# IV. Reports

# A. Jail Population Report

Major Kneisley reported that the total population today of the jail is 2,681 which he stated remains lower than the projected population. Chief Crane asked what has attributed to the decline and Major Kneisley noted that bookings have decreased due to lower arrests. Chairman Duncan added that the first appearance judges and the cooperation of the public defender's office and state attorney's office has assisted in resolving VOP's at the Gun Club courthouse rather than having those cases come to the other courthouses.

# B. Jail Counselor Report

The Jail Counselor, Mr. Fondiller, provided a report that showed the status of DCF transfers and misdemeanor booking averages. Mr. Fondiller reported that the total average of days misdemeanants spent in jail in April was 3.2 days. He added that the average number of days for misdemeanants between booking and sentencing was 4.6 days. Mr. Fondiller also provided a report in following up with a topic from the last meeting on the court ordered evaluations. He stated that his analysis showed 105 total evaluations were ordered in March this year. Of those 105, 87 were for SAAP evaluations, 13 were for mental health assessments and 5 were not ordered. Judge Booras noted that there is an automatic return for those that have assessments ordered and that himself and Judge Marx (the two First Appearance Judges) are addressing those instances.

#### C. Juvenile Detention

Department of Juvenile Justice Superintendent, Anthony Flowers supplied a report that showed the average population of the juvenile detention center in March and April and stated that the average population today was at 64. (A copy of the full report is attached to the end of the minutes). He mentioned that this is a low population for the center and expects a slight upturn in the summer months.

# D. Pretrial Services Report

The Pretrial Services Manager, Mr. Trotta, provided members with a printed report detailing the Supervised Release Pretrial Services Program. The report notes that it is current as of May 4<sup>th</sup>. He stated that there are a total of 1,140 defendants on Supervised Own Recognizance (S.O.R.) and that 959 of these are out of custody. He further reported that there are a total of 639 defendants on S.O.R. only and 501 that have a money bond attached to the S.O.R. Eighteen individuals were on S.O.R. and were in custody for the following reasons:

Probation/Parole Violation 1
S.O.R. to Treatment 4
Bonds or No Bonds on Other Charges/Holds 12
S.O.R. to V.A. Hospital 1

#### V. New Business

# A. Review of in custody cases with no-bonds

Major Kneisley provided a preliminary report showing that approximately 50% of inmates are in custody with no bonds:

22.5% have first degree felony charges 28% have VOP, VSOR, or FTA charges

Chairman Duncan and Major Kneisley concurred that these numbers appear reasonable. Mr. Rodriguez and Commissioner Vana asked what the comparison is to other jurisdictions.

# B. Review of Fast Track Law Enforcement Booking program

Chief Crane discussed a Florida Attorney General's opinion regarding having certified officers process bonds in lieu of bringing a person into custody. Chief Crane offered that in the past police departments and the Sheriff could process bonds that were less than \$1,000. He commented that he would do more research since that opinion was dated in 1974.

# VI. Old Business

# A. Status update on in-patient and out-patient treatment assessments and placement from the jail.

Chairman Duncan referred members to a letter from Judge Nancy Perez that included her investigation into the court ordered evaluations.

# B. Misdemeanor FTA bonds per F.S. 903.046

Ms. White stated that the first appearance judges are addressing the willful failure to appear cases now and are also addressing the \$2,000 bond misdemeanor cases. In reference to subsection 2(d) of Florida Statute 903.046, Ms. White suggested that the CJC prompt the legislature to revise the statute language to include "charged with a felony" in the

second sentence after "any defendant...". This would allow discretion on the misdemeanor cases. Chairman Duncan requested that Ms. White propose her suggested changes in writing, to collaborate with the State Attorney's office, and to come back to the Task Force at the end of summer. At that point the Task Force can decide to make a recommendation to the Criminal Justice Commission on any proposed legislative changes.

# VII. Additional Member and guest comments

Ms. White added for discussion the topic of violation of Supervised Own Recognizance (S.O.R.) cases. Of particular concern are the technical violations. She referred to a preliminary report prepared by the CJC staff that indicated there were 28% of people on S.O.R. technical violations in one month which would be approximately 26 people. She suggested that those persons come back for a first appearance hearing. Mr. Trotta explained that from the report, there are 26 people on S.O.R. that are in jail. These are in custody S.O.R. cases and not necessarily all technical violations; they could be no bond cases. This issue will be researched for further clarification and will be discussed at the next Task Force meeting.

Judge Chernow Brown mentioned that after a pilot project for felony VOP's was initiated, they had considered looking at misdemeanor VOP's. Their committee decided not to pursue the issue though. Chairman Duncan stated that those cases would consist of much larger dockets. Judge Chernow Brown, Barbara White, Judge Booras, Judge Basso Pardo, Elizabeth Parker, Jill Richstone, Charlie Trotta and Michelle Spangenberg will participate in a subcommittee meeting to discuss the in custody misdemeanor VOP's.

Chairman Duncan announced that there will be a joint meeting of the Alternatives to Incarceration Advisory Board and the Drug Court Operations Advisory Board on May 20th. Chairman Duncan also announced that the June and July Corrections Task Force/Public Safety Coordinating Council meetings are cancelled.
