Judge Marx mentioned the addition of the newly formed, county-paid mental health case manager position for the courts has been helpful.

B. Governor's possible budget reduction proposal: Transfer sex offenders in the Jimmy Ryce facility to county jails \$10M

Ms. Link referred the Task Force members to a Legislative Update report dated December 15, 2008 that contained a list of potential statewide budget reductions. She stated that of concern on the list is an item showing a ten million dollar cut in the state budget to transfer sex offenders in the Jimmy Ryce facility to county jails. Currently that facility has a capacity population of 550. Judge Marx mentioned that they recently

prepared a list of those civil commitments for offenders that would be returned to Palm Beach County. She stated that the list contained approximately 18 individuals and mentioned that Ms. Spangenberg could provide a full report to the Task Force at the next meeting. Major Kneisley noted that logistically, these inmates would be required to be kept according to state statute. Ms. White said that Jimmy Ryce cases have been litigated by statute up to the Supreme Court. Commissioner Vana stated that it would be helpful to know what the local impact would be.

Ms. Link also noted that Major Kneisley at the Sheriff's office is monitoring possible legislation that would adjust the structure of county jails to hold sentenced inmates beyond a one year sentence. Chairman Duncan requested Major Kneisley to provide a cost analysis on these possible impacts to the county.

VI. New Business

2009 Proposed Meeting Schedule and Workplan

Chairman Duncan asked the Task Force members to review the proposed 2009 meeting schedule and workplan.

VII. Old Business

Alternatives to Incarceration

Mr. Rodriguez reported that the Advisory Board for Alternatives to Incarceration met on December, 3, 2008 in lieu of the Corrections Task Force meeting last month. He stated that the Board agreed that there was a population in the jail that would meet the criteria for a day reporting center concept and that the Board decided that the sentenced population would be best to start with. At a later time, they would begin to review a population consisting of probation violators, failure to appear cases and supervised released violators. He mentioned that the Task Force members and the Advisory Board members were provided with a requirements paper for a day reporting center concept by Ms. Link and that any comments or edits to that paper could be sent directly to the CJC office.

VIII. Additional Member and guest comments

There were no additional member or guest comments.
