PROGRAM OVERVIEW

The Resident Education to Action Program (REAP), under the umbrella of the Palm Beach County's Office of Community Revitalization (OCR), is a five-week, hands-on educational program providing community revitalization and civic leadership development training.

The program is open to all youth and adult neighborhood leaders, as well as any citizens who are interested in improving their neighborhoods.

Participants will be given the opportunity to apply for a grant to complete a small neighborhood improvement project through the "America's Next Top Neighborhood Award Grant Program."

The course and all materials are **FREE** but a commitment for the entire five-week course is required. Seating is limited and available on a first-come, first-served basis.

Sessions are facilitated using a variety of innovative techniques including group activities, lectures, guest speakers, individual outside work, and oral presentations.

REAP supports the formation of neighborhood associations and empowers residents to seek a better quality of life.

Through this course, residents will gain knowledge of innovative ways to solve neighborhood issues.

It's FREE, but space is limited.
