A Type 3 Transfer authorizes a transfer to and from the IST Program Reserves.

Summary of Transfer Details:

The purpose of this transfer is to increase the Playground Replacement-Countywide project budgets by a total of \$1,700,000 to cover anticipated shortfalls in funding based on an inability to replace like for like models (some playground structures are 15-20 years old and it is impossible to find an exact replacement), cost of new product line, and current construction pricing. **PALM BEACH COUNTY
INFRASTRUCTURE SALES TAX TYPE 2 TRANSFER**

PROJECT:	Jog Road/Lake Ida to Boynton Beach	CATEGORY:	Resurfacing
PROJECT NO.:	2019806	DISTRICT NO:	5
CONSTRUCTION DEPARTMENT:	Engineering and Public Works	DEPT. TRANSFER #:	19-17
OPERATING DEPARTMENT:	Engineering and Public Works		

A Type 2 Transfer authorizes; 1) changes in an Approved Project Budget either by transfer to or from Department Reserves or another funding source or 2) re-prioritization of an Approved Project.

Summary of Transfer Details:

The purpose of this transfer is to increase the construction budget/funding for the "Jog Road from Lake Ida Rd. to Boynton Beach Blvd." resurfacing project. The project is currently funded within the IST program at \$1,800,000 in FY 2019. It has been determined that additional money is needed in order to complete the project. Resurfacing (RSF) projects generally include the following work activities; milling and paving, restriping the road, updating ADA (curb/cut) ramps to the latest standards, repairing damaged traffic loops, and sometimes conducting drainage repairs. It is noted that the original cost estimate for the project was completed years ago. It is also noted that construction costs continue to escalate, and several of our annual contracts have experienced an increase in unit costs. The anticipated cost to complete the project now totals \$2,200,000.

In summary, the funding for the project will be increased by \$400,000 from \$1,800,000 to \$2,200,000 through Engineering's IST Reserve account, all in FY19.

This Type 2 transfer will: (check all that apply)

- Authorize transfer to/from Departmental Reserves to an Approved Project Budget.
- Authorize from a non-IST funding source to supplement the Approved Project Budget.
- Document reprioritization of IST funded projects.
- Transfer funds from an Approved Project Budget to Departmental Reserve due to a project being completed prior to the IST Project Plan date with 100% non-IST funds.

CONSTRUCTION DEPARTMENT:	Engineering and Public Works	DEPT. TRANSFER #:	19-18
OPERATING DEPARTMENT:	Engineering and Public Works		

A Type 2 Transfer authorizes; 1) changes in an Approved Project Budget either by transfer to or from Department Reserves or another funding source or 2) re-prioritization of an Approved Project.

Summary of Transfer Details:

The purpose of this transfer is to increase the construction budget/funding for the "Pinehurst Dr. from Lake Worth Rd. to Forest Hill Blvd." resurfacing project. The project is currently funded within the IST program at \$500,000 in FY 2019. It has been determined that additional money is needed in order to complete the project.

Resurfacing (RSF) projects generally include the following work activities; milling and paving, restriping the road, updating ADA (curb/cut) ramps to the latest standards, repairing damaged traffic loops, and sometimes conducting drainage repairs. It is noted that the original cost estimate for the project was completed years ago. It is also noted that construction costs continue to escalate, and several of our annual contracts have experienced a significant increase in unit costs. In addition, this portion of Pinehurst Dr. included drainage repair costs of about \$40,000. The anticipated cost to complete the project now totals \$575,000.

In summary, the funding for the project will be increased by \$75,000 from \$500,000 to \$575,000 through Engineering's IST Reserve account, all in FY19.

This Type 2 transfer will: (check all that apply)

- Document reprioritization of IST funded projects.
- Transfer funds from an Approved Project Budget to Departmental Reserve due to a project being completed prior to the IST Project Plan date with 100% non-IST funds.
