19	WHEREAS, Section 163.3202, Florida Statutes, mandates the County
20	compile Land Development Regulations consistent with its Comprehensive Plan
21	into a single Land Development Code; and
22	WHEREAS, pursuant to this statute the Palm Beach County Board of County
23	Commissioners (BCC) adopted the Unified Land Development Code (ULDC),
24	Ordinance 2003-067, as amended from time to time; and
25	WHEREAS, the BCC desires to further amend the ULDC to provide Land
26	Development Regulations to establish the Scientific Community Overlay District
27	which allows for the development of a biotechnology research park, integrating a
28	biotechnology research institute with business, residential, and other
29	complementary support facilities; and
30	WHEREAS, the Land Development Regulation Commission has found these
31	amendments to the ULDC to be consistent with the Palm Beach County
32	Comprehensive Plan; and
33	WHEREAS, the Board of County Commissioners hereby elects to conduct its
34	public hearings on this Ordinance at 9:30 a.m.; and
35	WHEREAS, the BCC has conducted public hearings to consider these
36	amendments to the ULDC in a manner consistent with the requirements set forth
37	in Section 125.66, Florida Statutes.

F. SCO PIPD

1. Purpose and Intent

The SCO PIPD is intended to implement the SCO provisions of the Plan. The purpose of the SCO is to allow for research, development, manufacturing activities and support services within a sustainable community. The SCO requires an integrated mix of uses that provide support for a scientific community that promotes economic development, while preserving and enhancing natural resources.

2. Applicability

The provisions of the SCO PIPD shall apply to the SCO boundaries identified in the Plan.

3. Conflict with Other Applicable Regulations

If a conflict exists between the SCO provisions and other Articles in this Code, the SCO provisions shall prevail except where superceded by state or federal laws.

4. Application Requirements

a. Site Plan

BCC site plan approval for requested uses shall not be required, subject to the following:

- 1) The location of each requested use shall be depicted on the master plan.
- 2) A site plan shall be approved by the DRO for each requested use.

5. Property Development Regulations

a. Setbacks

- 1) The setback from property lines adjacent to a water management tract or open space 100 feet in width or greater may be reduced to zero, subject to the following conditions:
 - <u>a)</u> The adjacent water management tract or open space shall be located within the boundaries of the PIPD.
 - b) The portion of the building or structure to which the reduced setback is applied shall be located a minimum of 200 feet from the boundary of the PIPD.
 - c) The required landscape buffer may be waived, however, the landscape material that would have been required shall be relocated to other portions of the affected property, in accordance with an ALP.
- 2) Where a R-O-W buffer is required, the street setback may be reduced to the width of the R-O-W buffer.

b. FAR

The FAR within an individual pod may exceed the stated standard as long as the overall FAR of the entire project does not exceed 0.45 based on the net developable non-residential land area in the PIPD.

c. Density

The density shall be based on the gross residential land area for the overall PIPD, and any density provided through a density bonus program, with no minimum or maximum density for pods with residential uses.

1) Mixed Use

A minimum of 75 percent of the residential units allocated to a mixed-use pod shall be vertically integrated (located above non-residential uses).

d. Land Use Mix

The SCO PIPD shall not be subject to the provisions of Table 3.E.5.C-25 – PIPD Land Use Mix.
