10/12	The Elder's Table Community outreach meeting	Community Primitive Baptist Church Delray Beach

Recent outreach efforts have been focused on targeting specific industries as well as small businesses and owners. These efforts have included calling small business owners and sending letters regarding the opportunities and benefits of the certification program at OEBO. As a result, we have been contacted by several potential vendors. New vendor, Cork and Fork, became registered and certified as a result of this targeted outreach. Specialists are in the process assisting other SMWBEs who are being contacted through these outreach efforts.
